- *Interest Earnings and Rebates.* Provides \$4.0 million GF each year, and \$1.0 million NGF each year, for higher education institutions related to interest earned on tuition and fees, and other non-general fund Educational and General revenues, as well as credit card purchase rebates. The funds allocated for this purpose will be disbursed once performance benchmarks have been met.

- **Compensation Supplements**

- *Employee Compensation Reserve Fund.* Includes a reserve account of \$69.1 million GF the first year and \$121.1 million GF the second year for a 3 percent compensation adjustment for state employees and a 2 percent compensation adjustment for state-supported local employees. The compensation increases are effective November 10, 2016 for state employees, and December 1, 2016 for state-supported local employees. In addition, the amounts include \$2.3 million GF the first year and \$4.0 million GF the second year for a salary compression initiative for State Police, effective November 10, 2016. The funds will be available for the compensation adjustment and salary compression initiative contingent upon FY 2016 revenues not being more than 1 percent below the official forecast, based on the Comptroller’s preliminary fiscal year-end analysis.

- ***Employer Health Insurance Premium Increases.*** Includes a net increase of \$45.6 million GF in FY 2017 and \$91.7 million GF in FY 2018 to fund the employers' share of the increase in health insurance premiums for the State Employee Health Insurance Program. The funding is based on an estimated 9.6 percent rate increase in FY 2017 and an 8.7 percent increase in FY 2018.
  
- ***VRS State Plans Employer Contribution Rate Reduction Savings.*** Includes a net reduction in funding for the four state Virginia Retirement System plans of \$10.0 million GF the first year and \$10.5 million GF the second year. The savings is the net result of two actions: 1) The introduced budget included \$11.5 million GF in FY 2017 and \$12.0 million GF in FY 2018 to increase employer retirement contribution rates for the four state employee plans to the VRS up to 100 percent of the VRS Board certified rates two years ahead of the phase-in schedule as specified in Chapter 823 of the 2012 Acts of Assembly, and 2) Chapter 780 of the 2016 Acts of Assembly (HB 30) captured savings of \$21.5 million GF the first year and \$22.5 million GF the second year due to the expedited payback of the employer contribution deferral from the 2010-12 biennium included in Chapter 732 of the 2016 Acts of Assembly (HB 29), a lump-sum payment of \$172.7 million GF was deposited into the VRS Trust Fund in FY 2016 representing the full repayment of the deferred employer retirement contributions.
  
- Additional funding of \$17.9 million GF the first year and \$67.8 million GF the second year is included under direct aid to public education to increase the retirement contribution rate for the teacher plan to approximately 90 percent of the Board rate in FY 2017 and 100 percent of the Board rate in FY 2018.
