# Proposed Amendments to the 2016-18 Budget

The proposed amendments to the 2016-18 budget (HB/SB 29) include \$294.4 million in general fund resources above those assumed in Chapter 836 of the 2017 Acts of Assembly. These resources include: (1) a \$134.9 million upward revision to the general fund revenue forecast; (2) transfer reductions totaling \$18.1 million; and, (3) a net balance adjustment of \$177.7 million. When combined with the \$8.4 million unappropriated balance contained in Chapter 836, the net adjustments provide \$302.8 million in available unappropriated resources. With these adjustments, general fund resources and transfers in FY 2018 total \$20.7 billion.

HB/SB 29 includes proposed net spending of \$101.2 million. Proposed spending utilizes only about one-third of the increases in available resources, leaving a balance of \$201.6 million to be carried forward into the next biennium in HB/SB 30.

## Changes in Revenue

FY 2017 revenue collections exceeded the estimate by \$134.1 million, with growth of individual withholding taxes and corporate income taxes well ahead of the forecast, offsetting shortfalls in nonwithholding and sales tax collections. As a result, FY 2018 general fund revenues have to increase only 2.7 percent to meet the budget forecast in Chapter 836, compared to the economic-based assumption of 3.4 percent growth.

The fall revenue reforecasting process resulted in an estimated GF growth rate of 3.7 percent, an increase of \$184.7 million based on the recommendations of the Governor’s Advisory Council on Revenue Estimates (GACRE). The revenue forecast was subsequently reduced by \$49.8 million, reflecting a \$47.3 million shortfall in the revenues anticipated to have been generated by the recently completed Tax Amnesty program and a reduction of \$2.5 million resulting from conformity with federal tax changes which increase the deductions for charitable contributions to encourage support for hurricane relief efforts. The net result is a 3.4 percent adjusted growth rate in FY 2018, with the majority of the adjustments attributable to the higher than anticipated FY 2017 base, and little change to the underlying economic assumptions.

Adjustments to the revenue forecast contained in HB/SB 29 yield additional general fund revenues of \$134.9 million in FY 2018, representing growth of 3.4 percent. Year-to-date revenue growth through November was 4.9 percent, with three of the largest sources – sales, withholding and corporate income taxes – exceeding the forecast. Year-to-date, the only weaknesses have been in non-withholding and recordation taxes.

## **Changes in Transfers**

Proposed net transfer adjustments in HB/SB 29 reduce total transfers by \$18.1 million and include a \$4.8 million increase in the estimated sales tax transfer for K-12 education based on an overall increase in the sales tax forecast; offset by reductions of \$24.0 million, the majority of which reflects the early receipt of funds from the Volkswagen and Kia-Hyundai settlements which were received in FY 2017 and were therefore, already included in the FY 2018 beginning balance. Other adjustments include a proposal to increase by \$500,000 the amounts the Office of the Attorney General may retain from the Regulatory, Consumer and Litigation Fund, an increase of \$1.6 million being retained by the Department of Game and Inland Fisheries from watercraft sales tax collections, and a reduction in the assumed transfer from the Court Debt Collection program of \$2.1 million.

## **Changes in Net Balance**

The general fund cash balance reported by the State Comptroller at the close of FY 2017 was \$1.4 billion. This includes an unexpended GF appropriated balance of \$354.8 million; a \$128.1 million carry-forward balance assumed in Chapter 836; revenue collections in excess of the forecast totaling \$134.1 million; and other nongeneral fund cash on deposit in the Treasury that is counted as general fund according to the Government Accounting Standards Board (GASB).

From these balances, the Comptroller set aside mandatory restrictions totaling \$557.1 million. The majority relates to the \$548.8 million balance in the Revenue Stabilization Fund as well as balances in the Lottery Proceeds Fund of \$4.0 million and \$4.3 million of Water Supply Assistance Grant Funds. After adjusting the balance for these liabilities, and for payments awaiting disbursement, the unrestricted general fund cash balance totaled \$782.7 million, approximately \$654.7 million more than assumed in Chapter 836.

The new adjustments to the unrestricted balances are committed under statutory requirements, and distributions include the reappropriation of \$105.8 million in FY 2017 GF capital and capital planning funds, \$111.2 million in mandatory and discretionary GF agency balances. Also included is \$63.7 million from the Local Communications Sales and Use Tax and the Virginia Health Care Fund. A total of \$121.4 million is set aside for the revenue cash reserve established in Chapter 836 to provide additional liquidity to address potential revenue shortfalls.

An additional \$22.5 million will be used to satisfy the statutory requirement that 10 percent of year-end surpluses and uncommitted balances be appropriated to the Water Quality Improvement Fund in FY 2019.

Finally, after a number of technical amendments are made to reconcile the Comptroller's year-end balance with amounts already captured in the approved budget, and to remove NGF's that are reported as GF resources due to Governmental Accounting Standards Board requirements, the net balance change totals \$654.7 million.

## Judicial

- **Judicial Department Reversion Clearing Account**
  - *Criminal Fund Balance Reversion.* Recommends the reversion of \$1.5 million in FY 2017 Criminal Fund balances to the general fund.

## Executive

- **Attorney General and Department of Law**
  - *Increase Revolving Trust Fund Appropriation.* Proposes increasing the non-general fund appropriation of the Regulatory, Consumer Advocacy, Litigation, and Enforcement Revolving Trust Fund. Additionally, the action proposes reducing GF resources by \$500,000 related to year-end balances of the Fund, as a result of increasing the NGF appropriation. There is a corresponding action in HB/SB 30 that increases the Revolving Trust Fund appropriation for fiscal years 2019 and 2020. An amendment to the 2016-18 budget adopted by the 2017 General Assembly, lowered the NGF appropriation related to the Revolving Trust Fund from \$1.25 million to \$750,000. This proposal would restore the NGF appropriation in the Fund to its previous amount.

## Administration

- **Compensation Board**
  - *Revert Excess Funding for Sheriffs' Salary Compression Initiative.* Reverts excess funding of \$1.1 million GF related to the targeted salary compression initiative for Sheriffs' office employees, based on a revised estimate of the number of local and regional jail office employee recipients. Funding of \$7.3 million GF was provided in Chapter 836 for the targeted salary initiative for sworn and non-sworn employees, effective August 1, 2017.
- **Administration of Health Insurance**
  - *Reduce Appropriation for State Health Insurance Fund.* Reduces the nongeneral fund appropriation for the State Health Insurance Fund (HIF) by \$200.0 million to

better align the HIF fund appropriation with the most recent assumptions in health care costs provided by the agency's actuary.

- ***Increase Appropriation for Line of Duty Act (LODA) Health Benefits Program.*** Increases the nongeneral fund appropriation for the LODA Health Benefits Program by \$20.0 million to support anticipated claims and administrative costs. Pursuant to Chapter 677 of the 2016 Acts of Assembly, effective July 1, 2017, all LODA Health Benefits Plans are administered by the Department of Human Resource Management (DHRM) in order to provide consistent coverage for all LODA-disabled persons, LODA-eligible spouses, and LODA-eligible dependents.
- ***Increase Appropriation for The Local Choice Health Benefits Program.*** Increases the nongeneral fund appropriation of The Local Choice (TLC) health benefits program by \$45.2 million to support anticipated claims and administrative costs. The TLC program is an optional program that offers health benefit coverage to employees and retirees, and their dependents, of localities, local school divisions, and other political subdivisions.

## **Agriculture and Forestry**

- **Department of Agriculture and Consumer Services**
  - ***Wine Promotion Fund.*** Proposes an additional \$256,198 GF in the current year of funds deposited to the Virginia Wine Promotion Fund from the dedicated sales taxes generated by the wine liter taxes attributable to the sale of Virginia wine, bringing total deposits to \$2.3 million in FY 2018.

## **Commerce and Trade**

- **Economic Development Incentive Payments**
  - ***Pulp, Paper, and Fertilizer Advanced Manufacturing Performance Grant Fund.*** Eliminates the \$2.0 million GF deposit to the Pulp, Paper, and Fertilizer Advanced Manufacturing Grant Fund for Tranlin based on updated investment and job creation totals.

# Public Education

The Governor's proposed amendments to Direct Aid to Public Education decrease the general fund amount by a net of \$57.3 million while increasing nongeneral funds by \$51.7 million in FY 2018, primarily reflecting additional Lottery Proceeds and savings from lower than projected enrollments.

- **Direct Aid to Public Education**

*GF Increases*

- Adds \$1.6 million GF for the actual English as a Second Language student membership count.
- Adds \$1.1 million GF to restore FY 2018 funds as a result of a FY 2017 shortfall. In FY 2017, an administrative adjustment was processed to transfer funds from FY 2018 to FY 2017 to avoid a proration of payments to school divisions.
  - The Department of Planning and Budget (DPB) reported that DOE received a discretionary carryforward balance of \$271,300 GF that could be earmarked to offset a portion of the administrative adjustment.
- Increases funding by \$728,263 GF based on the latest sales tax revenue projection, which increased the estimated forecast by \$1.7 million, offset by a corresponding decrease of \$929,938 in Basic Aid funding representing the state's share of about 55 percent of the savings.
- Adds a net amount of \$384,476 GF to adjust for an update to the erroneous source data for the City of Charlottesville used to calculate the city's 2016-2018 biennium composite index of local ability-to-pay.
  - A similar data error that would have resulted in a reduction of \$883,331 GF in funding for Roanoke County was also discovered. However, the introduced budget proposes a new language provision for a "hold harmless" exception and did not reflect the corrected adjustment to Roanoke County's funding for the error.
- Adds \$285,000 GF, offset by a like amount of NGF decrease that is based on a projected reduction in Department of Motor Vehicle revenues available to fund the portion of Basic Aid that supports the costs for driver education courses offered in some high schools.

- Adds \$229,992 GF for the traditional school breakfast incentive payments based on the actual number of meals served during the 2016-2017 school year, for a revised total of \$5.7 million in FY 2018.

#### *GF Decreases*

- Adjusts funding to reflect an increase of \$52.0 million in the revised forecast of Lottery Proceeds for FY 2018, and the general fund revenue is offset by a like amount.
  - The additional \$52.0 million in lottery revenues is generated from revising the Lottery Proceeds Fund estimated forecast up by an additional \$40.2 million. The remaining \$11.8 million is attributed to unallocated lottery revenue collected in FY 2017 and carried forward into FY 2018.
- Captures \$5.0 million GF based on a projected decrease of 1,099 students compared to the projected 1,248,936 ADM reflected in Chapter 836 of the 2017 Acts of Assembly due to the updates for the actual March 31, 2017 ADM and fall membership counts for September 30, 2017. The revised projected FY 2018 ADM is estimated to be 4,737 students higher than the actual ADM reported for March 31, 2017, an increase of 0.38 percent over the prior year.
- Also captures: \$2.0 million GF to reflect actual enrollment in Remedial Summer School; \$1.1 million from Categorical accounts, primarily from special education homebound, a decrease of \$209,479, and state-operated programs, a decrease of \$881,727; \$1.0 million GF across nine Lottery-funded accounts; \$457,500 based on the actual number of national board certified teachers; a net \$59,902 from Governor's Schools update.

## Finance

- **Department of Accounts Transfer Payments**

- Distribution of Rolling Stock Taxes to Localities. Decreases the appropriation for the distribution of payments to localities for rolling stock taxes by \$570,000 GF.
- Adjust Funding for the TVA Payments in Lieu of Taxes. Reduces by \$100,000 GF the distribution to the Tennessee Valley Authority (TVA) for payments in lieu of taxes to reflect current revenue projections.

- **Treasury Board**

- Debt Management Savings. Captures net debt service savings of approximately \$24.3 million GF related to the refunding of General Obligation, Virginia Public Building Authority, and Virginia College Building Authority Bonds.

## Health and Human Resources

- **Children’s Services Act (formerly Comprehensive Services for At-Risk Youth and Families)**

- *Adjust Funding for Children’s Services Act (CSA).* Reduces \$1.4 million GF in FY 2018 to reflect the latest forecast of expenditures for the CSA program. Overall, the program continues to grow based on caseload and the cost of services for those cases. Factoring in this minor adjustment to program spending, expenditures are still projected to increase by 6.7 percent in FY 2018. Expenditure growth in FY 2017 was 5 percent.

- **Department of Medical Assistance Services (DMAS)**

Forecast Changes

- *Medicaid Utilization and Inflation.* Adds \$86.7 million GF and \$198.3 million NGF in FY 2018 to fund increases in enrollment and medical costs for the Medicaid program. Medicaid spending is expected to increase by 7.8 percent in FY 2018, well

above the 4.1 percent growth projected in the November 2016 Official Medicaid Forecast. Spending growth in the program is largely due to enrollment and increased supplemental payments to hospitals (approximately \$180.0 million). Medicaid enrollment grew 2 percent in FY 2017 and so far in FY 2018 is up 2.7 percent.

- ***Adjust Appropriation for the Virginia Health Care Fund.*** Proposes to reduce the appropriation by \$40.5 million GF in FY 2018 and add a like amount of nongeneral funds each year to reflect changes in revenues to the Virginia Health Care Fund. Revenues from the Fund are used as a portion of the state's match for the Medicaid program; therefore, higher revenues result in a reduction of the general fund appropriation needed to maintain currently-funded Medicaid services. Conversely, lower revenues require additional general fund support. Revenues in the fund are derived from tobacco taxes, Medicaid recoveries and revenue maximization initiatives, and a portion of the Master Tobacco Settlement Agreement (41.5 percent of tobacco settlement revenues). Changes to the fund include:
  - An increase of \$6.8 million in Medicaid recoveries,
  - An increase of \$14.8 million in expected pharmacy rebates,
  - A decrease of \$9.2 million projected reductions in tax collections from cigarettes and other tobacco products.
  - An increase of \$28.1 million to reflect the cash balance carried over from FY 2017.
- ***Family Access to Medical Insurance Security (FAMIS) Utilization and Inflation.*** Increases spending by \$2.7 million GF and \$19.9 million NGF from federal matching funds in FY 2018 to reflect the forecast of expenditures for the FAMIS program. The higher forecast is mainly due to increasing caseload and managed care rate changes. FAMIS enrollment of children increased by 4.9 percent in FY 2017 and through December 1, 2017, average monthly enrollment for FY 2018 is up 8.6 percent for children. The federal match rate for FAMIS increased from 65 percent to 88 percent beginning October 1, 2015. The FAMIS program serves pregnant women and children under the age of 19 in families with income between 133 and 200 percent of poverty.
- ***Adjust Funding for Involuntary Mental Commitments.*** Proposes \$2.2 million GF in FY 2018 to fund expected expenditure growth in the program as a result of higher caseloads for hospital and physician services related to involuntary mental health commitment hearings. The legislation required by the 2014 General Assembly related to the duration of emergency custody and temporary detention orders have resulted in higher than anticipated additional costs for these medical services.

- ***Medicaid Children's Health Insurance Program (CHIP) Utilization and Inflation.*** The proposed budget adds \$654,928 GF and \$4.8 million NGF in FY 2018 to reflect the forecast of expenditures in the Medicaid CHIP program. As with the FAMIS program, the growth is mainly due to increasing enrollment in the number of children served by the program and managed care rate changes. Enrollment in the Medicaid CHIP program increased by 5.3 percent in FY 2017 and through December 1, 2017, average monthly enrollment for FY 2018 is up 11.7 percent. The federal match rate for FAMIS increased from 65 percent to 88 percent beginning October 1, 2015. The Medicaid CHIP program provides services for Medicaid-eligible low-income children, aged 6 – 18, living in families with incomes between 100 and 133 percent of the federal poverty level.

### ***Other Amendments***

- ***Fund Administrative Costs Associated with Medicaid Expansion.*** The introduced budget proposes \$611,953 GF and \$1.1 million in matching federal Medicaid funds in FY 2018 for administrative costs related to expanding Medicaid to individuals with income up to 138 percent of the federal poverty level pursuant to the Patient Protection and Affordable Care Act by October 1, 2018. These costs are related to new staff and other contractual costs, such as actuarial services, for activities that must take place prior to the date the program expansion actually takes place.
- ***Fund Mailings Related to the Launch of the New Medallion 4.0 Managed Care Program.*** Proposes \$500,000 GF and \$500,000 in federal Medicaid matching funds in FY 2018 to fund mailings to Medicaid enrollees related to the start of the new Medallion 4.0 managed care program that will begin August 1, 2018. The programmatic changes as part of this new program will require an estimated six notices to be mailed to over 740,000 enrollees.
- ***Use Civil Money Penalty Funds to Improve Patient Care in Nursing Facilities.*** Adds \$700,000 NGF in FY 2018 to support quality improvement initiatives at nursing facilities. Civil Money penalties are collected from nursing facilities that are found to be out of compliance of federal standards. These funds provide an emergency source of funds in cases of sudden nursing facility closures when resources are necessary to relocate residents. The proposed funding uses only a portion of the revenue collected.
- ***Authorize a Provider Assessment on Hospitals.*** Language is included in Part 3 proposing to create a hospital provider assessment, that will be assessed in FY 2019, that applies to only private acute care hospitals (excludes public, freestanding psychiatric and rehabilitation, children's, long stay, long term acute care and critical access hospitals). The assessment will be calculated annually by May 1. Each hospital's assessment will be based on the assessment percentage times net patient

service revenue. The assessment percentage for each hospital is calculated by taking 1.08 times the non-federal share of the full cost of expanded Medicaid coverage divided by hospital net patient service revenue. The estimated cost of the coverage expansion for which the provider assessment would be based is \$80.8 million in FY 2019 and \$226.1 million in FY 2020.

- **Department of Behavioral Health and Developmental Services**

- *Fund Increasing Caseload for Part C Early Intervention Services.* Proposes \$881,716 GF in FY 2018 to cover the costs of the increasing caseload for the program. The program has been growing on average by 5 percent a year over the past six years. The program provides early intervention services to children from birth to 2 years old with a developmental delay or at-risk of a developmental delay. This program is part of the federal Individuals with Disabilities Education Act.
- *Fund Temporary Beds for Sexually Violent Predators with Significant Medical Needs.* Proposes \$213,847 GF and 20 positions the second year to staff and operate 22 temporary beds for VCBR residents with significant medical needs. The temporary beds will be located at Piedmont Geriatric Hospital. The census at the VCBR is projected to be over capacity in 2018. Funds, staff and residents will be transferred back to the VCBR once the planned expansion is completed in FY 2021.

- **Department of Social Services**

- *Fund Projected Information Technology Costs.* The introduced budget adds \$4.2 million GF and \$4.2 million NGF the second year for projected information systems operating costs through VITA and other systems costs related to the transition from the UNISYS system to the Virginia Case Management System. The agency is experiencing system redundancy costs as it terminates use of the UNISYS mainframe, which was not accounted for in VITA base budget adjustments that were proposed in Central Accounts.
- *Backfill Loss of Nongeneral Fund Revenues for Child Support Enforcement Operations.* Proposes an addition of \$3.0 million GF and reduces \$3.5 million NGF the second year for child support enforcement operations. Nongeneral fund revenues come from allowable retained child support collections on behalf of TANF recipients. Federal law allows the program to retain any child support payments in excess of \$50 each month for operating costs if the family receives TANF assistance in addition to child support.

As the TANF caseload continues to decrease, the amount of child support collected on the families' behalf also declines. TANF collections declined by about 10 percent in FY 2017 and are estimated to decline by an additional 6 percent in FY 2018. These retained collections are used to provide the state match for federal child support

enforcement funding, which are available at a two-to-one federal-to-state match rate. This action assumes that the Division of Child Support Enforcement will continue to hold about 10 percent of its positions vacant as part of its efforts to increase efficiency.

- ***Foster Care and Adoption Forecast.*** Proposes \$2.2 million GF and \$4.1 million NGF in FY 2018 for forecast changes to the foster care and adoption subsidy programs. Adoption subsidies are projected to increase by \$1.9 million GF and \$3.9 million in federal Title IV-E funds, however the general fund increase is offset by the projected decline in state adoption subsidies. Title IV-E foster care expenditures are expected to increase by \$2.2 million GF and \$2.2 million NGF.
- ***Fund Increase in TANF Unemployed Parents Program.*** Proposes \$796,839 GF in FY 2018 to fund the forecast of costs in the unemployed parents' cash assistance program.
- ***Fund Rent Increases for Regional Offices.*** Proposes funding of \$331,919 GF and \$417,041 NGF the second year to support increases in rent for regional offices whose leases are set to expire.
- ***Adjust Appropriation for Local Staff and Operations.*** Proposes \$27.0 million NGF in FY 2018 to reflect a projected increase in federal appropriations for local DSS staff and operations. Federal funding is provided based on an agreed upon cost allocation formula which captures workload of local staff for programs which have shared federal and state funding responsibility.
- ***Adjust Appropriation for Supplemental Nutrition Assistance Program (SNAP) Employment and Training Pilot Grant.*** Proposes reducing \$3.9 million NGF the second year from an appropriation for a federal grant award to the state for a pilot program. The purpose of this pilot program was to increase the number for SNAP recipients that obtain employment and increase the income of those employed with the ultimate goal of reducing reliance on SNAP benefits. The 3-year pilot program will be completed by December 31, 2018.
- ***Add Federal Child Care And Development Fund (CCDF) Funds for Child Care Subsidies and Improvements.*** Proposes adding \$1.1 million NGF in FY 2018 from the federal CCDF awarded to the agency for child care subsidies and child care quality improvement activities. Out of this funding, \$500,000 NGF will be used in underserved areas to increase the number of subsidies. The remaining funding will be used to address increased need for quality rating system (QRS) services to providers who are now required to participate in the QRS due to new federal program standards for the Head Start program.
- ***Increase Appropriation for Virginia Birth Father Registry Program.*** Proposes an increase of \$100,000 NGF the second year from the Virginia Birth Father Registry

Program for increased marketing about the registry. The program was created by the 2006 General Assembly to allow putative fathers to register with the Commonwealth and entitles them to notice if a child is conceived and placed for adoption.

- Capture Surplus in Funding from the Auxiliary Grant Program. Reduces \$1.8 million GF the second year for the Auxiliary Grant program. Fewer individuals are expected to participate in the program. Expenditures in the program have declined steadily in recent years.
- Adjust TANF Funding to Account for Providing Mandated Benefits. Proposes a net reduction in TANF spending of \$20.5 million NGF due to the continued decline in the TANF caseload. The following table details the changes from Chapter 836 of the 2017 Acts of Assembly.

- **Department of Marine Resources**
  - *Increase Funding for Tangier Island Seawall.* Reduces the appropriation required to match federal Army Corps of Engineers grants for the Tangier Island seawall project from \$226,000 to \$50,000 to reflect available federal funding and shifts in the project schedule.

## Public Safety and Homeland Security

- **Department of Alcoholic Beverage Control**
  - *Net Profit Transfer.* Proposes a language amendment in Part 3 to increase the FY 2018 net profit transfer by \$1.1 million over the amount assumed in Chapter 836 of the 2017 Acts of Assembly.
- **Department of Corrections**
  - *Inmate Medical Costs.* Recommends an additional \$5.0 million GF in FY 2018 for increased inmate medical costs.

A companion amendment in HB/SB 30 proposes \$1.2 million GF over the biennium to increase staffing in the controlled substances section to address the section's backlog.

# Technology

- **Virginia Information Technologies Agency**
  - *Virginia Enterprise Applications Program.* Provides \$2.25 million GF to repay a working capital advance owed for costs incurred by the Virginia Enterprise Applications Program. The contract supporting the repayment ended before the working capital advance was fully repaid.
  - *Information Technology Shared Security Service Center.* Adjusts the Shared Security Center appropriation increasing the amount by \$722,000 NGF as a result of additional agencies signing up for the agency-provided service.

# Transportation

- **Department of Motor Vehicles**
  - *Increase Appropriation to Fund Real ID Compliance Costs.* Increases the nongeneral fund appropriation to the department by \$1.5 million and authorizes an increase in 25.00 FTE positions to allow the agency to begin issuing federally compliant driver's licenses beginning October 1, 2018. Companion action in Part 3 of the caboose bill provides DMV a line of credit of \$20.7 million which is anticipated to be repaid by a one-time additional charge of \$10.00 for each federally-compliant credential issued.
- **Department of Transportation**
  - *Align Appropriations with Revenue Forecast.* Proposes an additional \$359.5 million NGF in the current year to align expenditures with the revised revenue forecast approved by the Commonwealth Transportation Board. - *Provide Appropriation for the Slavery and Freedom Heritage Project.* Proposes \$1.2 million GF for expected project expenditures for the City of Richmond to develop the Slavery and Freedom Heritage site, and make improvements to Lumpkin’s Pavilion and the Slave Trail. The amendment also modifies language in the item to direct the re-appropriation of unexpended general fund balances, as of June 30, 2018, that were appropriated for the purpose of supporting the City of Richmond in the development of the Slavery and Freedom Heritage site. Previously, those unexpended general fund amounts reverted to the general fund.
- *Line of Duty Act Cost Adjustment.* Reduces the appropriation by \$198,774 GF to reflect the adjustment of funding provided to state agencies for the actual premiums charged for the line of duty act program. This amount reflects a savings from the line of duty act premiums provided by the Virginia Retirement System.
- *Adjust Funding for Agency Information Technology Costs.* Reduces by \$4.7 million the general fund share of cost for information technology and telecommunications

usage by state agencies. The reduction is based on current agency utilization estimates provided by the Virginia Information Technologies Agency for 2018.

## Independent

# Overview of the Governor's Recommendations for the 2018-20 Budget

The proposed budget for 2018-20 provides a net increase of \$1,717.0 million GF in the operating budget above the current base budget, plus \$15.0 million in cash funding for capital outlay. Approximately \$1,744.1 million in additional resources over the base are available for appropriation. The introduced budget assumes an unappropriated balance of \$12.1 million.

## Revenues

The proposed 2018-20 budget includes \$42.4 billion in general fund resources available for appropriation. The budget, as introduced, includes \$201.6 million as a projected unspent balance at the end of the 2016-18 biennium, resulting primarily from the revised revenue forecast for FY 2018.

The 2018-20 general fund revenue forecast assumes “economic” growth rates of 4 percent in each year, after taking into account a reduction of \$3.3 million based on proposed federal tax policy changes, and an assumed increase of \$18.5 million from an effort to expand audits of individual tax payers, resulting in projected collections of \$40,988.8 million over the biennium. The forecast assumes that growth will remain steady, but Virginia will continue to underperform the nation as the impact of federal budget actions dampens the Virginia economy due to the large military presence and heavy reliance on federal procurement spending.

*Executive Offices.* The proposed budget for Executive Offices increases by a net \$3.4 million GF, and a net \$10.3 NGF over the biennium. Of the total proposed general fund increases, \$403,000 each year is to increase base operating appropriation in the Consumer Protection Section due to insufficient nongeneral fund appropriations. Of the total nongeneral fund increases, \$500,000 is proposed each year to increase appropriation for the Regulatory, Consumer Advocacy, Litigation and Enforcement Revolving Trust Fund, as well as \$2.7 million the first year and \$3.0 million the second year in appropriation for indirect cost recoveries and federal funds.

*Administration.* The proposed budget for Administration results in a net increase of \$45.3 million GF for the biennium compared to the base budget. The nongeneral fund appropriations to the Administration agencies are adjusted by over \$1.2 billion over the biennium, primarily driven by establishing an appropriation for the claims and administrative costs associated with the new local health insurance program, pursuant to Chapter 512 of the 2016 Acts of Assembly.

Proposed additional general fund spending includes \$5.2 million and 12.00 FTEs each year in the Department of Elections to continue activities that were previously supported by federal Help America Vote Act (HAVA) grant funding, which will be fully depleted in FY 2018.

*Agriculture and Forestry.* The proposed general fund for the Agriculture and Forestry secretariat include biennial increases totaling \$5.0 million. After accounting for the distribution of Central Account actions, increases include \$0.1 million GF each year for the operations of the Office of the Secretary, \$0.2 million GF each year for the expansion of the Industrial Hemp Research Program and \$0.2 million the first year for enhancing nursery capacity at the

Department of Forestry. Additional language amendments direct an assessment of funding options for the food safety and restaurant inspection programs and authorize the sale of the Eastern Shore Produce Market.

**Commerce and Trade.** The proposed FY 2018-20 budget includes a net increase of \$7.9 million GF over the biennium compared to the base budget. New general fund spending items include \$7.5 million GF over the biennium to establish the Virginia Grocery Investment Fund intended to incentivize development of supermarkets and healthy food retailers in underserved communities; \$7.5 million GF for the Virginia Economic Development Partnership to establish a customized workforce recruitment and training incentive program; and \$2.2 million GF to incentivize solar energy and energy storage developments. The introduced budget also recommends additional general fund spending of \$1.3 million in administrative support for GO Virginia, and appropriates \$3.2 million NGF in unused capacity building funds to increase funding for per capita grants. In addition, the budget proposes doubling general fund support for broadband in the Department of Housing and Community Development from \$1.0 million to \$2.0 million GF each year.

Proposed new general fund spending is partially offset by net reductions in the economic development incentives payments holding account of \$2.5 million GF the first year and \$5.2 million GF the second year. The proposed budget includes recommended increases in funding for the Virginia Economic Development Incentive Grant Fund and Virginia Investment Partnership Grant Fund, and planned decreases in deposits to grant funds for the Tranlin project in Chesterfield, the Rolls-Royce facility in Prince George County, and the Advanced Shipbuilding Production Facility Grant Program.

**Public Education.** The Governor's proposed FY 2018-20 general fund budget for Direct Aid to Public Education totals \$12.6 billion and \$3.6 billion from NGF. This is a net increase of \$206.5 million in FY 2019 and \$309.4 million in FY 2020 million when compared to FY 2018 in Chapter 836 of the 2017 Acts of Assembly. The nongeneral fund revenues have increased by a net of \$184.3 million in FY 2019 and \$174.2 million in FY 2020.

The proposed budget reflects biennial rebenchmarking of Direct Aid net costs of \$481.0 million GF. Rebenchmarking reflects updated salary and other cost data; a projected additional 8,837 students, above the projections in Chapter 836, to 1,257,773 students by FY 2020, which represents enrollment growth of 0.7 percent over two years; and updated Composite Index of Local Ability-to-Pay calculations. The proposed budget also reflects projected increases in Sales Tax revenue and Lottery Proceeds for a revised grand total of \$2.9 billion and \$1.2 billion, respectively, over the biennium. The proposed budget adds \$80.0 million GF to backfill Literary Fund revenue that had previously been used to pay teacher retirement contribution costs. In addition, Virginia Preschool Initiative non-participation savings of \$47.9 million is reflected, based on the same 25.43 percent non-participation rate used in Chapter 836 for FY 2018.

The proposed budget reflects several policy changes including: 1) \$51.3 million GF for the state's share of a 2 percent teacher and support staff salary increase in FY 2020; 2) \$11.5 million GF in FY 2019 for the school divisions that would have received less state funding than in the proposed introduced budget for FY 2018; 3) \$7.7 million GF the second year for the state's share of a full-time principal in every elementary school; 4) \$7.1 million GF to increase the maximum At-Risk Add-On funding range from 13 percent to 14 percent in FY 2020; and 5) \$2.6 million GF to extend the FY 2018 extra funding for the Governor's Schools.

Other proposed initiatives over the biennium in K-12 include: \$1.0 million GF to increase the appropriation for Positive Behavioral Intervention Support; \$1.0 million GF for a new initiative for principal recruitment and retention; \$1.0 million GF for cyber security camps; \$1.0 million GF to procure an automated teacher licensure approval process; and other individual actions totaling fewer than \$1.0 million GF each.

**Higher Education.** The introduced budget proposes about \$104.5 million GF of new initiative funding for the biennium for colleges and universities and other higher education entities and centers. Over the biennium, about \$35.1 million is recommended to support base adequacy or base operations; \$45.5 million for undergraduate need-based aid; \$4.3 million for technology infrastructure and enhancements; \$3.8 million at the University of Virginia-Wise to enhance academic programs and to attract additional students; and \$1.3 million for cyber-security/cyber-psychology programs and biofuels research at Norfolk State University.

In addition, the budget as introduced proposes \$4.0 million GF over the biennium for the New Economy Workforce Credential Grant and another \$1.8 million in other workforce initiatives. Lastly, interest earnings and credit card rebates (incentives provided to higher education institutions for meeting performance measures under restructuring) have been restored at \$13.1 million over the biennium as appropriated under Central Appropriations.

**Finance.** Proposed general fund amendments for the Finance Secretariat result in a net increase of \$320.2 million GF over the 2018-20 biennium. The vast majority relates to adding \$50.0 million the first year and \$220.7 million the second year toward a Revenue Cash Reserve. These amounts, combined with a proposed \$121.4 million added in FY 2018 contained within a separate amendment to HB/SB 29, would bring the total for a Revenue Cash Reserve to \$427.1 million GF at the close of the biennium.

**Health and Human Resources.** The introduced budget proposes a net increase of \$551.5 million GF and \$4.1 billion NGF for the 2018-20 biennial budget. Proposed spending of \$1.1 billion GF is offset by \$513.5 million GF in proposed reductions. Similar to biennial budgets for HHR in previous years, the majority (54 percent) of proposed general fund increases are driven by mandatory health and long-term care spending on Medicaid. The unusually high increase in nongeneral funds is primarily due to a proposal to expand Medicaid coverage to individuals with incomes up to 138 percent of the federal poverty level pursuant to the Patient Protection and

Affordable Care Act (ACA) beginning October 1, 2018. This proposal accounts for about \$3.0 billion, or 71 percent, of the net increase in nongeneral funds over the biennium.

Mandatory general fund spending of \$746.6 million GF (77 percent of new GF spending in HHR) is primarily related to spending for acute and long-term care services provided through Medicaid, increasing caseload of special education private day placements in the Children's Services Act, and funding related to fulfill the U.S. Department of Justice (DOJ) Settlement Agreement. In total, proposed spending on Medicaid requires the addition of \$575.8 million GF for the biennium to pay for health care services for low-income Virginians as well as long-term care costs for the elderly and disabled. The general fund share of the Medicaid forecast is partially offset by \$18.7 million in additional revenue to the Health Care Fund. Overall growth rates in Medicaid are expected to fall during the biennium to well below average levels.

The proposed budget includes \$152.9 million GF in discretionary spending in HHR. Out of this spending, 49 percent is related to increasing community-based behavioral health services, addressing census issues at state behavioral health facilities, and implementation of electronic health records at those facilities. Other expenditures include \$20.4 million to increase rates and provide overtime and training to consumer directed attendants in the Medicaid program.

New spending in HHR is offset by proposed general fund budget reductions of \$513.5 million GF. Almost 75 percent of the reductions (\$383.4 million GF) are related to savings due to the expansion of the Medicaid program per the Affordable Care Act, which results in savings in indigent care, community-based behavioral health services, and other savings in publicly funded programs.

**Natural Resources.** The proposed budget for Natural Resources includes few new or expanded initiatives. The largest general fund increase is the appropriation of the statutorily required deposit to the Water Quality Improvement Fund of \$22.5 million in FY 2019. Of this deposit, \$2.0 million is set aside for the Reserve Fund, and \$19.8 million is designated for the agricultural best management practices and technical assistance through the soil and water conservation districts. A series of nongeneral fund amendments at the Department of Conservation and Recreation and at the Department of Game and Inland Fisheries are supported by funds associated with two environmental mitigation settlements. The third major proposal authorizes \$20.0 million of VPBA bonds to support the Alexandria Comprehensive Sewer Overflow project.

**Public Safety and Homeland Security.** The proposed FY 2018-20 budget would add a total of \$204.0 million in GF and \$204.0 million in NGF over the biennium in technical and non-technical adjustments for public safety agencies. Proposed funding includes \$1.0 million for the Secretary of Public Safety to assess and upgrade the Department of State Police's Commonwealth Link to Interoperable Communications (COMLINC). HB/SB 30 also proposes \$105.5 million NGF for staffing, merchandise, and systems upgrades at the Department of Alcoholic Beverage Control. The proposal assumes \$44.1 million in GF savings at the Department of Corrections, due

to the proposed Medicaid expansion, which is offset by a \$38.3 million increase in the GF appropriation for inmate medical costs at the Department of Corrections. Proposed funding also includes \$3.0 million GF for staffing costs and equipment to address case backlogs at the Department of Forensic Science.

*Veterans and Defense Affairs.* The budget, as introduced, includes \$2.1 million NGF and 29 positions for veterans care centers to reflect increases in Medicaid and Medicare revenues for the Roanoke and Richmond Centers, as well as \$12.3 million NGF and 240 positions in FY 2020 to reflect the opening of new veterans care centers in the City of Virginia Beach and Fauquier County. The proposed budget also includes \$542,000 GF and five positions to open new benefits veterans benefits services offices in the City of Virginia Beach and Fairfax County. The budget, as introduced, also includes \$338,000 GF to create two new positions focused on veteran entrepreneurship and programs for women veterans.

*Technology.* The introduced budget includes additional proposed appropriations of \$22.0 million NGF in each year of the biennium to reflect increase vendor pass through charges based on approved changes to Internal Service Fund rates as well as forecast agency utilization rates. In addition, four positions are recommended to support IT security services used by customer agencies. Finally, the proposed budget would increase direct appropriations for disentanglement costs by approximately \$5.4 million NGF over the biennium and increase the line of credit used to finance transition activities to \$95.0 million.

*Transportation.* The proposed 2018-20 budget for transportation includes a biennial increase of \$1,587.6 million NGF and a proposed increase of 92.00 FTE positions. Major policy proposals include the increase in three regional transportation taxes to support capital improvements for the Washington Metropolitan Area Transit Authority, and the authorization of \$110.0 million in transportation bonds to finance transit capital improvements in FY 2020. Additionally, \$20.0 million in debt is authorized for VDOT Capital Outlay needs to free up a like amount of Commonwealth Transportation Fund revenues to undertake design and preliminary engineering work for the widening and dredging of the Norfolk Harbor and Elizabeth River channels. At the Department of Motor Vehicles, language authorizes the imposition of a \$10.00 one-time per credential fee for the issuance of federal REAL ID compliant credentials. A \$20.7 million line of credit is included in Part 3 of the budget to fund the up-front costs of the project and 71.00 FTE positions are requested to support the associated workload increases. The only increase in GF appropriations within the Transportation secretariat is to fund \$2.0 million each year for the Port of Virginia Economic Development Zone Grant program which has been funded out of the Commonwealth Opportunity Fund.

*Central Appropriations.* Proposed amendments in Central Accounts result in a net decrease of \$239.7 million GF over the biennium compared to the base appropriations in FY 2018. The primary reason for the net reduction is the distribution to the line agencies of funding for salary actions and employee benefit programs provided in FY 2018.

Significant expenditure proposals include the addition of \$118.3 million GF over the biennium to reflect the adjustment in the employers' share of state employee health plan premiums based on projected growth in health care costs, enrollment updates and actual 2017 health insurance expenditures. An additional \$13.8 million GF is proposed to cover the employees' share of health care plan premium increases over the biennium. The rates reflect projected cost increases of approximately 6 percent the first year, and 8.5 percent the second year.

The proposed budget also includes \$49.4 million GF for a partial year, 2 percent salary increase for state employees and state-supported local employees in the second year. The proposed raise would be effective November 10, 2019 for state employees, and December 1, 2019 for state-supported local employees. This figure does not include a proposed 2 percent salary increase for SOQ funded K-12 school positions, which totals \$51.3 million GF, and assumes an effective date of December 1, 2019. The proposed salary supplement for K-12 SOQ funded positions is contained within the Direct Aid to Public Education portion of the proposed budget. The total amount included for base salary adjustments for state employees, state-supported local employees and teachers in the proposed budget is \$101.0 million GF the second year.

***Independent Agencies.*** The proposed budget for the Independent Agencies reflects a small general fund increase of just over \$0.1 million over the biennium and nongeneral fund increase of \$741.4 million over the biennium. The proposed general fund increase is for an increase in the funding to administer the Volunteer Firefighters and Rescue Squad Workers' Service Award Fund. The proposed increase in nongeneral funding is primarily related to adding \$350.0 million each year to establish an appropriation for the Virginia Lottery for prizes awarded to lottery winners and commissions and incentives paid to lottery retailers.

***Capital Outlay.*** The proposed capital outlay program for FY 2018-20 totals \$974.0 million from all fund sources. Of this amount, \$15.0 million is general fund cash, and \$453.7 million is from tax-supported bonds. The introduced budget also includes \$21.0 million in 9(c) revenue bonds and \$260.7 million in 9(d) revenue bonds. The balance of \$223.6 million is nongeneral fund cash from a variety of agency fund sources.

The general fund cash is allocated under Central Capital Outlay for the detailed planning of five additional projects during the 2018-20 biennium. The tax-supported bonds include an allocation of \$252.0 million over the biennium for Central Maintenance Reserve, \$52.1 million in equipment supplements for capital projects expected to be completed during the biennium, \$51.6 million for a new 2018 Capital Construction Pool (this pool includes \$20.0 million for the City of Alexandria under the Combined Sewer Overflow Matching Fund), \$45.4 million in previous pool supplements, \$20.0 million for Department of Transportation projects (this is part of a swap for cash that will be used to plan dredging related to the Port in the Hampton Roads area), and \$32.6 million for five new stand-alone projects at agencies.

The proposed 2018-20 budget includes \$42.5 billion in general fund resources available for appropriation.

<b>General Fund Resources Available for Appropriation</b> (2018-20 biennium, \$ in millions)	
Beginning Balance	\$201.6
Adjustments to the Balance	21.5
Official GF Revenue Estimate	40,988.8
Transfers	<u>1,241.4</u>
<b>GF Resources Available for Appropriation</b>	<b>\$42,453.3</b>

## Available Balance

The budget, as introduced, includes a projected beginning balance of \$201.6 million at the close of the 2016-18 biennium. This beginning balance results from the FY 2017 revenue surplus and the FY 2018 revenue forecast adjustment, offset by the proposed spending included in HB/SB 29.

The \$21.5 million adjustment to the balance reflects the appropriation of \$22.5 million from excess FY 2017 revenues set aside for the \$13.4 million “Part A” deposit to the Water Quality Improvement Fund (WQIF) generated by the FY 2017 revenue surplus, and \$9.1 million for the “Part B” deposit, generated by unexpended appropriations at the end of FY 2017. Both amounts will be appropriated in FY 2019. These adjustments are offset by a reduction of \$500,000 each year pursuant to the Intergovernmental Cash Management Act.

## Economic Projections

The 2018-20 general fund revenue forecast assumes “economic” growth rates of 3.7 percent for FY 2019 and 3.9 percent for FY 2020. Embedded in this forecast is the continuation of the “modified collar” on nonwithholding tax collections employed in FY 2016-2018, which lowers forecasted revenues by \$201.0 million in FY 2019 and \$209.0 million in FY 2020.

After proposed tax policy changes, technical adjustments, and adjusting for the shortfall in collections from Tax Amnesty in FY 2018, revenue growth of 4 percent is required to meet the budget forecast each year, with projected collections totaling \$20,096.5 million in FY 2019 and

\$20,892.3 million in FY 2020. The forecast assumes that Virginia will underperform the nation slightly as the impact of federal budget actions continue to dampen the Virginia economy due to the large military presence and heavy reliance on federal procurement spending.

**Proposed Tax Policy Changes Assumed in Revenue Forecast**

HB/SB 30 contains very few proposed tax policy changes. A total of \$19.1 million is added to the biennial revenue forecast based on three tax-related initiatives. The first simply reflects

advancing Virginia's fixed dated conformity with the federal tax Code to December 1, 2017, which is anticipated to reduce revenues by \$3.3 million in FY 2019 based on the expansion of charitable deduction limits passed to encourage support for hurricane relief efforts. The second proposal is an initiative at the Virginia Department of Taxation to expand audit efforts which they anticipate will produce \$7.9 million in additional revenue in FY 2019 and \$10.6 million in additional revenue in FY 2020. The effort will include the hiring of 8 additional personnel: six auditors, a data scientist and a team lead to spearhead the efforts which focuses on expanded individual audits. The final change relates to expanding notification of payroll system breaches to avert refund fraud and is anticipated to generate \$300,000 in each year of the biennium.

### **Transfers**

Proposed transfers to the general fund total \$1,241.4 million over the biennium. Of this amount, \$781.9 million represents the 0.375 percent sales tax that is transferred from the Local Real Estate/SOQ Fund for public education.

Other customary transfers include ABC profits of \$225.3 million for the biennium, with an additional \$130.8 million of ABC profits and \$18.3 million of spirit taxes going to the Department of Behavioral Health and Developmental Services (DBHDS) for substance abuse programs.

HB/SB 30 proposes transfers of \$33.7 million over the biennium to the Game Protection Fund attributable to the watercraft sales and use tax and from the portion of the general sales tax dedicated to the Fund by Code. This reflects a biennial reduction of \$400,000 compared to Chapter 836 of the 2017 Acts of Assembly.

Also reflected in HB/SB 30 is a reduction in the transfer from the court debt collections program at the Department of Taxation of \$1.0 million each year, lowering the biennial transfer to \$8.2 million. Finally, the proposed budget restores the remaining interest earnings from higher education accounts that had been retained by the general fund, reducing those transfers by \$500,000 each year.

The remaining transfer actions are customary transfers that have not been adjusted beyond technical updates compared to the amounts transferred in Chapter 836.

- **Supreme Court of Virginia**

- *Expansion of Mental Health Dockets.* Provides \$500,000 GF each year for the creation of new mental health dockets, or the expansion of existing mental health dockets experiencing large caseloads. There are currently nine mental health dockets operating in the Commonwealth, with two additional dockets in the planning stages. Mental health dockets have not previously received general fund appropriations, but have instead used a combination of asset forfeiture proceeds, federal grants, and local and non-profit funding.
- *Expansion of Drug Courts.* Increases the general fund appropriation for drug treatment court dockets by \$400,000 each year. The funding is provided in order to expand the number of drug treatment courts operating in the Commonwealth. The Supreme Court’s base budget currently includes \$4.2 million GF per year for drug treatment court programs. The proposed language provides that the new funding is to be allocated in a manner prescribed by the Drug Treatment Court Advisory Committee.
- *Drug Court Evaluation and Monitoring.* Provides \$175,000 GF each year and two positions to monitor and evaluate drug court programs, and to support grant

applications activities. The Supreme Court currently has one position performing these functions.

- **Circuit Courts**

- *Fund Vacant Judgeship.* Provides \$289,000 GF each year to fund one vacant circuit judgeship, with the intent of filling the vacant judgeship in the 20<sup>th</sup> Judicial Circuit, serving Loudoun County. The circuit is currently authorized for five judgeships by the *Code of Virginia*, and sufficient funding was provided in Chapter 836 of the 2017 Acts of Assembly to fill a total of four judgeships within the 20<sup>th</sup> Judicial Circuit.

- **Indigent Defense Commission**

- *Replace Agency Computer Equipment.* Includes \$186,000 GF the first year and \$185,000 GF the second year for the replacement of outdated agency computer equipment. The equipment would be purchased through the Master Equipment Lease Program (MELP), and these amounts reflect the estimated payments for the first two years of a five-year repayment plan. The total cost of purchasing the equipment is \$926,000.

- **Virginia Criminal Sentencing Commission**

- *Sharing of Circuit Court Case Information.* Includes a language amendment authorizing the agency to share aggregate case information from circuit court case management systems in order to provide information upon request from the legislature and executive branch staff. Language in the appropriation act currently prohibits the agency from doing so.

The budget, as introduced, for the 2018-20 biennium includes several technical adjustments from Chapter 836 of the 2017 Acts of Assembly, including distributions from Central Appropriations to the various agencies for health insurance costs, retirement rate changes, other post-employment benefit rate changes, salary adjustments for state employees working in the Executive Offices, adjustments to reflect the cost of the Cardinal financial accounting system, and other adjustments to reflect the cost of workers' compensation premiums.

- **Attorney General and Department of Law**
  - ***Increase Nongeneral Fund Appropriations.*** Increases by \$2.7 million the first year and \$3.0 million the second year the nongeneral fund appropriations for indirect cost recoveries, as well as federal funds and federal pass-through funds to execute associated programs.
  - ***Increase Revolving Trust Fund Appropriation.*** Proposes increasing the non-general fund appropriation of the Regulatory, Consumer Advocacy, Litigation, and Enforcement Revolving Trust Fund. Additionally, the action proposes reducing GF resources by \$500,000 related to year-end balances of the Fund, as a result of increasing the NGF appropriation. A companion amendment to HB/SB 29 also proposes an increase to the NGF appropriation of \$500,000 in the current

year. An amendment to Chapter 836, lowered the NGF appropriation related to the Revolving Trust Fund from \$1.25 million to \$750,000. This proposal would restore the NGF appropriation in the Fund to its previous amount.

- *Increase General Fund Appropriation for the Consumer Protection Section.* Proposes an increase of \$403,500 GF each year for the Consumer Protection Section. The funds are requested due to insufficient nongeneral fund appropriation.
- *Position Level Adjustments.* Adds 18.75 GF and 9.25 NGF FTEs each year to reflect the agency's actual filled employment level, which, including these additions, will total 236.75 GF positions and 203.25 NGF positions, for a total of 440 positions each year.

- **Division of Debt Collection**

- *Increase Nongeneral Fund Appropriation and Carryforward for Operating Expenses.* Increases from \$400,000 to \$600,000, each year, the nongeneral fund appropriation that relates to the amount the Division may retain for operating expenses at fiscal year's end. Currently, any amounts that exceed the specified balance that the Division may retain are directed to be deposited to the general fund by September 1 of the succeeding year. As a result, an increase in the NGF appropriation above \$400,000 would result in a corresponding reduction in the deposit to the general fund.

Funding of \$7.3 million GF was provided in Chapter 836 of the 2017 Acts of Assembly for a targeted salary initiative for sworn and non-sworn Sheriffs’ office employees, effective August 1, 2017.
- *Provide Funding for Technology Improvements in Circuit Court Clerk Offices.* Proposes \$500,000 GF the second year to support information technology improvements in Circuit Court Clerks’ offices. In prior years, approximately \$3.0 million in general fund appropriations for technology improvements had been

- *Add Funding and Position for Retention of Physical Evidence Recovery Kits.* Proposes \$106,120 GF and one position the first year and \$84,640 GF and one position the second year for the Division of Consolidated Laboratory Services for one-time and ongoing costs related to storage space and tracking software to track and retain Physical Evidence Recovery Kits (PERK), as well as a new evidence custodian position. The proposed funding and position is in response to an increase in the volume of kits and legislative change that allows an additional 10-year storage period for PERK's at the victim's request.
- *Remove Appropriation for One-Time Costs to Assess the Central Virginia Training Center Property.* Proposes reducing by \$260,000 GF each year appropriation provided to the Division of Real Estate Services to assess the Central Virginia Training Center property, which was a one-time cost in 2018.
- *Provide Funding to Replace Drinking Water Testing Equipment.* Adds \$278,035 GF the first year and \$410,861 GF the second year to replace drinking water testing

The appropriation is required to reflect estimated claims in relation to revenues received to satisfy claims and administrative costs in accordance with federally prescribed guidelines and to avoid a potential rebate to the federal government for non-compliance.
- *Provide Funding to Administer New Local Health Insurance Program.* Proposes \$1.1 million NGF each year to administer the new optional local health insurance program COVA Local, pursuant to Chapter 512 of the 2016 Acts of Assembly. The health insurance program is similar to the state employee health insurance program, and is provided for localities, local school divisions, and other political subdivisions.

- ***State’s Share of Biennial Rebenchmarking.*** Preliminary rebenchmarking calculations by the Department of Education as of September 2017 were \$235.0 million GF in FY 2019 and \$256.8 million GF in FY 2020, which totaled \$491.8 million GF for the biennium.

The Governor’s introduced budget for FY 2018-20 included updating the remaining rebenchmarking data steps, which resulted in a net rebenchmarking amount of \$481.0 million GF for the biennium.

- ***Projected Enrollments.*** Reflects student enrollment projections estimated to total 1,252,434 in the unadjusted ADM in FY 2019, and 1,257,773 students in FY 2020, up from 1,248,936 for FY 2018 in Chapter 836 of the 2017 Acts of Assembly (the updated projection for FY 2018 in the caboose bill (HB/SB 29) is now 1,247,837).
- ***Funded Instructional Salaries.*** Reflects updated funded salary levels from 2016-18 to 2018-20 due to base year (FY 2016) prevailing salaries adjustments and reflects the statewide prevailing average salaries and the state’s 2 percent salary incentive supplement for FY 2018.

Principals	92,041	93,695	1.8%
Instructional Aides	17,108	17,738	3.7%

- **Health Care Premiums.** Reflects prevailing costs associated with the health care premium rate of \$5,086 per funded position (adjusted for actual participation and inflation), up from \$4,604 per funded position in the current FY 2018 amount.
- **Funded VRS Fringe Benefit Rates.** The employer rates changed for teacher retirement from 16.32 percent to 15.68 percent, retiree health care credit from 1.23 percent to 1.20 percent, and no change to the group life rate of 0.52 percent. The rate adjustment also reflects a reduction in the funded employer rate for retirement contributions paid on behalf of non-professional support positions from 7.11 percent to 6.28 percent (actual rates vary by school division).
- **Base Year Expenditures.** Reflects various adjustments including base year (FY 2016) expenditure data; updating of school-level enrollment configurations; and updated data for the federal revenue deduction.
- **Transportation Costs.** Reflects updated base year transportation cost data.
- **Textbook Per Pupil Amount.** Reflects per pupil prevailing textbook costs, reported by localities, calculated at \$100.69, compared with the funded amount of \$109.78 for FY 2018 in Chapter 836.
- **Incentive, Categorical, and Lottery Accounts.** Reflects various adjustments to incentive, categorical, and Lottery-funded accounts that are linked to SOQ funding factors, such as ADM enrollment or Basic Aid per pupil cost and student program participation totals.

In addition, reflects a projected increase in Lottery Proceeds of \$40.2 million NGF each year for total proceeds of \$586.7 million NGF each year: the additional lottery revenues are budgeted to offset and save a like amount of general fund expenditures each year.

- ***Update Composite Index of Local Ability to Pay (LCI).*** The elements used to calculate each school division's composite index of local ability-to-pay are updated from 2013 to 2015, which are the most current available at the time the LCI updates are calculated. The composite index measures local wealth through true value of real property (50 percent), adjusted gross income (40 percent) and retail sales tax collection (10 percent). The index is weighted two-thirds by ADM and one-third by population.

In FY 2020, the 15-year period for the Local Composite Index for Allegheny due to its consolidation with Clifton Forge in FY 2005 will be complete, resulting in the resumed use of the routine calculation for the Local Composite Index, rather than the more favorable of the two.

- ***Projected Sales Tax Revenue.*** The sales tax revenues from the one cent portion along with the additional one-eighth cent sales tax from the Public Education SOQ/Real Estate Property Tax Relief Fund that are dedicated for public education and distributed based on school-aged population are projected to increase from \$1,377.9 million GF in Chapter 836 for FY 2018 to \$1,410.8 million GF in FY 2019 and \$1,441.8 million in FY 2020. The sales tax revenue increases generate offsetting savings in the state's share of SOQ Basic Aid funding of \$18.3 million GF FY 2019 and \$35.7 million GF in FY 2020. When combined, the net impact of the updated sales tax revenue estimates and the SOQ Basic Aid offsets, total funding to school divisions increase by \$14.5 million in FY 2019 and \$28.2 million in FY 2020.
- ***Update Sales Tax Distribution for School Age Population.*** Adds \$2.6 million GF in both years to reflect the updates to the sales tax distribution to local school divisions that are now based on the July 1, 2016, estimate of school age population.
- ***Free Lunch Percentage Calculation Methodology for Community Eligible Program (CEP) Schools and Divisions.*** Includes language indicating that for schools that participate in the Community Eligibility Program, most recent data will be used for those programs that include Free Lunch as a component of its funding formula. Prior to school divisions electing to participate in this federal program, the rebenchmarking process used an average of the three most current years of free lunch percentages reported by the school divisions for a number of funding formula calculations.

(Upon participation in CEP, schools and divisions are prohibited from directly collecting income eligibility data from families of students attending one of the participating schools. The federal CEP program provides 100 percent reimbursement for the cost of breakfast and lunch meals served to eligible students.)

- **Literary Fund Support for School Employee Retirement Contributions.** Adds \$35.0 million GF in FY 2019 and \$45.0 million GF in FY 2020 to backfill Literary Fund revenues that previously had been used to pay for teacher retirement costs. According to the Department of Treasury, total receipts are forecasted to decline, primarily due to a reduction in transfers from Unclaimed Property, which has completed its catch-up on stock liquidation, and a diminishing revenue stream from school construction loan repayments.

- **Backfill Driver's Education Funding.** Proposes adding \$285,000 GF each year to backfill the same amount of revenue decline projected from the Department of Motor Vehicles for driver's education cost in high schools that offer driver education course.

– *Proposed Policy Changes and Program / Initiative Changes*

- ***New Funding for State's Share of 2 Percent Salary Increase.*** Proposes \$51.3 million GF in FY 2020 for the state's share of a 2 percent salary increase for instructional and support positions recognized and funded by the Standards of Quality (SOQ) funding model. The funding is calculated based on an effective date of December 1, 2019, but school divisions have the flexibility to provide the salary increases at any point over the biennium.
- ***Funding for a "No Loss" Hold Harmless Allocation.*** Proposes a one-time allocation of \$11.5 million GF in FY 2019 to 32 school divisions to ensure no locality receives less funding as compared to the FY 2018 budgeted amounts reflected in HB/SB 29 (Caboose Bill), as introduced.
- ***Fund State's Share of a Full-Time Principal in all Elementary Schools.*** Proposes \$7.7 million GF in the second year for state funding for a full-time principal in every elementary school. In Chapter 836, funding is provided for 0.5 of an elementary school principal in schools with enrollment under 300 students as prescribed by the Standards of Quality statute. The introduced budget, HB/SB 30 does not reflect any language to determine the actual funding methodology. In addition, there is no language that would require a school division to hire a full-time elementary principal with this funding. Currently, DOE has indicated that 187 locations have reported a September 30<sup>th</sup> membership with less than 300 students; 40 percent of those schools reflect membership of less than 200 students.
- ***Expand At-Risk Add-On Funding.*** Proposes additional funding of \$7.1 million GF in FY 2020 for the At-Risk program, which provides funding as a percentage add-on to the SOQ Basic Aid amount to support any additional costs of educating at-risk students. The range of the add-on as a percentage of Basic Aid is proposed to increase from 1-13 percent to 1-14 percent. The add-on percentage is based on the percentage of students eligible for free lunch in the school division.
- ***Academic Year Governor's Schools (AYGS) Funding.*** Proposes extending the Academic Year Governor's Schools add-on funding as provided in FY 2018 under the Chapter 836 budget, which includes a 2.5 percent increase to the base per-pupil amount calculated during rebenchmarking and an additional \$50.00 per student, per course add-on amount. These two funding components increase state funding for FY 2019 and FY 2020 by \$1.3 million GF each year.

An increase of \$221,903 GF in FY 2020 is proposed for a 2 percent compensation incentive, effective December 1, 2019, which increases the per pupil add-on by an estimated \$72.20. This funding is included in the \$51.3 million referenced above in the section for the State's Share of 2 Percent Salary Increase. In summary, the per pupil amount allocated to the Governor's Schools equals \$5,186 in FY 2019 and \$5,257 in FY 2020 – these amounts are in addition to the SOQ funding for these students.

- ***Positive Behavioral Interventions and Supports (PBIS).*** Proposes increasing the Positive Behavioral Interventions and Supports Program by \$500,000 GF each year to expand the number of schools implementing the Positive Behavioral Interventions and Supports program, which provides research-based models for schools that have significant rates of suspension or expulsion to improve school climate and reduce disruptive classroom behavior in support of the Classrooms Not Courtrooms initiative.
- ***New Principal Retention and Recruitment Fund.*** Proposes \$500,000 GF each year to create and establish a new Fund that will be used for principal recruitment and retention incentives in school divisions that have a memorandum of understanding with the Virginia Board of Education. The Fund will allocate grant awards to eligible school divisions to support the recruitment and retention of high-quality principals based on proposals submitted to the Department of Education using criteria established by the Department.
- ***New Cyber Security Camps.*** Proposes \$480,000 GF for new Cyber Security Camps in FY 2019 and FY 2020. The funding is intended to support a two-week program aimed at exposing high school students to careers in cyber security and providing foundational cyber security skills.
- ***Expand the Virginia Reading Corps Program.*** Recommends increasing funding for the Virginia Reading Corps program by \$300,000 GF in FY 2020, from \$300,000 to \$600,000.
- ***Expand Project Discovery.*** Proposes increasing funding for Project Discovery initiative grantees by \$100,000 each year of the biennium, from \$662,500 to \$762,500.
- ***Expand National Board Certification Bonuses.*** Recommends increasing funding for National Board Certification for eligible teachers by \$110,038 in FY 2019 and by \$256,623 in FY2020, for revised totals of \$5.2 million GF and \$5.4 million GF respectively.

- ***New Praxis Assistance for Provisionally Licensed Minority Teachers.*** Proposes \$50,000 each year to provide Praxis assistance for provisionally licensed minority teachers. This new funding will support test fees and tutoring for provisionally licensed minority teachers seeking full licensure in Virginia. Through a request for proposal process, grants of up to \$10,000 will be awarded to school divisions, teacher preparation programs, or nonprofit institutions in Northern Virginia, Central Virginia, and Hampton Roads.
- ***Transfer Funding for Teacher Computer Science Training to VCCS.*** To align to legislation passed at the 2017 General Assembly Session, proposed action transfers the \$550,000 each year in funding to the Virginia Community College System (VCCS) to administer this program.
- ***Virginia Preschool Initiative (VPI) Nonparticipation.*** Proposes to capture savings of \$23.9 million NGF in FY 2019 and \$24.0 million NGF in FY 2020 in the Virginia Preschool Initiative based on a non-participation rate of 25.43 percent, the rate included in Chapter 836 for FY 2018: saves a like amount of general funds each year.

– ***Proposed Language Changes***

- ***Virginia Preschool Initiative (VPI).*** Proposed new language allows, subject to available funds each year, allocation of additional VPI slots to school divisions that have utilized 100 percent of their calculated slots from the previous year and have a waiting list of unserved children as certified on the Department of Education’s October 1<sup>st</sup> Fall Verification Report in the previous year.

Funding for the reallocated slots is based on the difference between the slots in the calculation for the current fiscal year appropriation and the slots reported by school divisions in their May 15<sup>th</sup> grant proposals for the upcoming current fiscal year. Only school divisions that report using 100 percent of the upcoming school year slot allocation in the May 15<sup>th</sup> grant proposal are eligible for slot reallocation funding.

DOE indicates that additional language changes are forthcoming and intended for clarification and to align language to current practices in operating the program.

- ***Breakfast After the Bell Reimbursements.*** Proposes new language that expands the program eligibility by allowing middle and high schools to participate without a minimum of 45 percent student eligibility for free lunch as is the current requirement for elementary schools, and changes the

date for the required annual report on the educational impact of the program from school divisions to DOE to August 31<sup>st</sup> instead of June 30<sup>th</sup>.

Other language changes clarify the types of data that school divisions must submit in the annual report to DOE and that divisions may not be eligible for funding in the following year if the August 31<sup>st</sup> reporting deadline is missed.

The elementary reimbursement rate is held at \$0.05 per meal, but the established rate for middle and high schools is \$0.10. State funding for the program remains unchanged at \$1.1 million each year – fewer elementary schools will be able to serve students due to the inclusion of all middle and high school students.

Lastly, DOE is required to establish criteria for funding priority if the number of applications from eligible schools exceeds the available funding.

- ***Extended School Year.*** Proposes specifying the “Targeted Extended School Year” program as the “Targeted Extended/Enriched School Year and Year-round School Grants” program. Also proposes changing a reporting date from October to November.
- ***Early Reading Specialists Initiative.*** Proposes changes to the eligibility criteria for the Early Reading Specialist Initiative. Schools with a third grade that rank lowest on the reading Standards of Learning assessments will be given priority for the state share of funding for a reading specialist in such schools.

Schools receiving state funds in FY 2018 under this initiative are no longer automatically eligible to receive funding in FY 2019 or FY 2020. The proposed language also allows DOE to award any unallocated funds from this initiative to schools eligible for funding under the Math/Reading Instructional Specialists Initiative. This action distributes state funds to school divisions in a different manner in the 2018-20 biennium than in fiscal year 2018, but total state funding for the program remains constant at \$1.5 million each year.

- ***Math/Reading Instructional Specialists Initiative.*** Proposes changes to the eligibility criteria for the Math/Reading Specialist Initiative. The Chapter 836 language uses accreditation as the mechanism for determining program eligibility. The proposed language assigns eligibility based on the schools that rank lowest on the Spring 2017 SOL math or reading assessment. The state share of funding for a reading or math specialist is available to eligible schools for both years of the biennium.

The new language also allows DOE to award any unallocated funds from this initiative to schools eligible for funding under the Early Reading Specialists Initiative. This action distributes state funds to school divisions in a different manner in the 2018-20 biennium than in fiscal year 2018, but total state funding for the program remains constant at \$1.8 million each year.

- ***Free Lunch Percentage for Schools Enrolled in the Community Eligibility Provision Program.*** New language is proposed that indicates that the free lunch rate for schools that participate in the Community Eligibility Provision (CEP) program be based upon the most recent data available prior to that school's enrollment in the program, for the purpose of funding entitlements that are based on school level or division-level free lunch eligibility percentages.

Three-year average division-level free lunch rates used in the Prevention, Intervention, and Remediation Program and school-level free lunch rates used in the K-3 Primary Class Size Reduction Program vary depending on when the division or individual school entered the CEP program.

- ***Virginia Teacher Scholarship Loan Program.*** Proposed language changes the Virginia Teacher Scholarship Loan Program intended to incentivize students in teacher education programs to fill vacancies in high-need schools. Students with an undergraduate grade point average of at least 2.7 will be now be eligible for up to a \$20,000 scholarship (previously the annual scholarship was \$10,000) if they teach for two years in a top five critical shortage subject and in a school with a free and reduced lunch population of 50 percent or greater. Minority students may be enrolled in any content area for teacher preparation. Recipients who only complete one year of the two-year teaching obligation will be forgiven for one-half of the scholarship loan amount.
- ***STEM Teacher Recruitment and Retention Incentive.*** Recommends changes to the STEM recruitment and retention program to attract qualified teachers to middle and high schools experiencing difficulty in recruitment and retention. Teachers employed full-time in a STEM subject area in a hard-to staff school are eligible for a \$5,000 incentive per year for up to three years. The criterion limiting teacher eligibility to those with up to three years of teaching experience is eliminated. Eligibility for incentive payments will be based on an application process managed by the Department of Education. Language directs DOE to prioritize distributions based on school divisions experiencing the most acute difficulties in recruiting qualified teachers.

- **Department of Education**

- *Automate the Teacher Licensure Approval Process.* Proposes \$552,500 GF each year to procure an automated, web-based front-end licensure intake system.
- *Student Growth Model Development.* Proposes modifications that will allocate \$500,000 GF each year to develop of a growth scale for the existing Standards of Learning mathematics and reading assessments, which facilitate data-driven school improvement efforts and support the state’s accountability and accreditation systems. In Chapter 836, the funding was directed toward a pilot program to provide personalized instructional and academic planning.
- *Enhance eMediaVA Funding.* Recommends \$400,000 the second year for statewide digital content development, online learning, and related support services through eMediaVA.
- *Virginia Kindergarten Readiness Program.* Proposes an additional \$275,000 GF each year for the Virginia Kindergarten Readiness Program to develop and implement a post-kindergarten assessment that will measure student growth at the conclusion of kindergarten for those schools that are currently participating in the program.
- *Environmental Education.* Recommends \$250,000 GF each year and two full-time positions to DOE to coordinate environmental education efforts in Virginia.
- *School Performance Report Card.* Proposes \$150,000 GF both years to update the School Performance Report Card to reflect revisions to the Standards of Accreditation and to meet reporting requirements of the Every Student Succeeds Act of 2015.
- *Funding to Research Educator Misconduct.* Proposes \$78,084 GF each year to support local school division access to the National Association of State Directors of Teacher Education and Certification (NASDTEC) Clearinghouse to research teacher misconduct.
- *Advisory Council for Digital Citizenship, Internet Safety, and Media Literacy.* Proposes \$75,000 GF each year to DOE to establish and support an advisory council to provide recommendations regarding best practices for instruction in digital citizenship, internet safety, and medial literacy and methods of instructing students safely, ethically, responsibly, and effectively using media and technology resources.
- *Virginia Preschool Initiative Site Visits.* Recommends \$50,000 GF each year for DOE to resume site visits to Virginia Preschool Initiative (VPI) programs. Site

visits will help ensure compliance with state guidelines and provide technical assistance to localities for best practices for implementing high-quality preschool programs. These funds will provide increased technical assistance and professional development opportunities for VPI local coordinators through regional annual VPI coordinator meetings.

- ***Transfer of Summer Food Service Program & At-Risk Afterschool Meals.*** Reflect the transfer of the Summer Food Service Program and the At-Risk Afterschool Meals component of the Child and Adult Care Food Program from the Department of Health to the Department of Education to administer. The transfer includes five full-time positions and \$749,176 NGF each year. There is also a companion amendment in the Direct Aid to Public Education budget that reflects the transfer of \$14.3 million NGF each year in pass-through funding to school divisions participating in these programs.
  - ***Reduce Funding for Computer Adaptive Test Revisions.*** Captures \$780,584 GF each year, which represents a portion of the funding provided to DOE in the 2016-18 biennium to transition Standards of Learning tests to a computer adaptive test format. The remaining appropriation will support revisions to the current computer adaptive tests to incorporate the Board of Education’s revisions to the mathematics and English Standards of Learning.
  - ***Technical Adjustments.*** Also reflects technical adjustments distributing dollars to the agency for items that were centrally funded in Chapter 836.
- **Virginia School for the Deaf and Blind**
    - ***Technical Adjustments.*** Also reflects technical adjustments distributing dollars to the agency for items that were centrally funded in Chapter 836.

- **Higher Education Institution Spending Proposals**

- **Base Operations.** Recommends funding of \$21.1 million GF over the biennium for base adequacy for four institutions (Old Dominion University, Eastern Virginia Medical School, Virginia Military Institute, and Richard Bland College) and \$14.0 million GF over the biennium for base operations at George Mason University (\$4.0 million the first year and \$10.0 million the second year). Base adequacy is a formula, driven by student enrollment and average faculty salaries, which identifies amounts needed to support the operations and academic mission of public colleges and universities. The Governor proposes to increase colleges and universities that are below 100 percent to 100 percent of the guidelines by the end of the biennium (Old Dominion University at \$5.0 million the first year and \$10.1 million the second year; Eastern Virginia Medical School at \$1.7 million the first year and \$3.4 million the second year; Virginia Military Institute at \$269,721 the first year and \$539,422 the second year; and Richard Bland College at \$128,143 the second year).
- **Financial Aid.** Recommends \$16.2 million GF the first year and \$29.3 million GF the second year for additional need-based financial assistance for in-state undergraduates. The distribution of funding for undergraduate aid is based on the partnership model with greater emphasis on certain institutions and/or students with higher needs.

- *Jefferson Lab Center for Nuclear Femtography.* Proposes \$500,000 GF the first year for one-time seed funding to establish the Center for Nuclear Femtography. This would be in partnership with the Commonwealth’s public and private research universities. Nuclear Femtography is expected to be the next generation of nanotechnology. This funding is in addition to the nearly \$7.0 million allocated since FY 2016 to expand Jefferson Labs in order to compete for federal funding.
- *Research.* Under the Higher Education Research Initiative (HERI), the proposed budget recommends \$16.0 million GF over the biennium in order to offer incentive packages to attract high-performing researchers with a history of commercialization and to create centers of excellence which would allow collaboration and support of research (i.e. biosciences and cyber security). These amounts are appropriated under Central Appropriations.
- *Reserve Fund Language.* Recommends language that would allow for institutional reserve funds to be supported by unexpended educational and general appropriation of the institution at the end of the fiscal year. The reserve fund shall not exceed three percent of the general fund appropriation for the educational and general programs in the most recently-completed fiscal year. Use of the reserve fund must be approved by the Boards of Visitors and a detailed plan on the use of the fund must be reported immediately to the Governor, Secretary of Finance, Secretary of Education, and the Chairmen of the House Appropriations and Senate Finance Committees.
- *Mandatory Fee Increases Language Change.* Proposes to change the limit on mandatory fees for other than educational and general programs from five to three percent. The proposed change would not eliminate current exemptions.
- *Performance Measure Language Change.* Eliminates the additional educational measure required of Level II institutions from being used by the State Council of Higher Education for Virginia for certification of meeting performance measures.

The budget, as introduced, for the 2018-20 biennium includes several technical adjustments from Chapter 836 of the 2017 Acts of Assembly, including distributions from Central Appropriations to the various agencies for prior year agency savings, health insurance costs, retirement rate changes, other post-employment benefit rate changes, adjustments to reflect the cost of the Cardinal financial accounting system, and other adjustments to reflect the cost of workers' compensation premiums.

- **Office of the Secretary of Finance**

- *Provide Additional Operating Funding.* Proposes \$160,000 GF each year in additional base operating funding for the Office of the Secretary of Finance. Excluding technical adjustments to the Office's budget for central accounts distributions for Chapter 836, the proposed additional operating funding represents a 32.8 percent increase in each year over the FY 2018 approved budget in Chapter 836.

- **Department of Accounts**

- *Adjust Rates and Appropriation for Payroll Service Bureau.* Proposes reducing the nongeneral fund appropriation by \$233,986 the first year and \$154,010 the second year to account for an adjustment in rates for the Payroll Service Bureau internal service fund consistent with projected operating costs. The rates account

for workload differences in processing different types of payroll and leave accounting.

- ***Adjust Appropriation for the Cardinal Financial System.*** Proposes reducing the nongeneral fund appropriation by \$6.6 million the first year and \$5.7 million the second year to account for a reduction in the base attributable to the prior inclusion of funding for working capital advance repayments, for which appropriation is no longer needed.
- ***Adjust Appropriation for the Performance Budgeting System.*** Proposes reducing the nongeneral fund appropriation by \$1.5 million each year to account for a reduction in the base attributable to the prior inclusion of funding for working capital advance repayments, for which appropriation is no longer needed.
- ***Establish Rates and Appropriation for New Cardinal Payroll System.*** Adds \$5.0 million NGF the first year and \$14.2 million NGF the second year to establish internal service fund rates and appropriation for the new Cardinal Payroll System, which is expected which is expected to be fully implemented by April 2018.

- **Department of Accounts Transfer Payments**

- ***Provide Additional Funding for the Revenue Cash Reserve.*** Adds \$50.0 million GF the first year and \$220.7 million GF the second year toward the Revenue Cash Reserve. These amounts, combined with the proposed \$121.4 million GF in FY 2018 contained within a separate amendment to HB/SB 29, as well as the \$35.0 million GF carryforward from Chapter 836, bring the total for the Revenue Cash Reserve to \$427.1 million GF.

The proposed budget assumes general fund resources of \$7.9 million the first year and \$10.6 million the second year resulting from the tax audit initiative.
  - *Increase Appropriation for State Land Evaluation Advisory Committee.* Proposes \$44,300 GF each year to increase the appropriation provided for the State Land Evaluation Advisory Committee.
  - *Provide One-Time Funding to Move Image Storage and Retrieval to Cloud-Based Solution.* Proposes \$583,500 GF and \$32,160 NGF the first year for one-time costs associated with moving the agency’s file image storage and retrieval system to a cloud-based solution, which is expected to generate long-term savings, beginning the second year.
  - *Funding for Breach Monitoring Service and Security Training.* Adds \$187,768 GF and \$12,232 NGF the first year and \$67,306 GF and \$12,694 NGF the second year to implement a breach monitoring service and begin role-based security training for department staff.

In the second year, reflects \$43.9 million GF to support debt service for previously authorized bonds as well as new projects proposed in the introduced budget.

- **Secretary of Health and Human Resources**
  - *Increase Funding for the Secretary's Office.* Adds \$75,000 GF each year (a 10 percent increase) to fund the operations of the Secretary of Health and Human Resources. Three other cabinet secretaries also received increases to reflect increased operating costs. This funding reduces the need to make administrative transfers between cabinet offices.
- **Children's Services Act (Formerly Comprehensive Services for At-Risk Youth and Families)**
  - *Mandatory Caseload and Cost Increases.* Adds \$16.9 million GF in FY 2019 and \$37.3 million GF in FY 2020 to fund the anticipated growth in the CSA program. Caseload grew 1.4 percent in FY 2017 to 15,740 from 15,518 in FY 2016. While total census growth is low, expenditures in FY 2017 were up 5 percent over FY 2016. Most of this growth was due to an increasing number of children placed in private day treatment through federally mandated Individualized Education Program (IEP) plans. In FY 2017, 231 additional children were provided private day treatment, a 6.4 percent increase over FY 2016. Expenditures for private day treatment increased by \$17.9 million, which is a 12.9 percent increase over FY 2016. The annual cost of a private day treatment placement was \$41,088 in FY 2017

compared with the average annual cost of \$24,274 for all CSA services.

- *Fund a Rate Study for Private Day Placement Services.* Proposes \$250,000 GF in FY 2019 for the Office of Children’s Services to contract for a study to determine the adequacy of the current rates paid by localities to special education private day programs. In addition to determining adequacy, the study shall also develop recommendations for the implementation of a rate-setting structure. An interim report is due to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by December 1, 2018, and a final report is due by July 1, 2019.

- **Department for the Deaf and Hard-of-Hearing**

- *Adjust NGF Appropriation for the Relay Services Contract and Technology Assistance Program.* Reduces by \$2.8 million in each year the special fund appropriation to reflect a reduction in the cost of the telecommunications relay services contract of \$2.8 million a year as more individuals use services made available through the Internet. In addition, the appropriation for the Technology Assistance Program is increased by \$65,930 to cover higher costs in the program resulting in a net decrease of \$2.7 million a year in the agency’s budget. The source of the special fund for these programs is the Communications Sales and Use Tax.

- **Department of Health**

- *Add Funds for an Electronic Health Records System.* Proposes \$1.8 million GF in FY 2019 and \$4.2 million GF in FY 2020 and one position each year to design and implement an electronic health records system for the 119 local health departments. The system will handle over 332,000 individual client records annually.
- *Increase Funds for Education and Access for Women’s Reproductive Health.* The introduced budget provides \$6.0 million NGF each year from the federal Temporary Assistance to Needy Families (TANF) block grant for education and expanded access to contraceptives, particularly Long Acting Reversible Contraceptives (LARC). One position is added for the initiative. Language is also added requiring a report on program results and expenditures by October 1st each year.
- *Increase Funds for Additional Staff in the Office of the Chief Medical Examiner.* Adds \$1.5 million GF each year to fund 12 additional positions to address rising caseloads and continue meeting national standards for autopsy examinations. In the period from 2012 to 2016, deaths from drug overdoses were up nearly 79

percent and all other deaths, under the jurisdiction of the office, were up 47 percent during that same time period.

- ***Increase the Decedent Transport Fee.*** Proposes \$700,000 GF each year to increase the rate the Office of the Chief Medical Examiner pays to funeral homes and transport companies to transport decedents, typically due to traffic accidents. The proposal increases the current fee of \$100 to \$250 for removals with 25 miles. There is no change to the \$1.50 per mile rate for distances greater than 25 miles. The fee was last increased in 2001 from \$50 to the current fee of \$100.
- ***Fund Staff to Actively Supervise a Health System Merger Cooperative Agreement.*** Proposes \$624,518 NGF each year and six positions to actively monitor a cooperative agreement in Southwest Virginia related to the merger of Wellmont Health System and Mountain States Health Alliance. This merger creates one health system for all of Southwest Virginia and Northeast Tennessee. The cooperative agreement between the health systems, as approved by the State Health Commissioner, allows for the merger to be insulated from anti-trust considerations of the Federal Trade Commission. Current law only allows the State Health Commissioner to collect up to \$75,000 a year to supervise the cooperative agreement. This funding provides the State Health Commissioner with the staff necessary to oversee this complex cooperative agreement. Separate legislation will be submitted to modify the *Code of Virginia* to allow for greater reimbursement from the health systems to fund the required supervision.
- ***Add GF Support for Free Clinics.*** Proposes adding \$500,000 GF each year to support free and charitable clinics. This additional funding increases total general fund support for the clinics to \$6.8 million annually.
- ***Add Funds for Increased Rents at Local Health Departments.*** Proposes \$345,304 GF and \$230,959 NGF each year to address higher lease costs for 18 local health departments that have moved into new facilities or experienced higher costs in current leased space. While lease arrangements are negotiated by the Department of General Services, the cost of new leases is the responsibility of local health departments, which are funded jointly by the state and local governments.
- ***Fund Costs Related to Mandating Meningococcal Vaccine To Enter Sixth Grade.*** Proposes \$520,745 GF and \$1.6 million NGF the second year for the costs associated with mandating that children must receive one dose of the meningococcal conjugate (MCV4) vaccine prior to entering the sixth grade.
- ***Fund Contract Costs for Virginia Environmental Information System.*** Proposes \$165,000 GF the first year and \$223,000 GF the second year to cover the increase in costs associated with a new contract for the Virginia Environmental Information System (VENIS). The VENIS data system supports the Office of Environmental

Health and the 35 health districts for on-site sewage systems, food establishment inspections, bedding and upholstered furniture inspections, and various other Environmental Health functions.

- ***Fund Cost Increase in Autopsy Services for Sudden Infant Deaths.*** Proposes adding \$102,923 GF each year to fund the costs of laboratory services provided by the Division of Consolidated Laboratory Services (DCLS), which tests autopsy specimens from the Office of the Chief Medical Examiner for infant deaths due to Sudden Infant Death Syndrome. According to DCLS, federal grant funding to support this testing has been reduced and costs are higher due to newer laboratory technology.
- ***Transfer Appropriation and Positions for Food Programs to the Department of Education.*** Transfers \$15.0 million NGF each year and five positions related to the transfer of responsibility for the Child and Adult Care Feeding Program and Summer Food Services Program to the Department of Education. This transfer was authorized in Chapter 836 of the 2017 Acts of Assembly.
- ***Increase NGF Appropriation for the Federal Ryan White Program.*** Proposes to add \$12.5 million NGF each year to reflect larger federal grant funds for the program due to an increase in the number of clients in the AIDS Drug Assistance Program (ADAP). This action eliminates the need for annual administrative appropriation increases by the Department of Planning and Budget.
- ***Increase NGF Appropriation for the Drinking Water State Revolving Fund.*** Adds \$2.5 million NGF each year to match the current federal share of funding for waterworks construction projects. The fund is supported by a grant from the U.S. Environmental Protection Agency. This action eliminates the need for annual administrative appropriation increases by the Department of Planning and Budget.
- ***Increase NGF Appropriation for the Trauma Center Fund.*** Proposes to add \$1.5 million NGF each year to match recent expenditures from the Emergency Medical Services Trauma Center Fund. This fund provides funding to hospital trauma centers to offset higher costs necessary for maintaining around the clock availability of trauma care. Revenue for the fund is derived from a \$100 fee for driver's license reinstatements related to convictions for driving under the influence.
- ***Authorize Study of Food Safety and Restaurant Inspection Fees.*** Proposes budget language that requires the Department of Health and Department of Agriculture and Consumer Services to develop a long-term plan for funding the food safety and restaurant inspection programs that shall include consideration for merging

the two programs. The report is due to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by October 1, 2018.

- ***Establish New Fees for Onsite Sewage Systems.*** Proposes to establish new fees for onsite sewage system repairs, voluntary upgrades, and requests for written authorization, for which the department does not currently charge fees. Legislation requires the department to transition evaluation and design services for onsite sewage systems and wells to the private sector. These new fees are proposed to offset the loss of revenue from the transition of those services. The new fees are illustrated in the following table below.

<u><b>New Permit Type</b></u>	<u><b>Proposed Fee</b></u>
Onsite Sewage System Repair (Non-certified Work) < 1000 Gallons	\$425
Onsite Sewage System Repair (Certified Work) < 1000 Gallons	\$225
Written Authorizations (Non-Certified Work)	\$150
Written Authorizations (Certified Work)	\$100
Onsite Sewage System Repair > 1000 Gallons	\$1,400

- **Department of Health Professions**

- ***Increase NGF Appropriation to Cover Additional Costs for Authorized Positions.*** Adds \$1.2 million NGF each year to support the costs of 12 positions authorized in the 2017 Session to address increases in workload. No appropriation for these positions was provided in the current budget. The source of the nongeneral funds is generated from fees charged to regulated health professionals.
- ***Increase NGF to Reflect Costs for Telephone Services.*** Proposes to add \$84,000 NGF in appropriation for an update of the agency's phone system. Support for the previous system was ended by the vendor and the resulting change to a new system incurred additional expenses for Virginia Information Technology Agency charges, long distance charges, and equipment rental costs.

- **Department of Medical Assistance Services**

***Forecast Changes***

- ***Medicaid Utilization and Inflation.*** Adds \$177.0 million GF and \$312.0 million NGF in FY 2019 and \$398.8 million GF and \$512.5 million NGF in FY 2020 to fund expected increases in enrollment and medical costs for the Medicaid program. Medicaid spending is expected to increase by 2.1 percent and 4.2 percent,

respectively, in FY 2019 and FY 2020, well below the average annual growth rate of 7.1 percent over the past 10 years. Spending growth in the program is largely due to enrollment growth, inflation for providers, and increased supplemental payments to hospitals.

Spending growth is typically impacted by managed care rate increases, however the Medicaid Forecast is impacted by the transfer of expenditures from the fee-for-service system to the managed care system. The Commonwealth Coordinated Care Plus (CCC Plus) program includes both long-term care and behavioral health services and the new Medallion 4.0 program includes behavioral health services which were previously only provided through fee-for-service. The resulting shift in expenditures reflects assumed savings in fee-for-service costs and the rates for the two managed care programs reflects savings that combined, have a significant impact on Medicaid expenditures for FY 2019 and FY 2020. The CCC Plus program began August 1, 2017 and Medallion 4.0 will be launched August 1, 2018. The savings assumed is the primary reason for the lower expenditure growth rates for Medicaid.

The November 2017 Medicaid Forecast assumes that managed care rates for CCC Plus will increase by 2.4 percent the first year and 3.5 percent the second year. For the Medallion 4.0 program managed care rates are assumed to increase 28.2 percent (the rate is high due to the new services being moved into the program) the first year and 3.8 percent the second year. Enrollment is expected to grow around 3 percent a year. The forecast does not assume any additional “woodwork” effect from current Affordable Care Act enrollment.

The Medicaid forecast also contains additional funding for inflation adjustments of certain provider rates required by law or regulation. Funding is included for inflation adjustments for hospitals (\$70.2 million GF) and nursing homes (\$34.2 million GF).

The funding amounts noted above are adjusted to reflect a correction to the Official 2017 Medicaid Forecast to reflect two errors in the forecast. The introduced budget includes the amount of these two errors as a separate action, but for this document they are included here as part of the Medicaid Forecast.

- ***Adjust Appropriation for the Virginia Health Care Fund.*** Proposes to reduce the appropriation by \$12.2 million GF in FY 2019 and \$6.5 million GF in FY 2020 and adds a like amount of nongeneral funds each year to reflect changes in revenues to the Virginia Health Care Fund. Revenues from the Fund are used as a portion of the state’s match for the Medicaid program; therefore, higher revenues result in a reduction of the general fund appropriation needed to maintain currently-funded Medicaid services. Conversely, lower revenues require additional general fund

support. Revenues in the fund are derived from tobacco taxes, Medicaid recoveries and revenue maximization initiatives, and a portion of the Master Tobacco Settlement Agreement (41.5 percent of tobacco settlement revenues). Changes to the fund include:

- An increase of \$5.8 million each year in Medicaid recoveries,
  - An increase of \$15.5 million in FY 2019 and \$10.5 million in FY 2020 in expected pharmacy rebates,
  - A decrease of \$10.1 million in FY 2019 and \$10.8 million in FY 2020 from projected reductions in tax collections from cigarettes and other tobacco products.
- ***Family Access to Medical Insurance Security (FAMIS) Utilization and Inflation.*** Proposes to add \$3.8 million GF and \$28.2 million NGF in FY 2019 and \$23.4 million GF and \$19.3 million NGF in FY 2020 to reflect the forecast of expenditures in the FAMIS program. The increase in the program costs is due to higher growth in the number of children served by the program, managed care rate increases, and the transition to a lower federal match rate. The federal match rate under the Affordable Care Act was increased temporarily from 65 percent to 88 percent beginning October 1, 2015 through October 1, 2019. However, bills related to the reauthorization of the Children’s Health Insurance program in Congress provide a one year transition rate of 76.5 percent from October 1, 2019 through September 30, 2020 when the rate is lowered back to 65 percent. Therefore, in FY 2020, the federal match rate decreases to 76.5 percent for three-quarters of the state fiscal year.

FAMIS enrollment of children increased by 4.9 percent in FY 2016 and 4.9 percent in FY 2017. Through December 1, 2017, average monthly enrollment for FY 2018 is up 8.6 percent for children. The FAMIS program serves pregnant women and children under the age of 19 in families with income between 133 and 200 percent of poverty.

- ***Medicaid Children’s Health Insurance Program (CHIP) Utilization and Inflation.*** The proposed budget adds \$1.9 million GF and \$14.1 million NGF in FY 2019 and \$16.6 million GF and \$4.6 million NGF in FY 2020 to reflect the forecast of expenditures in the Medicaid CHIP program. As with the FAMIS program, the growth is due to increasing enrollment in the number of children served by the program, managed care rate increases, and the transition to a lower federal match rate. The federal match rate under the Affordable Care Act was increased temporarily from 65 percent to 88 percent beginning October 1, 2015 through October 1, 2019. However, bills related to the reauthorization of the Children’s Health Insurance program in Congress provide a one year transition rate of 76.5

percent from October 1, 2019 through September 30, 2020 when the rate is lowered back to 65 percent. Therefore, in FY 2020, the federal match rate decreases to 76.5 percent for three-quarters of the state fiscal year.

Enrollment in the Medicaid CHIP program has increased by 5.3 percent in FY 2016 and 5.3 percent in FY 2017. Through December 1, 2017, average monthly enrollment for FY 2018 is up 11.7 percent. The Medicaid CHIP program provides services for Medicaid-eligible low-income children, aged 6 – 18, living in families with incomes between 100 and 133 percent of the federal poverty level.

- ***Adjust Funding for Involuntary Mental Commitments.*** The introduced budget adds \$3.0 million GF in FY 2019 and \$3.9 million in FY 2020 for expected expenditure growth as a result of higher caseload for hospital and physician services related to involuntary mental health commitment hearings. Legislation adopted by the 2014 General Assembly related to the duration of emergency custody and temporary detention orders have resulted in higher than anticipated additional costs for these medical services.

### ***Policy Changes***

- ***Medicaid Expansion for Low-Income Individuals.*** Proposes to reduce funding by \$120.4 million GF in FY 2019 and \$221.4 million GF in FY 2020 and increases funding of \$926.1 million NGF in FY 2019 and \$2.2 billion NGF in FY 2020 to reflect the net impact of expanding Medicaid to individuals with income up to 138 percent of the federal poverty level pursuant to the Patient Protection and Affordable Care Act (ACA) by October 1, 2018. The proposal assumes that 300,000 individuals would be enrolled.

The cost of the expanded coverage would be offset by revenue from the Health Care Fund that is generated from a provider assessment on hospitals. The proposed hospital provider assessment (authorized on Part 3 of the introduced budget) would apply to only private acute care hospitals (excludes public, freestanding psychiatric and rehabilitation, children's, long stay, long-term acute care and critical access hospitals). The assessment will be calculated annually by May 1. Each hospital's assessment will be based on the assessment percentage times net patient service revenue. The assessment percentage for each hospital is calculated by taking 1.08 times the non-federal share of the full cost of expanded Medicaid coverage divided by hospital net patient service revenue. The estimated cost of the coverage expansion for which the provider assessment would be based is \$80.8 million in FY 2019 and \$226.1 million in FY 2020. The estimated general fund costs and savings are illustrated in the table below.

The introduced budget reduces general fund spending for Medicaid related expenditures by \$119.8 million GF in FY 2019 and \$221.3 million GF in FY 2018

and increases federal Medicaid matching funds by \$942.6 million in FY 2019 and \$2.2 billion in FY 2020 to reflect the impact of Medicaid expansion on the agency's budget. Companion budget actions also reduce spending in the Department of Behavioral Health and Developmental Services and the Department of Corrections to capture anticipated savings in those agencies. In addition, 15 positions are proposed to be added in the Department to support Medicaid expansion.

***Proposed Spending for Department of Justice (DOJ) Related Items***

- ***DOJ: Add Funding for Required Community Living (CL) and Family and Individual Supports (FIS) Waiver Slots.*** Proposes \$14.5 million GF in FY 2019 and \$30.5 million GF in FY 2020 and an equal amount of federal Medicaid matching funds to add 825 new CL and FIS waiver slots over the biennium as required under the DOJ settlement agreement. Funding will be used to add 70 new CL waiver slots for individuals transitioning from state intellectual disability training centers to the community, 680 new CL waiver slots for individuals residing in the

community on the waiting list, and 75 new FIS waiver slots for individuals residing in the community during the 2018-20 biennium.

- ***DOJ: Reduce Funding for State Intellectual Disability (ID) Training Centers.*** Proposes net general fund savings of \$10.5 million in FY 2018 and \$17.0 million in FY 2020 and an equal amount of federal Medicaid matching funds each year reflecting the ongoing closure of operations at state ID training centers. The Department of Justice settlement agreement requires that individuals be transitioned into more integrated settings in the community. Savings this biennium reflect the closure of Southwestern Virginia Training Center in June of 2018 and the estimated impact of discharges from Central Virginia Training Center, which is expected to close by the end of FY 2020. A companion budget action within DBHDS provides funds for closure costs not reimbursable through the Medicaid program.

#### ***Other New or Reduced Spending***

- ***Authorize Overtime Pay for Consumer-Directed Attendants.*** Proposes an additional \$9.6 million GF and an equivalent amount of federal Medicaid matching funds the second year to allow consumer-directed attendants to receive up to 16 hours of overtime pay per week. Changes in federal regulations eliminated the overtime exemption for home care workers. In the 2016 Session and the 2017 Session, the General Assembly did not provide any authority for Medicaid to pay overtime for these attendants.
- ***Increase Personal Care Rates.*** Proposes \$4.8 million GF and \$4.8 million NGF in FY 2019 and \$5.1 million GF and \$5.1 million NGF in FY 2020 to increase Medicaid rates for consumer directed personal care, respite care and companion care by 2 percent in FY 2019 in the home and community-based waiver programs and the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program.
- ***Fund the Medicaid Costs of Full Implementation of Same Day Access at Community Services Boards.*** The introduced budget proposes \$1.6 million GF in FY 2019 and \$1.6 million GF in FY 2020 and a like amount of matching federal Medicaid funds each year, to fund the Medicaid costs of same day access to services at 22 Community Services Boards (CSBs). Chapter 836 provided funding for the first 18 CSBs. This service is the first part of the STEP-VA initiative to improve access and uniformity of services across the Community Board System. Chapters 683 and 607 of the 2017 Acts of Assembly (HB1549/SB1005) mandate all Community Services Boards provide same day access to services by July 1, 2019.
- ***Add 50 Reserve Waiver Slots.*** Proposes adding \$937,238 GF and \$937,238 NGF in FY 2019 and \$1.9 million GF and \$1.9 million NGF in FY 2020 to fund 50 reserve waiver slots in the Community Living Medicaid waiver serving individuals with

intellectual and developmental disabilities (I/DD). The reserve slots will be used for emergencies, individuals transferring between the three waiver programs, or for individuals transitioning from an intermediate care facility or nursing facility to the community.

- ***Fund Training for Consumer-Directed Attendants.*** Proposes \$500,000 GF and a like amount of matching federal Medicaid funds each year to fund training for consumer-directed attendants that provide personal, respite and companion care services in the Medicaid program.
- ***Use Civil Money Penalty Funds to Improve Patient Care in Nursing Facilities.*** Adds \$700,000 NGF each year to support quality improvement initiatives at nursing facilities. Civil Money penalties are collected from nursing facilities that are found out of compliance of federal standards. These funds provide an emergency source of funds in cases of sudden nursing facility closures when resources are necessary to relocated residents. The proposed funding uses only a portion of the revenue collected.
- ***Fund Eye Care Services for Low-Income Children Not eligible for Medicaid or FAMIS.*** Proposes \$336,096 NGF each year from federal Children's Health Insurance Program administrative allotment to allow the Department of Medical Assistance Services to contract with Vision to Learn, a non-profit organization, to fund eye exams and provide corrective lenses, if necessary, for children in Title I schools. Only those schools with 51 percent or higher of the student body receives free or reduced lunch would qualify. It is estimated that 2,700 children each year with incomes above the FAMIS eligibility of 200 percent of the federal poverty level would qualify under the program. The state share of costs would be matched by the Virginia Health Care Foundation.
- ***Reduce Appropriation for Piedmont Geriatric and Catawba Hospitals due to Federal Reductions.*** The introduced budget proposes a reduction of \$453,910 GF in FY 2019 and \$635,474 GF in FY 2020 and a like amount of federal Medicaid matching funds each year to reflect federal reductions in Disproportionate Share Hospital (DSH) funding. The federal DSH allotment is provided to states to make payments to qualifying hospitals that serve high numbers of Medicaid and uninsured patients. The Affordable Care Act included a reduction to DSH allotments to reflect the reduction in uninsured patients resulting from Medicaid expansion and health insurance provisions in the law. The reductions have been delayed previously and under current law begin to take effect in federal fiscal year 2019. Another proposed action in the Department of Behavioral Health and Developmental Services provides GF support to offset the DSH reduction to Piedmont Geriatric and Catawba Hospitals.

## *Administrative Funding*

- ***Fund Re-procurement Costs of the Cover Virginia Center.*** Adds \$3.8 million GF and \$6.3 million GF in FY 2019 and \$1.1 million GF and \$3.4 million NGF in FY 2020 to fund the anticipated costs to re-procure the contract for the Cover Virginia Call Center. The contract includes a call center, centralized eligibility processing unit, and a special unit for the GAP program. The department will exercise a one-year extension of the current contract for FY 2019 but expects to have startup costs prior to a new vendor beginning operations in FY 2020.
- ***Fund External Quality Review Activities for Managed Care Oversight.*** Proposes \$301,755 GF and \$905,266 NGF in FY 2019 and \$570,449 GF and \$1.7 million NGF in FY 2020 to fund a contract with an External Quality Review Organization (EQRO). An EQRO analyzes and evaluates data from the managed care companies related to quality, timeliness, and access to care for Medicaid enrollees as required by federal regulation. The funding would also support an audit of the managed care companies' provider networks.
- ***Add Two Positions to Strengthen Agency Data Security and Processes.*** The introduced budget proposes \$138,087 GF and \$138,087 in matching federal Medicaid funds each year of the biennium to fund two positions to address data security weaknesses. These positions will enhance risk management, encryption key management, intrusion protection and detection, and vulnerability scanning to ensure the agency's systems are secure and fully compliant with federal standards.
- ***Backfill a Reduction in Federal Support for Information Technology Staff.*** Proposes an increase of \$250,000 GF and a decrease of \$250,000 NGF in FY 2020 to backfill funds due to a reduction in the federal match rate for certain information technology positions involved in the Medicaid Enterprise System (MES) replacement. A prior savings action reduced the GF for these positions because federal rules permit a 90 percent federal match for certain activities related to the re-procurement of the MES. The period of time the higher match rate can be claimed ends by FY 2020.
- ***Fund Increase in Costs for Third Party Liability Verifications.*** Proposes \$104,175 GF and \$104,175 in matching federal Medicaid funds each year to fund the increase in costs associated with performing 28,000 Third Party Liability (TPL) verifications each year. In addition, this funding would also support 2,000 additional TPL verifications each year along with 675 Medicare verifications, which are currently not conducted at all.
- ***Evaluation of the GAP Waiver.*** The introduced budget adds \$85,000 GF and \$85,000 NGF each year to pay for an independent evaluation of the GAP waiver.

The GAP waiver provides a limited Medicaid benefit to seriously mentally ill individuals with incomes up to 100 percent of the federal poverty level that are otherwise not eligible for the regular Medicaid program. The federal government requires an evaluation of waivers.

- ***Increase Funding for FAMIS Outreach and Enrollment.*** Adds \$11,280 GF and \$82,720 NGF in FY 2019 and \$19,388 GF and \$74,612 NGF in FY 2020 to provide additional funding for a contract with the Virginia Health Care Foundation to increase support for outreach and enrollment efforts for the FAMIS program.

### ***Language***

- ***Modify Language for the Graduate Medical Residency Program.*** Includes language specifying the hospitals that have been awarded the remaining ten graduate medical residency slots. This program uses Medicaid funding to fund up to 25 slots for medical residents at Virginia hospitals. Last year only 15 of the 25 slots were filled and this language reflects the award of the remaining 10 slots.
- ***Require Data Reporting on Managed Care Payments for Services under the Children’s Services Act (CSA).*** Adds language requiring the Department of Medical Assistance Services (DMAS) to collect from Medicaid managed care companies all data and information necessary to be provided to the Office of Children’s Services (OCS) in order to ensure the collection of the local matching share of Medicaid eligible services under CSA. Services provided through the CSA program require a local matching share. DMAS is transitioning these services from a fee-for-service payment to a capitated payment model, but OCS still needs to receive the data on services provided, on a monthly basis, in order to calculate and collect the local share.
- ***Require Notice of Changes to the State Plan or Medicaid Waivers.*** Adds language requiring that the Department of Medical Assistance Services provide notice to the Department of Planning and Budget 30 days prior to the submission of a state plan or waiver amendment for Medicaid. The notice would state the purpose of the change and if any future regulatory action or additional funding would be needed.
- ***Update the Eligibility Performance Management Program.*** Requires the Department of Medical Assistance Services and the Department of Social Services to report data on the functioning of the eligibility system for Medicaid and the Children’s’ Health Insurance Program. Based on the data collected, the agencies are required to develop meaningful performance metrics that shall be publicly reported to demonstrate the performance of the eligibility system including the performance of local departments of social services and the centralized processing unit.

- **Department of Behavioral Health and Developmental Services (DBHDS)**

*Community Mental Health and Substance Use Disorder Treatment Services*

- *Add Funds for STEP-VA Assessment Services at Community Services Boards (CSBs).* The proposed budget adds \$7.5 million GF and \$1.6 million NGF each year over the biennium to complete the implementation of same-day access to assessment services at 22 remaining CSBs. Of this amount, \$5.9 million GF each year is provided in the budget for DBHDS and \$1.6 million GF and \$1.6 million in matching federal Medicaid matching funds each year is provided in the budget for the Department of Medical Assistance Services (DMAS) for those services provided on behalf of Medicaid recipients. Funding will be used for additional staffing to provide intake and increase mental health evaluations.
- *Add Funds for STEP-VA Primary Care Screening Services at CSBs.* Proposes \$3.7 million GF the first year and \$7.4 million GF the second year to implement primary care screening services at all 40 CSBs. Legislation passed by the 2016 General Assembly requires CSBs to provide for outpatient primary care screening and monitoring for physical health indicators and health risks, and follow-up services for individuals identified as being in need of assistance with overcoming barriers to accessing primary health services beginning in FY 2020.
- *Continue Funds for Medication Assisted Treatment Services.* Proposes \$5.0 million GF each year to replace federal funding from the federal State Targeted Response to the Opioid Crisis Grant for opioid medication assisted treatment services to approximately 700 individuals. The 2017 General Assembly appropriated available federal grant funding for this purpose in FY 2018. However, federal grant funding will expire in FY 2019.
- *Add Funds for Discharge Assistance Plans to Reduce Census at State Facilities.* Proposes \$2.3 million GF the first year and \$4.6 million GF the second year to transition 92 individuals from state facilities who face extraordinary barriers to discharge into the community. Funding will help to reduce census pressures at state mental health facilities.
- *Expand Permanent Supportive Housing for Mentally Ill.* The Governor’s proposed budget includes the following actions to expand permanent supportive housing and program oversight for individuals with serious mental illness and substance use disorders:
  - \$1.5 million GF the first year and \$3.1 million GF the second year to expand permanent supportive housing for up to 200 individuals with serious mental illness with priority for those who are currently residing in state facilities and are ready for discharge;

- \$826,260 GF the first year and \$1.7 million GF the second year for pregnant women or women with children with substance use disorders; and
  - a transfer of \$200,000 GF from the funds for permanent supportive housing for individuals in the community to the central office to fund two additional positions to provide program oversight. The 2017 actions by the General Assembly provided \$100,000 and one position to oversee the program.
- ***Develop Assisted Living Facility to Increase Community Capacity for Facility Discharges.*** Adds \$700,000 GF the first year and \$1.7 million GF and 10 positions the second year for the development of one assisted living facility (ALF) for individuals with serious mental illness transitioning from state facilities to communities. The target population will be individuals in state hospitals who have the most complex and resource intensive needs to provide them with the potential for transitioning to more integrated settings. The ALF will be strategically located in an area of highest need and provide 24-hour residential care for individuals with significant medical needs, co-occurring mental health, substance abuse, and neuro-cognitive disorders, treatment resistant symptoms, and histories of high risk behaviors, and who require high levels of nursing supervision and frequent medical and psychiatric assessments. A companion amendment (described below) proposes \$250,000 GF the second year for a support team to provide supplement services in the ALF for these individuals. Another amendment in the Department of Social Services proposes additional funding to support associated costs to the Auxiliary Grant program for room and board for these individuals.
- ***Fund Community Support Teams to Assist with Community Integration.*** Adds \$1.1 million GF each year for community support teams to develop and oversee a continuum of integrated community settings for individuals leaving state hospitals. Out of this amount, \$250,000 the second year will be used for a team to provide nursing, case management and staff support for high risk individuals discharged from state hospitals to the proposed new assisted living facility. The remaining funding would fund a specialized community integration team with psychiatric, clinical/behavioral, nursing and geriatric expertise to work with an array of providers to ensure individuals discharged from state behavioral health hospitals have access to a continuum of community-based services including behavioral, nursing, case management support, and permanent supportive housing.
- ***Medicaid Expansion Savings for Community Behavioral Health Services.*** Proposes reducing spending by \$16.7 million GF the first year and \$25.0 million GF the second year to reflect the impact of estimated savings from Medicaid

expansion. The savings would come from state support to Community Services Boards for individuals receiving community behavioral health and substance use disorder treatment services, who would become eligible for Medicaid through the proposed expansion on October 1, 2018.

### ***Mental Health Treatment Centers***

- ***Fund Electronic Health Records System at all DBHDS Facilities.*** Proposes \$5.1 million GF each year to implement electronic health records (EHR) at nine DBHDS facilities which were slated for conversion several years ago. The initial implementation of EHR extended to only three facilities due to a number of unanticipated issues related to project scope.
- ***Operating Support for New 56-Bed Unit at Western State Hospital (WSH).*** Proposes \$5.6 million GF and \$621,805 NGF the second year for 112 positions and operating costs for two new 28-bed units at WSH that are scheduled to open by FY 2020. The units are expected to be fully operational in FY 2021 with an annual operating cost of \$8.5 million.
- ***Backfill NGF with GF for Reduction in Medicaid Disproportionate Share (DSH) Payments.*** Proposes adding \$907,820 GF the first year and \$1.3 million GF the second year to backfill the loss of Medicaid DSH payments at Piedmont Geriatric Hospital and Catawba Hospital. The proposed budget reduces a commensurate amount each year in nongeneral funds. The reduction in DSH funds is due to provisions in the federal Affordable Care Act, which reduces these funds for all states.

### ***Proposed Department of Justice (DOJ) Budget Actions***

- ***Summary of Proposed Actions.*** The introduced budget includes a net addition of \$9.1 million GF the first year and \$23.3 million GF the second year to continue implementation of the settlement agreement with the U.S. Department of Justice related to the training centers and community integration of individuals with intellectual and developmental disabilities into the community. The budget proposals are included in the budgets for the Department of Medical Assistance Services, and the Department of Behavioral Health and Developmental Services (DBHDS). The summary table below illustrates all DOJ related budget actions in the agencies. The individual descriptions of related budget actions for DBHDS follow.

\*Additional nongeneral funds are also proposed for DOJ related activities through the federal Medicaid match for waiver slots and reserve slots totaling \$45 million over the biennium, as well as \$5.0 million in FY 2019 from the BHDS Trust Fund for increasing community capacity for individuals with medically complex support needs, provider training and compliance reviews, quality management and information technology.

- *DOJ: Expand Crisis Services.* Proposes \$2.4 million GF the first year and \$3.2 million GF the second year to improve crisis programs to comply with requirements of the settlement agreement. This funding will support staffing for a children’s crisis therapeutic home and an adult transition home located in the

Northern Virginia catchment area. The 2017 General Assembly provided one-time funds from the Behavioral Health and Developmental Services Trust Fund to develop services in Northern Virginia for those with intensive behavioral or medical needs, including two eight-bed therapeutic homes. The settlement agreement requires the Commonwealth to implement a statewide crisis system to support individuals with developmental disabilities.

- ***DOJ: Increase Funds for State Rental Assistance Program for Individuals with Developmental Disabilities to Live in Independent Settings.*** Proposes \$1.6 million GF the first year and \$4.1 million the second year to support 343 individuals to live in their own housing with appropriate supports. This funding will allow the Commonwealth to achieve its goal to provide rental assistance to 847 individuals as agreed upon by the agency and the Department of Justice.
- ***DOJ: Fund a Developmental Disabilities Health Support Network in the Central Virginia Region.*** Provides \$1.3 million GF and 8.75 FTE positions the second year to create a health support network in the central Virginia region of the Commonwealth to ensure that appropriate services are available for individuals in the community that have transitioned from the training centers. The current budget of \$3.9 million GF supports three health support networks: one in Northern Virginia and one in the Richmond area and one in Southwest Virginia. These networks provide health education, dental services and equipment repair. A network in Central Virginia is proposed to be developed to coincide with the planned closure of the Central Virginia Training Center in 2020.
- ***DOJ: Fund Community Services for Non-Medicaid Training Center Residents.*** Provides \$175,000 GF each year for the costs of community services for two individuals currently residing in state training centers that are not eligible for Medicaid. These individuals are expected to be transitioned from the training centers to the community in FY 2019.
- ***DOJ: Increase Funding for Independent Reviewer.*** Adds \$62,167 GF the first year and \$101,815 GF the second year for a larger than anticipated workload for the independent reviewer, who is appointed by the court to monitor the Commonwealth's compliance with the settlement agreement. Funding was added in the 2016-18 biennium for serious incident reviews, which were required by the judge and which were not anticipated in the original settlement agreement.
- ***DOJ: Increase Funding for Provider Training, Compliance, and Quality Improvements.*** Proposes \$1.2 million the first year from the BHDS Trust Fund to be spent on provider training, provider compliance review, quality management, and information technology improvements. The added amount in the trust fund comes from the sale of the Northern Virginia Training Center.

- ***DOJ: Increase Community Capacity for Individuals with Medically Complex Support Needs.*** Proposes allocating \$3.8 million the first year from the BHDS Trust Fund to develop provider capacity to serve individuals with multiple diagnoses (i.e Developmentally Disabled (DD) individuals experiencing a mental health issue, and having a personality disorder) and individuals with complex medical support needs. The one-time funds will be used for the purchase of homes as well as initial development and training of specialized staff. Monies allocated to funding homes for individuals with complex medical supports will be utilized to support capacity development in the area of the Central Virginia Training Center. Funding allocated to tri-diagnoses homes will be deployed throughout the Commonwealth to enhance each region’s capacity.
- ***DOJ: Reduce Funds to Reflect Downsizing and Closure of Training Centers.*** Proposes reducing funding by \$1.0 million GF and in FY 2020 to reflect savings from the continued downsizing and closure of training centers. Separate actions also reduce the special fund appropriation for training centers by \$50.0 million NGF each year and eliminate 365 positions to reflect a reduction in Medicaid and third party reimbursements due to downsizing and closure.

***Other Spending Initiatives***

- ***Fund Increasing Caseload for Part C Early Intervention Services.*** Proposes \$1.8 million GF the first year and \$2.8 million GF the second year to cover the costs of the increasing caseload for the program. The program has been growing on average by 5.0 percent a year over the past six years. The program provides early intervention services to children from birth to 2 years old with a developmental delay or at-risk of a developmental delay. This program is part of the federal Individuals with Disabilities Education Act.
- ***Add Licensing Positions.*** Proposes \$238,692 this first year and \$859,294 and four additional positions the second year to increase licensing positions in the agency by five positions in FY 2019 and an additional four positions in FY 2020. The added positions will address the backlog of providers and facilities that must be licensed by the agency in order to provide services.

***Virginia Center for Behavioral Rehabilitation (VCBR)***

- ***Fund Temporary Beds for Individuals with Significant Medical Needs.*** Proposes \$2.8 million GF the first year and \$2.9 million GF the second year and 55 positions to staff and operate 22 temporary beds for VCBR residents with significant medical needs. The temporary beds will be located at Piedmont Geriatric Hospital. The census at the VCBR is projected to be over capacity in 2018. Funds, staff and residents will be transferred back to the VCBR once the planned expansion is complete in FY 2021.

- ***Fund VCBR Expansion Operating Costs.*** The introduced budget adds \$7.8 million GF and 147 positions in the second year for the increased operating costs associated with the 72-bed expansion. The first unit is projected to open in August 2019 with full expansion to be completed in FY 2021.
- ***Fund Hepatitis C Treatment Costs.*** Proposes \$540,000 GF each year for the costs of providing treatment for hepatitis C for 28 residents at the center. Additional funding will cover the cost of drugs, exams, laboratory services and transportation to treatment centers.
- ***Fund Increased Costs for Sexually Violent Predator Supervision and Monitoring.*** Adds \$331,846 GF the first year and \$518,570 GF the second year for the increased costs to supervise and monitor sexually violent predators who are discharged from the Virginia Center for Behavioral Rehabilitation. The agency contracts with the Department of Corrections to provide these services.
- ***Remove Language Restricting Fund Transfers to the VCBR.*** The introduced budget eliminates language which restricted the agency from transferring funds within the agency to the VCBR. The agency requested greater flexibility while it approaches capacity at the VCBR and moves residents to temporary space until the expansion is complete.

- **Department for Aging and Rehabilitative Services**

- ***Provide Funds for a New Adult Services and Adult Protective Services Case Management System.*** Proposes \$440,000 GF each year for the ongoing costs of replacing and operating a new case management system. Funding of \$560,000 from two federal grants was used for most of the system development costs. The proposed funding will be used to pay for licensing fees, training of local workers and on-going support costs.

- **Department of Social Services**

- ***Fund Projected Information Technology Costs.*** The introduced budget adds \$4.2 million GF and \$4.2 million NGF each year for projected information systems operating costs through VITA and other systems costs related to the transition from the UNISYS system to the Virginia Case Management System. The agency is experiencing system redundancy costs as it terminates use of the UNISYS mainframe, which was not accounted for in VITA base budget adjustments that were proposed in Central Accounts.
- ***Fund Foster Care and Adoption Forecast.*** Proposes a net increase of \$3.3 million GF and \$6.7 million NGF each year for forecast changes to the foster care and adoption programs. Adoption subsidies are projected to increase by \$15.6 million

GF and \$13.4 million in federal Title IV-E funds over the 2018-20 biennium above FY 2018 appropriations. Title IV-E foster care expenditures are expected to increase by \$4.0 million GF and \$4.0 million NGF over the 2018-20 biennium above FY 2018 appropriations. The increased costs for the Title IV-E foster care and adoption programs are partially offset by a projected decline in state adoption subsidies by \$13.1 million GF and \$4.0 million NGF over the 2018-20 biennium. The following table details total spending for child welfare services.

<b>Proposed Funding for Child Welfare Services Spending</b>

<b>Total</b>	<b>\$193.9</b>	<b>\$200.9</b>	<b>\$207.7</b>
*The general fund share of these costs is 50 percent.			

- *Fund Child Welfare Information System with Mandated Reinvestment Funds.* The introduced budget adds \$3.1 million GF each year to implement a new comprehensive child welfare information system for case management to replace four information systems, using federally required reinvestment funding. The new system will be used for foster care and adoption case management, investigations of abuse and neglect, to track and monitor preventive services to at-risk families and provide for other record keeping needs. Since federal FY 2010, the program criteria for an applicable child for federal Title IV-E adoption assistance have resulted in an increase in children eligible for federal funding. Services for these children were fully state-supported, resulting in state savings. The savings are required by federal law to be reinvested in the child welfare system.
- *Fund Increase in Child Welfare Services with Mandated Reinvestment Funds.* Proposes \$1.3 million GF each year to fund an increase in child welfare services using mandated reinvestment funding as required by federal law. As indicated above, state savings in adoption assistance funds due to increases in eligibility for federal Title IV-E adoption assistance must be reinvested in the child welfare system. The funds will be used for post adoption case management services,

mutual family assessments, foster care and adoption services, and substance abuse services for parents.

- ***Backfill Loss of Nongeneral Fund Revenues for Child Support Enforcement Operations.*** Proposes an addition of \$3.0 million GF and reduces \$3.5 million NGF each year for child support enforcement operations. Nongeneral fund revenues come from allowable retained child support collections on behalf of TANF recipients. Federal law allows the program to retain any child support payments in excess of \$50 each month for operating costs if the family receives TANF assistance in addition to child support.

As the TANF caseload continues to decrease, the amount of child support collected on the families' behalf also declines. TANF collections declined by about 10% in FY 2017 and are estimated to decline by an additional 6% in FY 2018. These retained collections are used to provide the state match for federal child support enforcement funding, which are available at a two-to-one federal-to-state match rate. This action assumes that the Division of Child Support Enforcement will continue hold about 10 percent of its positions vacant as part of its efforts to decrease operational costs.

- ***Increase Support for Additional Local Eligibility Workers as a Result of Expanding Medicaid.*** Provides \$2.3 million GF and \$16.9 million NGF the first year and \$3.6 million GF and \$27.3 million NGF the second year to fund additional eligibility workers in the local Departments of Social Services. The introduced budget includes an expansion of Medicaid as allowed by the federal Affordable Care Act. This expansion may result in as many as 300,000 new enrollees in the program and many of the eligibility determinations would be handled at the local level.
- ***Reinvest Auxiliary Grant Rate Savings in Rate Increase.*** Proposes \$1.4 million GF each year to increase the Auxiliary Grant rate by \$35 per month beginning July 1, 2019. This increases the grant rate by 2.8 percent over the proposed FY 2018 rate of \$1,236 per month, which was adjusted by \$15 per month to reflect a Supplemental Security Income cost of living adjustment beginning January 1, 2018.
- ***Fund Auxiliary Grants for Individuals with Serious Mental Illness Discharged from State Behavioral Health Facilities.*** Proposes adding \$299,040 GF the second year to support associated costs to the Auxiliary Grant program for room and board for individuals with serious mental illness with complex needs that are transitioning from state behavioral health facilities to more integrated community settings. Companion amendments in the Department of Behavioral Health and Developmental Services provide funding for the development of the assisted

living facility (ALF) and a support team to provide supplement services in the ALF for these individuals.

- ***Capture Surplus in Funding from the Auxiliary Grant Program.*** Reduces by \$1.8 million GF each year the funding appropriated for the auxiliary grant program. Fewer individuals are expected to participate in the program. Expenditures in the program have declined by about 12.5 percent over the past three fiscal years.
- ***Fund Increase in TANF Unemployed Parents Program.*** Proposes \$796,839 GF each year to fund the forecast of costs in the unemployed parents cash assistance program.
- ***Fund Rent Increases for Regional Offices.*** Proposes funding of \$331,919 GF and \$417,041 NGF each year to support increases in rent for regional offices whose leases are set to expire.
- ***Fund Office of Immigrant Assistance.*** Proposes funding of \$450,000 GF the first year and \$300,000 GF the second year and two positions to create an Office of Immigrant Assistance to assist lawful immigrants in becoming U.S. citizens.

#### ***Nongeneral Fund Increases***

- ***Adjust Appropriation for Local Staff and Operations.*** Proposes \$27.0 million NGF each year to reflect a projected increase in federal appropriations for local DSS staff and operations. Federal funding is provided based on an agreed upon cost allocation formula.
- ***Add Federal Child Care And Development Fund (CCDF) Funds for Child Care Subsidies and Improvements.*** Proposes adding \$1.1 million NGF each year from the federal CCDF awarded to the agency for child care subsidies and child care quality improvement activities. Out of this funding, \$500,000 NGF each year will be used in underserved areas to increase the number of subsidies. The remaining funding will be used to address increased need for quality rating system (QRS) services to providers who are now required to participate in the QRS due to new federal program standards for Head Start.
- ***Add Federal CCDF for Child Care Licensing Information Technology Upgrades.*** Proposes adding \$714,469 NGF each year from the federal CCDF to upgrade the Division of Licensing Programs Health and Information Network (DOLPHIN). The system is used to manage the Division’s licensing program.
- ***Adjust Appropriation for Supplemental Nutrition Assistance Program (SNAP) Employment and Training Pilot Grant.*** Proposes reducing \$4.2 million NGF the first year and \$8.3 million NGF the second year from an appropriation for a

federal grant award to the state for a pilot program. The purpose of this pilot program was to increase the number of SNAP recipients that obtain employment and increase the income of those employed with the ultimate goal of reducing reliance on SNAP benefits. The 3-year pilot program will be completed by December 31, 2018.

- ***Increase Appropriation for Virginia Birth Father Registry Program.*** Proposes an increase of \$100,000 NGF each year from the Virginia Birth Father Registry Program for increased marketing about the registry. The program was created by the 2006 General Assembly to allow putative fathers to register and be entitled to notification if a child is conceived and placed for adoption.

#### ***Temporary Assistance to Needy Families Block Grant***

- ***Adjust Temporary Assistance to Needy Families (TANF) Funding to Account for Providing Mandated Benefits.*** Reduces TANF spending by a net of \$25.0 million NGF the first year and \$29.1 million NGF the second year to reflect the spending forecast of TANF income benefits. TANF spending for mandated benefits has declined in recent years and is expected to decline by 4.5 percent in FY 2019 and an additional 4.2 percent in FY 2020 from the FY 2018 estimated spending level. This reduction is offset by additional TANF spending in the proposed budget that includes \$6.0 million NGF each year from estimated TANF balances for a long-acting reversible contraception pilot program. These actions will leave a \$107.1 million TANF balance at the end of FY 2020. The table below provides detail on the TANF budget for the biennium.

- **Secretary of Natural Resources**

- *Reporting on Settlements.* Retains language, included in Chapter 836 of the 2017 Acts of Assembly, requiring the Secretary of Natural Resources to report annually on all settlement agreements to which the Secretary is a signatory and provide copies of any finalized settlements to the Chairman of the House Appropriations and Senate Finance committees within 15 days of finalization. The introduced budget contains multiple actions relating to the recent DuPont settlement and Surry-Skiffes Creek mitigation agreements.

- **Department of Conservation and Recreation**

- *Provide Water Quality Improvement Fund Deposit.* Includes \$22.5 million GF in FY 2019, representing the statutory deposit to the Water Quality Improvement Fund (WQIF) based on the FY 2017 revenue surplus and unexpended balances. Out of this deposit, a series of designations are made, including: (1) the required deposit of 15 percent, or about \$2.0 million, to the WQIF reserve fund, (2) the transfer of \$19.8 million to the Virginia Natural Resource Commitment Fund of which \$18.4 million is agricultural best management practices, (3) the provision of \$2.4 million to soil and water conservation districts for technical assistance, and (4)

the use of \$750,000 to provide \$250,000 to develop a tracking and reporting module for the Ag BMPs database and \$500,000 to be used as match for the federal Conservation Reserve Enhancement Program (CREP).

- ***Increase Nongeneral Fund Appropriations.*** Increases the department’s nongeneral fund appropriation by \$3.9 million each year to align anticipated revenues and spending levels.
- ***Appropriate Nongeneral Fund Settlement Monies to Support Middle Peninsula State Park.*** Proposes a nongeneral fund appropriation of \$509,955 the first year and \$317,124 the second year as well as 3.00 FTE positions from mitigation settlement amounts relating to the Skiffes Creek settlement. These amounts will cover operating costs at Middle Peninsula State Park for the biennium. Beginning in FY 2021, these costs will have to be covered by the General Fund. Accompanying language exempts the acquisition of property resulting from mitigation settlements from the prohibition on the acceptance of property that result in additional operating expenses. A companion amendment in Capital Outlay authorizes the acceptance of this property which is being donated as a State Park as part of the Skiffes Creek settlement.
- ***Wi-Fi Connectivity in State Parks.*** Includes \$526,888 GF the first year and \$9,460 the second year to install Wi-Fi connections at eight state parks and expand Wi-Fi coverage at 14 additional parks.
- ***Increase Virginia Land Conservation Fund.*** Proposes an additional appropriation of \$312,500 to the Virginia Land Conservation Fund to reflect revenue received from the Skiffe’s Creek mitigation settlement.
- ***Virginia Outdoors Foundation.*** Provides \$250,000 GF each year to support the establishment of a new urban open-space preservation grant program.
- ***Dam Rehabilitation Plan.*** Proposes language that extends the date for the submission of the Plan for the Rehabilitation of Soil and Water Conservation District Dams by one year to November 1, 2018.
- ***Capital Outlay Authorizations.*** In addition to the language authorizing the acceptance of land for the Middle Peninsula State Park as part of the Skiffe’s Creek Settlement, there are four other Capital Outlay amendments relating to DCR. The first provides a nongeneral fund appropriation of \$3.6 million in the first year to acquire three additional Natural Areas Preserves (two being provided from funds generated by the DuPont Settlement and one from the Skiffe’s Creek Settlement). The second provides \$1.5 million NGF in the first year to acquire land from the U.S. Navy to expand the York River State Park. The third proposal would authorize the issuance of \$4.0 million in bonds to make infrastructure repairs

including roadway improvements and bath houses at various State Parks. Finally, HB/SB 30 proposes the authorization of \$7.5 million in bonds for cabin improvements at Douthat, First Landing and Fairy Stone State Parks.

- **Department of Environmental Quality**
  - *Water Quality Monitoring.* Provides \$14,000 GF each year to support increased water monitoring activities.
  - *Clean Power Plan Language.* Eliminates language that had been included in Chapter 836 which prohibited the use of air protection program funds to develop a Clean Power Plan as the federal requirement has been repealed.
  - *Alexandria CSO.* An amendment in Capital Outlay authorizes \$20.0 million in bonds to address improvements related to Alexandria’s Comprehensive Sewer Overflow project.
- **Department of Game and Inland Fisheries**
  - *Appropriate Settlement Revenues.* Increases the agency’s nongeneral fund appropriation by \$768,400 each year resulting from the dedication of a portion of the Skiffe’s Creek mitigation settlement funds for improvements to Hogg’s Island.
  - *Capital Outlay.* Amendments in Capital Outlay propose nongeneral fund appropriations totaling \$9.4 million the first year and \$10.4 million the second year for the department. These amounts include \$1.9 million each year for maintenance reserve projects; \$1.0 million for wildlife management area improvements; \$5.0 million each year for the acquisition of additional land; \$500,000 each year for dam improvements; and \$1.0 million the first year and \$2.0 million the second year to improve boating access.
  - *Game Protection Fund Transfers.* Includes the appropriation of \$33.7 million nongeneral fund over the biennium, representing transfers from the general fund of sales tax revenues generated from the sale of watercraft and from hunting, fishing and sporting activities.
- **Department of Historic Resources**
  - *Easement Coordinator.* Provides \$97,799 and one nongeneral fund position each year to support an additional easement coordinator to assist with negotiating conservation easements. Current staffing levels only support the process of approximately 50 percent of the 30 easements proposed each year. The cost of the position would be supported by a proposed administrative fee authorized in accompanying language. The level of the fee is not set out.

- *Project Review Archeologist.* Proposes \$93,004 GF each year for an additional archaeologist to support environmental and historic reviews of projects impacting historic resources.
- *Federal Grant Funding.* Provides a nongeneral fund appropriation of \$500,000 each year to support federal grant awards for which the department serves as a pass-through agent.
- *Appropriate Settlement Funds.* Proposes to provide \$200,000 NGF the first year and \$100,000 NGF the second year to reflect anticipated revenue from the Surry-Skiffe’s Creek mitigation agreement.
- *Battlefields Preservation Fund.* Continues to provide \$1.0 million GF each year for land acquisition and preservation of battlefields across the Commonwealth. This is one of three amendments in the Natural Resources and Agriculture & Forestry Secretariat that provide dedicated general funds each year for land conservation activities.
- *Historic African American Graves.* Provides an additional \$960 from the general fund each year to support African American graves at the Daughters of Zion Cemetery in Charlottesville. The payment rate is set at \$5.00 per grave per year.

- **Marine Resources Commission**

- *Tangier Island Seawall Project.* Provides \$245,687 GF the first year and \$233,637 GF the second year for the state share of the federally-funded Tangier Island Seawall Project. A companion amendment to reduce FY18 funding amounts is included in the proposed amendments to HB/SB 29.
- *Derelict Barge Removal.* Proposes \$190,000 GF the second year to fund the costs of removing a derelict barge in Belmont Bay at the mouth of the Occoquan River between Fairfax and Prince William Counties.
- *IT Upgrade for New Headquarters.* Recommends \$52,000 GF each year to cover increased costs associated with upgrading internet bandwidth at the Commission’s new headquarters which will be located at Fort Monroe.

- **Secretary of Public Safety and Homeland Security**
  - *Assessment and Upgrade of Public Safety Radio Interoperability System.* Provides \$1.0 million GF the first year to reassess and update the Commonwealth’s 2013 statewide radio interoperability plan, and for upgrades to the current interoperability solution, COMLINC, which is operated by the Department of State Police. The proposed language authorizes up to \$150,000 of the provided funding to be used to reassess and update the statewide interoperability plan, with remaining funding to be used on improvements. The proposed language requires the Secretary to provide the results of the assessment to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, and the Department of Planning and Budget by November 1, 2018. A companion amendment for the Department of State Police provides \$340,000 GF each year for support and maintenance of the existing COMLINC system.
  - *Flood Control Study for the Hampton Roads and Northern Neck Regions.* Proposes to maintain \$500,000 GF each year to match anticipated federal funding for a study by the U.S. Army Corps of Engineers concerning flood control for the Hampton Roads and Northern Neck regions. Chapter 836 of the 2017 Acts of Assembly included \$500,000 GF in FY 2018 for this purpose, but the funding remains unspent

as it is insufficient to meet the \$1.5 million nonfederal match required for the Corps to complete the study. The funding included in the introduced bill, when combined with the unspent balance from FY 2018, would be sufficient to meet the required nonfederal match.

- **Commonwealth's Attorneys Services Council**

- *Support Staff Attorney Position.* Includes \$5,000 GF each year to support an existing staff attorney due to reductions in federal grant funding that previously supported the position.

- **Department of Alcoholic Beverage Control**

- *Cost of Goods Sold.* Proposes to increase the NGF by \$20.1 million the first year and \$54.9 million the second year for the purchase of distilled spirits, Virginia wine, and mixers sold in ABC stores. The increase is required to align the Department's appropriation with the projected increase in sales of 4.42 percent each year.
- *Estimated Net Profit Transfers.* A proposed language amendment in Part 3 of the introduced bill increases net profit transfers to the general fund by \$6.8 million NGF the first year and \$12.5 million NGF the second year over the FY 2018 amount assumed in Chapter 836. A companion amendment to HB/SB 29 increases the FY 2018 net profit transfer by \$1.1 million over the amount assumed in Chapter 836.
- *New Point-of-Sale and Audit Systems.* Recommends \$7.7 million NGF each year for the estimated biennial costs of piloting a potential replacement for the agency's point-of-sale system, and to acquire a new audit system for stores. Both systems are currently in end-of-life support and non-compliant with commonwealth information technology security requirements. The total cost of acquiring both systems is estimated to be \$27.0 million over a period of three to five years.
- *Licensing Fee Increases.* Recommends an increase of \$1.9 million NGF each year to reflect estimated increases in licensing fee collections resulting from a bill to be introduced that would increase various licensing fees. ABC licensing fees were most recently increased by the 2004 General Assembly.
- *Positions for New and High-Volume Stores.* Provides \$2.8 million NGF and 19 positions the first year and \$5.7 million NGF and 38 positions the second year in order to staff new stores as they open, and to adjust staffing levels at stores with high levels of sales.
- *Additional Salaried Positions.* Provides \$507,000 NGF and 25 positions the first year and \$1.0 million NGF and 50 positions the second year to convert part-time wage employees in ABC stores to full-time status. The funding is intended to ensure

continuity in store service, as the Department is experiencing a 27 percent turnover rate for part-time store employees.

- ***New Email and Productivity Software.*** Provides \$690,000 NGF the first year and \$550,000 NGF the second year to acquire a new email service and office productivity software. As part of the Department’s transition to authority status, it is no longer required to purchase information technology or services from the Virginia Information Technology Agency after October 1, 2018.
- ***Depreciation and Net Profits.*** A proposed language amendment in Part 3 deals with the treatment of depreciation relative to net profits. Language added by the 2017 General Assembly prohibited ABC from reducing net profits by making a deposit to a reserve fund if such depreciated costs were expensed directly and had already reduced profits. The proposed language in the introduced bill removed the language added in Chapter 836 and adds new clarifying language.

- ***Department of Corrections***

- ***Medicaid Expansion Savings.*** Reduces the appropriation for inpatient hospital services for inmates in state correctional facilities by \$17.2 million GF the first year and \$26.9 million GF the second year, based on the proposal in the introduced budget to expand Medicaid eligibility.
- ***Inmate Medical Costs.*** Adds \$14.1 million GF and \$3.7 million NGF the first year and \$24.2 million GF the second year due to expected inflation in the cost of medical services provided to inmates. The proposed increase is based upon assumed growth rates of 5 percent for Anthem services, 3.8 percent for prescription drugs, and 2.6 percent for general medical services. The NGF provided the first year are from the FY 2018 balances of the Drug Offender Assessment Fund. HB/SB 29 provides an additional \$5.0 million GF in FY 2018 for increased inmate medical costs.
- ***Specialized Mental Health Units.*** Provides \$600,000 the first year and 15 positions and \$2.3 million GF and 36 positions the second year to establish specialized units to treat seriously mentally ill offenders housed in correctional centers. The units would be established in River North, Marion, and Wallens Ridge Correctional Centers, and will provide an alternative to placing individuals with serious mental illness in restrictive housing units.
- ***Probation and Parole Officers.*** Includes an additional \$541,000 GF and 17 positions the first year and \$1.8 million GF and 35 positions the second year to reduce caseloads of probation officers. According to the Department, average probation and parole caseloads increased by 13 percent between FY 2013 and FY 2017 due

primarily to an increase in the number of individuals under supervision with substance abuse disorders.

- ***Residential Opioid Treatment for Offenders.*** Provides \$439,000 GF each year to establish a residential treatment program for nonviolent offenders with a history of opioid use at the Cold Springs Detention and Diversion Center in Augusta County. The program will provide an alternative to reincarceration for individuals who have violated the conditions of their release.
- ***Additional Mental Health Staff.*** Includes \$235,000 GF and three positions each year for additional medical and mental health staff at the Central Virginia Correctional Unit, which is a minimum security facility for women. Current staffing levels prevent full utilization of the facility’s available beds due to the more complicated medical conditions of some minimum security female offenders.
- ***Jail Death Investigator.*** Provides \$75,000 GF the first year and \$100,000 GF the second year and one position for the Department to hire an additional investigator to assist the Board of Corrections in its responsibility to review deaths of persons held in local and regional jails. Chapter 759 of the 2017 Acts of Assembly reconstituted the Board of Corrections and established as one of its duties the investigation of deaths in jails that warrant review, as determined by the Board.
- ***Prison Bedspace Impact of Proposed Legislation.*** Includes a series of seven deposits of \$50,000 each totaling \$350,000 GF the first year into the Corrections Special Reserve Fund for the estimated prison bedspace impact of proposed sentencing legislation, pursuant to Section 30-19.1:4 of the *Code of Virginia*:
  - \$50,000 GF the first year to add fentanyl derivatives to the list of Schedule I controlled substances;
  - \$50,000 GF the first year to increase the penalty for allowing a child access to unsecured firearms to a felony;
  - \$50,000 GF the first year to prohibit the purchase of a firearm by a fugitive;
  - \$50,000 GF the first year to limit the purchase of handguns to one per month;
  - \$50,000 GF the first year to require a background check for all firearm sales; and,
  - \$50,000 GF the first year to prohibit the sale or possession of assault weapons.

- **Department of Criminal Justice Services**

- ***HB 599.*** Adds \$6.6 million GF the first year and \$13.8 million GF the second year to increase state aid for localities with police departments, consistent with the projected increases in general fund revenues. The proposed amendment provides for an increase of 3.7 percent in FY 2019 over the amount provided for FY 2018 by Chapter 836, and an increase of 3.9 percent in FY 2020 over the amount provided in FY 2019.
- ***Victims Services Grants.*** Adds \$35.0 million NGF each year to the Department’s appropriation for grants to local programs, which provide services to victims of domestic violence, sexual assault, victim witness programs, and child abuse victims. The increased appropriation is needed due to a substantial increase in the amount of federal funding provided to the Commonwealth through the Victim of Crime Act grant program.
- ***Internet Crimes Against Children Program.*** Increases the appropriation for the Internet Crimes Against Children Program by \$1.0 million NGF each year to reflect projected revenue and expenditures of the fund.
- ***Drive to Work Program.*** Adds \$25,000 GF each year to the appropriation for the Drive to Work Program, which is a non-profit tax-exempt corporation assisting low-income and previously incarcerated persons to restore their driving privileges so they can drive to work and hold a job. The program was appropriated \$50,000 GF in FY 2018, so the additional funds would bring the total appropriation for the program to \$75,000 GF each year.

# Capital Outlay

<b>Proposed Capital Outlay Funding</b>	
<u>Fund Type</u>	<u>HB/SB 30 2018-20</u>
General Fund	\$15.0
VPBA/VCBA Tax-Supported Bonds	453.7
9(c) Revenue Bonds	21.0
9(d) NGF Revenue Bonds	260.7
Nongeneral Fund Cash	<u>223.6</u>
<b>Total</b>	<b>\$974.0</b>

The Governor’s proposed capital outlay budget for the FY 2018-20 biennium totals almost \$974.0 million from all funds.

- **Projects Proposed to be Supported with General Fund Cash Include:**
  - *Capital Project Planning.* Proposes \$15.0 million GF over the biennium for detailed planning for five projects under the Central Capital Planning Fund, a fund that is also replenished as previously planned projects move to construction.

<b>Central Capital Planning</b>
<u>Agency/Project Title</u>
<b>Department of State Police</b> Replace Training Academy
<b>Wilson Workforce and Rehabilitation Center</b> Renovate Watson Theater and Activities Building, Phase 3
<b>Behavioral Health and Developmental Services</b> Replace Central State Hospital
<b>Department of Corrections</b> Expand and Renovate Deerfield Correctional Center
<b>Institute for Advanced Learning and Research</b> Construct Center for Manufacturing Advancement

- **Central Maintenance Funding**

- *Central Maintenance Reserve.* Proposes \$127.0 million the first year and \$125.0 million the second year from tax-supported bonds for state agencies and higher education institutions for capital maintenance reserve projects. Maintenance Reserve is used to cover the costs of building maintenance and repair projects that are too large to be covered under day-to-day operating maintenance, but that do not exceed \$2.0 million for a single project and up to \$4.0 million for a roof replacement. The introduced budget allocates available funds based on the agency’s total facility square footage as a percentage of the total square footage of all state facilities. For higher education institutions, the calculation is based on the Educational & General portion of square footage as reported by the State Council of Higher Education for Virginia. For all other agencies, the calculation is based on data provided by the Division of Risk Management. Agencies funded entirely with nongeneral funds are excluded from the tax-supported allocations. Higher education institutions would receive a \$25.0 million supplement in each year, also based on square footage in this proposal. Fort Monroe is recommended to receive a supplement of \$2.0 million in the first year for building and utility repairs. The Innovation and Entrepreneurship Authority has been removed from the list as the building it occupies has been directed to be sold. According to the Department of Planning and Budget, the New College Institute has been removed because the building is new and the agency has accumulated a balance of \$300,000 for this purpose.

- **Previous Pool Supplements**
  - *Comprehensive Capital Outlay Program (Chapter 806 Pool).* Recommends almost \$21.1 million in tax-supported debt in FY 2019 to supplement one previously approved project – the Life Sciences Building, Prince William for George Mason University.
  - *2016 VPBA Capital Construction Pool.* Proposes \$7.5 million in tax supported debt (Virginia Public Building Authority) in FY 2019 to supplement one previously approved project – Renovate Various Cabins for the Department of Conservation and Recreation. In addition, language under this item allows for a title and scope change for the Central Forensic Laboratory and Office of the Chief Medical Examiner project under the Department of Forensic Science, a change that will likely result in additional costs.
  - *2016 VCBA Capital Construction Pool.* Proposes almost \$16.9 million in tax supported debt (Virginia College Building Authority) in FY 2019 to supplement the pool overall and to supplement one previously approved project due to a proposed

scope change– “Construct Service Corridor, Storage Area; Replace Generator” for the Southwest Virginia Higher Education Center. The name of the project at the Southwest Virginia Higher Education Center would change to “Construct Building Expansion and Replace Generator” and would account for approximately less than \$1.0 million of the supplement under this item. The majority of the funding under this item was actually intended to supplement a previous pool – the 2014 Capital Outlay Project Pool. A technical change could be done or previously approved language already allows for the transfer of funding between centrally-managed pools.
