Report of the Subcommittee on General Government and Technology

Senate Finance Committee
Virginia General Assembly

February 5, 2017
Mr. Chairman and Members of the Committee:

Your subcommittee has reviewed the provisions of Senate Bill 900, the budget bill, as introduced, for those portions of the budget that fall under the Subcommittee on General Government and Technology. While the area of General Government is expansive, touching several secretariats and dozens of agencies, the primary and overarching objective this year was to address employee compensation. We believe we have achieved that objective by endorsing the three percent pay increase for state employees – the largest in 9 years – while also proposing a significant investment in our State Police, additional funding for local Sheriffs and constitutional officers, and other state-supported local employees.

In this very brief report, I would like to focus on some key issues in the Legislative Department, the Judicial Department, the Office of Administration and Employee Compensation.

Legislative Department

Within the legislative department, we are addressing local fiscal stress through language directing the Auditor of Public Accounts to establish a workgroup to examine early warning indicators to help identify localities that may be experiencing fiscal distress. In addition, we are recommending language to instruct certified public accountants conducting local independent audits to notify local governing bodies, and the Commonwealth, through official written communication, when significant financial or internal control deficiencies are identified.
Judicial Department

Among the issues we examined within the Judicial Department is the current pay structure and duties of the clerks and deputy clerks of the Commonwealth’s district courts. The issue of compensation for these employees has been ongoing for several years. You will recall the introduced budget included $2.5 million the second year to address salary issues in this area. While this is a sizable investment in our clerks, upon further consideration of their responsibilities and of the continued pay disparity with their circuit court counterparts, we concluded that a more substantial salary action was warranted.

Therefore, the subcommittee recommends that $3.5 million in the second year for compensation for the district court deputy clerks. We further recommend that this be accomplished based on a plan to be approved by the Executive Secretary of the Supreme Court and approved by the Committee on District Courts.

Office of Administration

For the Compensation Board, we’re recommending the salary compression plan for sheriffs’ offices and regional jails contained in the budget as introduced. In addition, we support funding contained within the introduced budget for all qualified constitutional officers to participate in career development programs to encourage furthering their education, obtaining additional accreditations and enhancing their skills. These programs, which the Senate has supported in the past, provide salary supplements for constitutional officers who meet certain, well-defined performance and educational requirements, which should have a positive impact on constitutional officers’ quality of work and overall job performance.

Employee Compensation

In the area of employee compensation, there was consensus among the Committee that the 1.5 percent bonus effective December 2017 that was included in the Governor’s introduced budget was an insufficient acknowledgement of the outstanding work performed by our state employees. Given that, we are proposing a three percent pay increase for
state employees, effective July 10, 2017, which will be reflected in their August 1st pay. Adjusting for the “5 for 5” pay adjustment in 2012, this represents the largest increase in employee base pay since 2008.

For state-supported local employees, we are recommending a 2.0 percent salary increase. Many in this group are also the beneficiaries of some of the targeted pay initiatives we’ve proposed, including Sheriffs’ salary compression funding of $8.7 million, and career development funding of $3.9 million.

We’re also recommending several targeted pay initiatives for certain employee groups that continue to experience significant problems with recruitment and retention. As you’re aware, below market pay and high turnover can result in difficulty attracting and retaining employees, which can compromise morale, jeopardize service delivery, and cost the state money in terms of continual re-recruitment and training costs. These issues occur in some of the most critical areas of state government, such as our mental health and intellectual disability centers.

Because of this, the subcommittee is proposing $2.5 million to provide a four percent salary adjustment for certain high-turnover positions in our mental health facilities. These include nurses and direct care associates, who are the front-line service providers in these settings. This pay initiative is in addition to the three percent salary adjustment for state employees that I previously mentioned.

Also, I’d be remiss if I didn’t mention our State Police as another critical area for whom recruitment and retention issues have become a real concern. After reviewing the responsibilities and hiring requirements of sworn staff, as well as the existing compensation structure relative to other state and local law enforcement agencies, the subcommittee is recommending $14.3 million in funding for a comprehensive salary initiative. This initiative will include raising the starting salary of sworn employees from its current $36,207, to $43,000, which will make it competitive with most law enforcement agencies throughout the Commonwealth and ensure that State Police can continue to attract the most qualified applicants for the job. In addition, the recommended funding will allow for an adjustment of base pay for other, longer tenured sworn staff, at levels relative to the adjusted starting pay, and consistent with each
officer’s position and rank. This comprehensive pay initiative will position the Department of State Police well in terms of attracting and retaining highly productive and dedicated law enforcement professionals. This pay initiative is in addition to the three percent base salary adjustment for state employees.

Mr. Chairman, this completes the report of the Subcommittee on General Government and Technology.
Respectfully Submitted,

Clarify Reimbursement for Employee on Legislative Body

Language:
Page 7, line 12, after "employer.", insert:
"If such full-time employee who is a citizen member is required by his employer to take annual, family and personal, or other paid leave or unpaid leave to attend an official meeting under this paragraph, then such person shall be reimbursed for his reasonable and necessary expenses incurred by the body holding the meeting, or for meetings of advisory committees or advisory bodies, the body on whose behalf the meeting is being held, or by the entity that supports the work of the body."

Explanation:
(This amendment clarifies that a full-time state or local government employee serving on a legislative body will be reimbursed for his or her reasonable and necessary expenses when the employee is required by his or her employer to take leave to attend a meeting of the body because the service is personal and unrelated to the employee's full-time position.)

Joint Subcommittee on Local Government Fiscal Stress

Legislative Department
   General Assembly of Virginia

Language:
"T. A joint subcommittee is to be established to study local government fiscal stress. The joint subcommittee shall consist of 15 members that include eight legislative members and seven nonlegislative citizen members. Members shall be appointed as follows: three members of the Senate to be appointed by the Senate Committee on Rules; five members of the House of Delegates to be appointed by the Speaker of the House of Delegates in accordance with the principles of proportional representation contained in the Rules of the House of Delegates; three nonlegislative citizen members to be appointed by the Senate Committee on Rules upon consideration of the recommendation of the Virginia Municipal League, if any; and four nonlegislative citizen members to be appointed by the Speaker of the House of Delegates upon consideration of the recommendation of the Virginia Association of Counties, if any. Nonlegislative citizen members shall be citizens of the Commonwealth of Virginia. Unless otherwise approved in writing by the chairman of the joint subcommittee and the respective Clerk, nonlegislative citizen members shall only be reimbursed for travel originating and ending within the Commonwealth of Virginia for the purpose of attending meetings. If a companion joint resolution of the other chamber is agreed to, written authorization of both Clerks shall be required. The joint subcommittee shall elect a chairman and vice-chairman from among its membership, who shall be members of the General Assembly.

In conducting its study, the joint subcommittee shall review (i) the taxing authorities of local governments, including the disparity between city and county tax authority; (ii) local responsibilities for service delivery of state-mandated or high priority programs, (iii) causes of fiscal stress among local governments, (iv) the current state tax system, including the future of the car tax; and (v) potential financial incentives and other governmental reforms to encourage increased regional cooperation and consolidation of services.

Administrative staff support shall be provided by the Office of the Clerk of the Senate. Legal, research, policy analysis, and other services as requested by the joint subcommittee shall be provided by the Division of Legislative Services. All agencies of the Commonwealth shall provide assistance to the joint subcommittee for this study, upon request.

The joint subcommittee shall be limited to four meetings for the 2017 interim and four meetings for the 2018 interim.

No recommendation of the joint subcommittee shall be adopted if a majority votes against the recommendation.

The joint subcommittee shall complete its meetings for the first year by November 30, 2017, and for the second year by November 30, 2018, and the chairman shall submit to the Division of Legislative Automated Systems an executive summary of its findings and recommendations no later than the first day of the next Regular Session of the General Assembly for each year. Each executive summary shall state whether the joint subcommittee intends to submit to the General Assembly and the Governor a report of its findings and recommendations for publication as a House or Senate document. The executive summaries and reports shall be submitted as provided in the procedures of the Division of Legislative Services.
Automated Systems for the processing of legislative documents and reports and shall be posted on the General Assembly's website. Implementation of this resolution is subject to subsequent approval and certification by the Joint Rules Committee. The Committee may approve or disapprove expenditures for this study, extend or delay the period for the conduct of the study, or authorize additional meetings during the 2017 or 2018 interims.

**Explanation:**

(This amendment establishes a joint subcommittee tasked with identifying issues and potential solutions related to local fiscal stress.)

**APA to Establish Workgroup to Address Local Fiscal Distress**

**Legislative Department**

Auditor of Public Accounts

**Language:**

Page 13, after line 7, insert:

"E.1. The Auditor of Public Accounts shall establish a workgroup to develop criteria for a preliminary determination that a local government may be in fiscal distress. Such criteria shall be based on information regularly collected by the Commonwealth or otherwise regularly made public by the local government. Fiscal distress as used in this context shall mean a situation whereby the provision and sustainability of public services is threatened by various administrative and financial shortcomings including but not limited to cash flow issues, inability to pay expenses, revenue shortfalls, deficit spending, structurally imbalanced budgets, billing and revenue collection inadequacies and discrepancies, debt overload, and/or lack of trained and qualified staff to process administrative and financial transactions. Fiscal distress may be caused by factors internal to the unit of government or external to the unit of government and in various degrees such conditions may be controllable by management or uncontrollable by management.

2. Based on the criteria established by the workgroup, the Auditor of Public Accounts shall establish an early warning system. Under the early warning system, the Auditor of Public Accounts shall establish a regular process whereby it reviews data on at least an annual basis to make a preliminary determination that a local government is in fiscal distress.

For local governments where the Auditor of Public Accounts has made a preliminary determination of fiscal distress based on the early warning system criteria, the Auditor of Public Accounts shall notify the governing body of its preliminary determination that they meet the criteria for fiscal distress. Based on the preliminary determination based on the
early warning system or the request of the local government, the Auditor of Public Accounts may conduct a review and request documents and data from the local government. Such review shall consider factors including, but not limited to, budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas, and, if so, the scope of the issues involved. After such review, if the Auditor of Public Accounts is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor, the Chairsof the House Appropriations Committee and the Senate Finance Committee and the governing body of the local government in writing outlining specific issues or actions that need to be addressed by state intervention.

3. The notification issued by the Auditor of Public Accounts pursuant to paragraph 2 above shall satisfy the notification requirement necessary to effectuate the provisions of §4-1.05 6. of this act."

Explanation:

(This amendment directs the APA to establish a workgroup to develop a system of identifying and addressing localities that are experiencing or may experience fiscal distress.)

Richmond Tourism Project Balances

Transfers

Interfund Transfers

Language:

Page 525, following line 41, insert:
"LL. On or before June 30, 2017, the State Comptroller shall transfer to the general fund an amount estimated at $1,500,000 from the appropriation authorized in Item 468 I.1.of Chapter 2 of the 2014 Special Session 1 of the Virginia General Assembly for a tourism related project in the City of Richmond.".

Explanation:

(This amendment reverts $1.5 million in unexpended balances from the Lumpkin's Pavilion tourism project originally authorized in June 2014, leaving a balance of $500,000. To date less than $300,000 has been requested for reimbursement by the City of Richmond. A companion amendment in Item 476 authorizes an additional $1.5 million that would be eligible to claim in the next biennium if the City of Richmond is able to meet the terms and conditions previously established.)

Item 4-1.05 #1s

Reserve for Local Fiscal Distress

Appropriations

Reversion of Appropriations and Reappropriations

Language:

Page 538, after line 49, insert:
"6.a.1 The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in this Act as of June 30, 2017, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15, 2017, to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee.

b. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to $500,000 from amounts which would otherwise revert to the balance of the general fund to establish a component of fund balance which may be used for the purpose of providing technical assistance and intervention actions
for local governments deemed to be fiscally distressed and in need of intervention to address such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of fiscal year 2017 and thereafter, to the extent that such reserve is not used or added to by future appropriation actions.

c. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairs of the House Appropriations Committee and the Senate Finance Committee must receive a notification from the Auditor of Public Accounts that a specific locality is in need of intervention because of fiscal distress and a statement by the governing body of that local government that it agrees with the finding and is willing to cooperate with intervention. The Auditor of Public Accounts may issue such a notification upon receipt of audited financial or other information that indicates the existence of fiscal distress. No notification shall be made with a review by and the opinion of the Auditor of Public Accounts that such fiscal distress indeed exists. Such notification may also be issued by the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in question.

d. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific local government, the Governor shall consult with the Chairs of the House Appropriations Committee and the Senate Finance Committee about a plan for state intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the Governor for intervention should, at a minimum, specify the purpose of such intervention, the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The staffing necessary to carry out the intervention plan may be assembled from either public agencies or private entities or both and the Governor may use an expedited method of procurement (sole source) to secure such staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

e. The governing body and the elected Constitutional Officers of a locality subject to an intervention plan approved by the Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairman of the House Appropriations Committee and the Senate Finance Committee outlining the scope of issues discovered and any progress to remediate such issues. These periodic reports shall specifically address the degree of cooperation the intervention team is receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local personnel in regards to their intervention work.

f. The Department of General Services is hereby encouraged to develop a master contract of qualified vendors that the Governor can use to procure intervention services in an
expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress."

Explanation:

(This amendment directs the Department of Planning and Budget to identify unexpended general fund appropriations related to aid-to-localities as of June 30, 2017, and provide this information to the Chairmen of the House Appropriations and Senate Finance Committees. From such unexpended balances, the Governor is authorized to reappropriate up to $500,000 from amounts that would otherwise revert to the general fund balance to establish a cash reserve for the purpose of providing technical assistance and intervention actions for local government in need of such assistance or intervention related to fiscal distress. In addition, the Auditor of Public Accounts is required to notify the Chairmen of the House Appropriations and Senate Finance Committees of instances of local fiscal distress requiring action, and consult with the Committees prior to action and the expenditure of funds from the reserve.)
