# **REPORT OF THE SUBCOMMITTEE**

## **on**

# **PUBLIC SAFETY**

Mr. Chairman and Members of the Committee:

The Public Safety Subcommittee has always maintained a focus on the need to make the Commonwealth's communities and, by extension, its citizens, safer. And, this year has been no exception. This Session we are fortunate to have additional resources – provided by Virginia's continued economic growth – to make key investments in the Commonwealth's public safety. I am pleased to announce that, taken as a whole, the Public Safety Subcommittee's recommendations reflect a total increase of more than \$40 million relative to the budget passed last year for the agencies under the Subcommittee's purview.

An issue of primary importance for the Subcommittee when putting together its recommendations was investing in the safety and security of the Commonwealth's public schools. This past year, I and several members of this Committee had the honor of serving on the House Select Committee on School Safety. Through the Select Committee's work, we learned that while Virginia is in many respects a national leader in school safety, there were several areas in which the Commonwealth's programs and policies could be strengthened.

I am happy to report that the Subcommittee's report includes several items related to the recommendations of the Select Committee. The largest single recommendation is to increase the amount available for School Resource Officer Incentive grants by \$3.0 million in Fiscal Year 2020. This will enable the Commonwealth to continue the commitment made by this Committee last Session to increase support for this program, and in addition, providing enough new grant funding for more than 40 new schools resource officers to serve Virginia's public schools.

The Subcommittee also recommends investing an additional \$3.6 million in the Virginia Center for School and Campus Safety. This investment will bolster the Center's capacity to provide school safety training to Virginia schools and communities, school resource officers, and threat assessment teams. This investment will also leave the Center better positioned to research and develop Virginia-specific best practices to improve the safety of our public schools. All

told, the subcommittee's report represents the largest single-year infusion of new funds for the Center since its establishment.

In order to meet our constitutionally-mandated responsibilities for the providing adequate health care to those confined in our correctional institutions, the largest portion of new spending recommend by the Subcommittee are for medical services in the Department of Corrections. The Subcommittee recommends \$12.9 million over the biennium be provided to increase the level of care provided in Fluvanna Women's Correctional Center, in addition to \$5.4 million for increased medical costs at the Department's other correctional facilities. The Subcommittee also recommends \$9.6 million in Fiscal Year 2020 for the Department to procure and begin the implementation of an electronic health records system. Investing in electronic health records will allow the Department to better manage its medical services, and better insure inmates are receiving needed care.

The Subcommittee also recommends \$1.2 million be provided for the Department of Corrections to expand its Community Corrections Alternative Program. The program provides a needed alternative to incarceration for probationers who violate the conditions of their release, and where such individuals can receive the substance abuse treatment needed to help keep them from being re-incarcerated. With this recommendation, the Subcommittee continues its support for initiatives at the Department which help to preserve Virginia's lowest-in-the-nation recidivism rate.

The Subcommittee has a number of other recommendations, which Committee staff will review in more detail momentarily.

With that, Mr. Chairman, the report of the Subcommittee is now before you and the members of the Committee. I hope it will be the Committee's pleasure to adopt the Subcommittee's report.

Respectfully Submitted by the House Appropriations Subcommittee on Public Safety:

**Language:**

Page 481, line 14, strike "\$19,491,136" and insert "\$17,896,444".

**Explanation:**

(This amendment removes funding proposed in House Bill 1700 as introduced to create 17 new positions in various programs within the Department of Veterans Services. The Committee budget funding levels were limited to the additional dollars available pursuant to the economic reforecast presented in December, identified programmatic savings, and revenues generated by legislation expanding the collection of sales tax attributable to internet sales. All revenues attributable to the Tax Cuts and Jobs Act (TCJA) are captured in the Taxpayer Relief Fund and the Revenue Reserve Fund in Item 475.10. This required removing approximately \$1.2 billion in spending compared to House Bill 1700 as introduced.)

"X.1. The Director, Department of Corrections, shall procure and implement an electronic health records system for use in the Department's secure correctional facilities using the platform provided through Contract Number VA-121107-SMU managed by the Virginia Information Technologies Agency on behalf of the Commonwealth of Virginia. The system shall be established on a domain separate from any other procured through the Contract.

2. Included in the amounts provided for this Item is \$3,000,000 the second year from the general fund for contingency fund should the costs of complying with Paragraph X.1 of this Item exceed the amounts provided for such purpose in Item 391. The Director, Department of Planning and Budget, shall make available proceeds from the contingency fund upon the request of the Director, Department of Corrections."

**Explanation:**

(This amendment requires the Department of Corrections to procure an electronic health records system using an existing state contract, and provides a \$3.0 million contingency fund in the second year should existing appropriations for the Department of Corrections prove inadequate to do so.)
