# Overview of Proposed Amendments to the 2020-22 Budget HB 1800/SB 1100

Proposed amendments to the 2020-22 biennial budget reflect upward adjustments in both resources and proposed spending as compared to Chapter 56 of the 2020 Acts of Assembly, Special Session 1 (HB 5005). Assumed revenue adjustments reflect about \$1.3 billion in base forecast increases and net reductions of \$43.0 million in proposed and assumed tax policy decisions. Therefore, additional resources available for appropriation in the FY 2020-22 biennium totals approximately \$1.3 billion.

## Resources

HB 1800/SB 1100 includes \$47,638.2 million in general fund resources available for appropriation. General fund growth rates assumed in the budget are 1.2 percent in FY 2021 and 3.3 percent in FY 2022 (excluding transfers). These growth rates have been revised from Chapter 56 of the 2020 Acts of Assembly, Special Session 1 (HB 5005). Based on the advice of Joint Advisory Board of Economists (JABE) and the Governor's Advisory Council on Revenue Estimates (GACRE), the Governor's proposed base forecast increases general fund revenues \$689.7 million in FY 2021 and \$552.7 million in FY 2022 (net resources include other adjustments).

The introduced budget also includes net reductions of \$43.0 million associated with proposed and assumed tax policy adjustments, including partial conformity with provisions of

the federal Coronavirus Aid, Relief, and Economic Security Act (explained further in the Resources section of this summary).

In total, the proposed revisions to the FY 2020-22 resources contained in HB 1800/SB 1100 include \$1.26 billion more in general fund resources than that assumed in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). The resource adjustments reflect a \$1.2 billion increase in the general fund revenue forecast and net transfer additions of \$58.0 million. There are no adjustments needed to the beginning balance. As proposed, the amendments contained in HB 1800/SB 1100 would leave an unappropriated balance of \$51.1 million at the close of FY 2022.

Details on revenues, adjustments to general fund balances and transfers, as well as proposed tax policy changes, can be found in the Resources section of the summary.

### **Appropriations**

As a result of additional resources available and a year-end balance of \$302.2 million for FY 2021, net general fund spending adjustments total \$1,508.5 million against Chapter 56. Major general fund spending items include:

- \$650.0 million for a deposit to the Revenue Reserve Fund;
- \$513.5 million for K-12 No Loss Funding for Local School Divisions;
- \$141.8 million for a K-12 sales tax revenue update and general fund dollars to replace previous COVID-19 Relief Fund NGF support;
- \$100.0 million for a payment to the Virginia Retirement System to reduce unfunded liabilities;
- \$97.8 million for a state and state-supported local employee bonus in the second year;
- \$80.1 million for a 2 percent bonus for teachers and support staff in the second year;
- \$89.3 million for the Department of Health to support mass vaccination efforts;
- \$78.9 million for COVID-19 disaster response;
- \$50.0 million for intercity passenger rail service;
- \$40.7 million for the Virginia Housing Trust Fund; and
- \$36.0 million for the G3 Community College Initiative.

Proposed new spending is offset by spending reductions totaling approximately \$930.0 million. Savings items are largely driven by forecast and enrollment changes and include:

- \$404.1 million from revised K-12 enrollment projections,
- \$245.3 million from Medicaid Forecast savings due to enhanced federal match rates;
- \$59.1 million from Health Care Fund revenue and cash balances;
- \$51.9 million from K-12 Lottery Proceeds; and
- \$49.8 million in assumed debt service savings.

As proposed, the amendments contained in HB 1800/SB 1100 would leave an unappropriated balance of \$51.1 million at the close of the FY 2022. Major spending and savings items are detailed in the table below.

 <b>Net Spending Adjustments</b>	 <b>\$1,490.7</b>

*Judicial Department.* The proposed amendments for the Judicial Department agencies result in a net general fund decrease of \$8.6 million the first year and a net increase of \$4.9 million the second year.

Significant general fund increases include \$5.1 million over the biennium to provide for judicial and operational staffing to support potential legislation in the 2021 Session to expand the jurisdiction of the Court of Appeals, and \$1.5 million the second year to restore funding for the

Virginia State Bar to hire up to 20 additional housing attorneys. These increases were offset by \$10.3 million in reductions that reflect the movement of approved reductions contained in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), in Central Appropriations to the agency budget.

***Executive Offices.*** The proposed budget for Executive Offices increases by \$1.3 million GF over the biennium. Of the recommended general fund increase, a total of \$1.1 million and 8.00 FTE positions are proposed the second year for legislation that may be introduced during the 2021 Session including \$806,898 and 6.00 FTE positions for the Office of the Attorney General to support legislation expanding the jurisdiction of the Court of Appeals as well as \$268,000 and 2.00 FTE positions for potential legislation impacting the Virginia Human Rights Act. An additional \$25,000 the second year is proposed in the Secretary of the Commonwealth for operating costs associated with a LGBTQ advisory board, to be considered through legislation in the 2021 Session.

***Administration.*** The proposed budget for Administration results in a net increase of \$1.1 million GF for the biennium. Significant general fund increases include \$16.7 million the first year for the replacement of the Virginia Election and Registration Information System (VERIS) and a total of \$10.3 million over the biennium to restore previously unallotted and eliminated funding for constitutional officer staffing; salary adjustments; and, technology enhancements. General fund proposed decreases include \$28.5 million over the biennium to reflect approved reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), that were moved from Central Appropriations to agency budgets.

Nongeneral fund adjustments include \$60.4 million the second year to adjust internal service fund appropriations for vendor pass-through rates, \$13.0 million over the biennium for the data center relocation in the Virginia Information Technologies Agency (VITA), and \$342,000 and 2.00 FTE positions the second year for the Office of the Chief Data Officer. Nongeneral fund reductions include \$2.5 million the first year and \$3.6 million the second year due to the cancellation of an initiative to enhance security at state-owned buildings.

***Agriculture & Forestry.*** The proposed amendments for the Agriculture and Forestry agencies result in a decrease of \$1.4 million the first year and a net increase of \$510,832 GF the second year. The largest single item is \$600,000 GF the second year for the Department of Agriculture and Consumer Services (VDACS) to establish a Virginia Agriculture Food Assistance Program. In addition, a total of \$1.0 million GF is proposed the second year to fund the Department of Forestry's Watershed Implementation Plan III plan and the restoration of funding to establish a hardwood habitat reforestation program.

***Commerce and Trade.*** The Governor's proposed amendments include net general fund increases of \$69.1 million over the biennium. The budget proposes an additional \$40.7 million GF in increased support for the Virginia Housing Trust Fund including additional funds to

support mortgage and rental assistance in the first year. The Governor also proposes an additional \$22.5 million GF for the Virginia Employment Commission to support and enhance the unemployment insurance program including \$10.0 million GF in one-time support to cover costs associated with the increase in staffing necessary to process the high volume of unemployment insurance claims as a result of the pandemic; \$7.5 million GF for estimated interest on federal cash advances; and, \$5.0 million GF for one-time costs to incorporate CARES Act programs into the new unemployment insurance system.

The proposed budget also recommends an increase of \$9.9 million GF in economic development incentives payments; \$5.0 million GF in additional funding for the Virginia Economic Development Partnership to increase funding for the Business Ready Sites Program; and, \$3.3 million GF to restore previously unallotted funding in the second year for the Eviction Prevention and Diversion Program at the Department of Housing and Community Development. Other non-technical changes include \$30.0 million NGF and 10 positions to administer federal Coronavirus Relief Funds; \$3.0 million GF for the Main Street program; and, \$1.5 million GF for the Virginia Occupational Safety and Health program.

**Public Education.** The proposed amendments for Direct Aid to Public Education result in a net decrease of \$133.2 million GF below Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), plus \$51.9 million NGF in additional Lottery Proceeds. This net amount reflects \$405.1 million GF in approved reductions in Chapter 56; \$433.0 million GF in reductions from technical updates and other cost and participation updates; and, \$704.9 million GF in proposed policy changes. Of the technical updates, lower student enrollment in fall 2020 due to COVID-19 resulted in reductions of \$404.1 million GF when updating Direct Aid accounts for actual fall membership and projected Average Daily Membership in each year.

The proposed amendments include \$513.6 million over the biennium to ensure that no school division receives less funding in the 2020-22 biennium as compared to Chapter 56. These payments account for the declines in fall membership and projected Average Daily Membership as well as declines in enrollment or participation data in other Direct Aid programs during the 2020 calendar year due to the COVID-19 pandemic.

Other proposed amendments include: \$80.1 million GF in FY 2022 to provide a 2 percent teacher bonus; \$52.9 million GF the first year to replace a like amount of NGF COVID-19 Relief Funds for the remaining COVID-19 Local Relief payments after accounting for the update to sales tax; \$26.6 million GF in FY 2022 to fund counselors at a ratio of 1:325 in every school; \$11.1 million GF the second year to increase the VPI per pupil allocation; \$10.7 million GF over the biennium to include presumptive English Learner in the ESL program update; \$2.7 million GF to provide the full cost of competing adjustment to Accomack and Northampton counties; and, \$7.2 million GF the second year for Supplemental Education programs.

In addition, there are several proposed amendments in the Department of Education Central Office that total \$2.8 million GF. The proposed amendments include: \$1.9 million GF to repay a Treasury Loan used to reimburse subgrantees for services originally intended to be funded through a federal Substance Abuse and Mental Health Services Administration (SAMHSA) grant; \$365,300 GF for cultural proficiency initiatives; \$300,000 GF for Virginia Kindergarten Readiness Program expansion; and, \$161,174 GF to support the Deputy Superintendent of Early Childhood position.

**Higher Education.** Under Education, the proposed amendments for Higher Education institutions and related agencies result in restorations of \$111.2 million GF and new spending of \$9.6 million GF. The largest item is \$36.0 million GF for the last-dollar plus workforce initiative known as “G3” at the Virginia Community College System followed by \$30.3 million for undergraduate need-based financial aid. Other proposed restorations include \$8.4 million GF for Norfolk State University; \$7.7 million for Virginia State University; \$7.9 million for the Tuition Assistance Grant (TAG) program; \$5.0 million GF per year for Massey Cancer Center at Virginia Commonwealth University; \$5.0 million GF each for George Mason University and Old Dominion University; and, several other items under \$1.0 million GF each.

In addition, the amendments include the following new spending items: \$4.5 million GF to continue the Connected Campus initiative at Norfolk State University; \$1.5 million per year for a new opportunity at Jefferson Lab; \$1.0 million for Focused Ultrasound Research at the University of Virginia; and, several other smaller items.

Proposed amendments include several language changes, including recommending approval for George Mason University to pursue Level III designation. In addition, under the Virginia Economic Development Partnership, the proposed amendments provide \$500,000 GF for creation of a new Office of Labor Market and Educational Alignment.

**Finance.** Proposed general fund amendments for the Finance Secretariat result in a net increase of \$400.2 million GF over the biennium. Of the general fund increases, a \$650.0 million deposit to the Revenue Reserve Fund is proposed in the second year, as well as \$100.0 million in the first year for a one-time deposit to the Virginia Retirement System to reduce unfunded liabilities of the public school teacher retirement plan and the state employee retiree health insurance credit program.

General fund reductions include \$49.8 million in debt service savings over the biennium due to the refunding of Virginia Public Building Authority and Virginia College Building Authority bonds.

**Health and Human Resources.** The introduced budget proposes a net decrease of \$373.5 million GF and an increase of \$1.0 billion NGF for the amended 2020-22 biennial budget. Proposed spending of \$208.1 million GF is offset by \$581.6 million GF in proposed reductions. The largest savings is a technical change to reflect \$233.8 million GF in budget reductions that

were adopted in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), as a result of the revenue impact from the Coronavirus pandemic. The other major savings of \$208.9 million GF in HHR is primarily a result of enhanced federal funds from an increase in the federal match rate for Medicaid of 6.2 percentage points. This savings is due to the federal Families First Coronavirus Response Act which provides for enhanced federal Medicaid funds for each quarter of the declared federal health emergency. The increase in nongeneral funds is primarily due to adjustments in the budget to reflect the increase of additional federal funds for Medicaid and higher Medicaid spending, especially hospital payments. These proposed adjustments account for about \$834.4 million or 82 percent of the increase in nongeneral funds over the biennium.

Mandatory general fund spending of \$26.5 million GF (13 percent of new GF spending in HHR, which is atypical since mandatory spending is normally the primary driver) is primarily related to the second year costs of the Medicaid Forecast; increased caseload in the Temporary Assistance to Needy Families Unemployed Parent program; and, funding related to addressing the error rate for the Supplemental Nutrition Assistance Program. The general fund share of Medicaid forecast is partially offset by \$59.1 million in additional revenue and a prior year cash balance in the Health Care Fund.

The proposed budget includes \$177.1 million GF in discretionary spending in HHR. Out of this spending, 67 percent is related to the Commonwealth's response to the Coronavirus pandemic. Of this funding, \$89.3 million is proposed to fund mass vaccination efforts for COVID-19 and \$19.6 million for communication efforts with the public regarding the pandemic. Other major expenditures include \$10.2 million to update the Cooperative Health Budget formula; \$9.2 million for additional funding to support implementation of the federal Family First Prevention Services Act; \$5.3 million to address higher pharmacy costs at state behavioral health facilities; \$3.5 million to create pilot programs for individuals with dementia to divert or discharge them from state facilities; and, \$1.2 million to add doula services to Medicaid.

**Natural Resources.** The proposed amendments for the Natural Resources agencies result in a net decrease of \$9.7 million GF the first year and \$3.3 million GF the second year. The largest single item is the provision of \$13.6 million GF the second year of a supplemental Water Quality Improvement Fund (WQIF) deposit which includes an additional \$9.0 million GF the second year to the Natural Resources Commitment Fund (NRCF) for the implementation of Agricultural Best Management Practices (Ag BMPs) and \$4.55 million GF for base technical assistance provided by local Soil and Water Conservation Districts (SWCDs). The governor also proposes \$5.0 million GF for the establishment of the Harmony Living Shoreline memorial and \$3.5 million to assist the Chickahominy Tribe with the reclamation of ancestral tribal lands. For the Department of Environmental Quality, a total of \$12.0 million GF is proposed to restore funding for additional positions in its Water Protection, Air Protection, and Land Protection programs.

**Public Safety and Homeland Security.** The proposed amendments for the Public Safety and Homeland Security agencies result in a net increase of \$17.9 million GF the first year and

\$41.0 million GF the second year, a 1.6 percent increase for the programs within the Secretariat in the second year compared to the base for FY 2021. The largest proposed increase is for the Virginia Department of Emergency Management (VDEM) for ongoing expenses related to pandemic response, totaling \$42.0 million GF the first year and \$36.7 million GF the second year. The majority of these expenditures are intended for the purchase, storage and distribution of personal protective equipment. For the Department of Corrections (DOC), a total of \$14.3 million GF in additional funding is proposed over the biennium to reflect the increased cost of providing medical care to inmates. The amendments recommend \$9.5 million GF the second year for the State Police to increase the annual expenditure for the replacement of patrol vehicles to support a change from using sedans to SUVs, which represents a greater than 100 percent increase above the base funding available. Additionally, a total of \$10.0 million GF the first year and \$20.0 million GF the second year is provided in Central Appropriations for the contingent costs of criminal justice reform legislation, including the costs associated with marijuana legalization.

*Veterans and Defense Affairs.* The proposed amendments for the Veterans and Defense Affairs agencies result in a net decrease of \$3.4 million GF in spending the second year compared to the base for FY 2021. The decrease is driven by distribution of reductions approved centrally in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), to the agency budgets. The proposals also contain an increase of \$727,000 GF the second year for restoration of several items originally included, but later removed from Chapter 1289 of the 2020 Acts of Assembly (HB 30), for the Department of Veterans Services including an assistant manager for the Women Veterans Program, additional veterans peer specialists, and veteran resource specialists.

*Transportation.* The proposed amendments to the 2020-22 budget for transportation includes one major general fund policy initiative in the second year, the provision of \$50.0 million GF for additional intercity passenger rail service between Washington D.C and Roanoke, with eventual service to the New River Valley. Additionally, \$5.0 million GF is proposed for improvements to multi-use trails greater than 35-miles in length. The budget amendments also reflect a net decrease of \$281.0 million NGF the first year and an increase of \$455.7 million NGF the second year from revisions to the Commonwealth Transportation Fund revenue forecast and allocations in the Six Year Program adopted by the Commonwealth Transportation Board in December, 2020.

*Central Appropriations.* Proposed amendments in the Central Accounts result in a net general fund increase of \$575.5 million the first year and \$1.0 billion the second year. Significant general fund spending items include \$97.8 million the second year for state and state-supported local employee bonuses, effective September 1, 2021; \$26.8 million over the biennium for the general fund share of agency information technology costs recovered by the Virginia Information Technologies Agency; and, \$9.0 million the second year for the City of Richmond for the planning and development of the Slavery and Freedom Heritage Site and improvements to the slave trail.

Significant general fund adjustments include \$1.5 billion in technical adjustments, which reflects the increase in appropriation resulting from moving approved reductions from Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) to the agency budgets, net of proposed restorations.

Other changes include proposed adjustments to the state and local allocations of federal Coronavirus Aid, Relief, and Economic Security (CARES) Act funds, relative to Chapter 56. The net adjustments account for the projected allocation of the full \$3.1 billion distributed from the federal government directly to the Commonwealth. Language also provides flexibility for the Governor to shift and reclassify unspent funds remaining after December 30, 2020, if allowed pursuant to federal guidelines, and the subsequent use of remaining funds shall be transferred to the Unemployment Compensation Fund.

*Independent Agencies.* The proposed amendments to the Independent Agencies include a reduction of \$4.7 million each year from the general fund, and a net nongeneral fund increase of \$55.5 million over the biennium.

The general fund reductions reflect the movement of approved reductions contained in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) from Central Appropriations to the Virginia Workers' Compensation Commission's budget. Significant nongeneral fund increases include \$37.0 million over the biennium for the Virginia Lottery to support continued internet lottery sales and the purchase of additional self-service machines, \$15.0 million in the second year for the State Corporation Commission (SCC) to implement the new State Health Benefit Exchange, as well as \$3.5 million over the biennium to replace the SCC's Case Management System.

*Capital Outlay.* Proposed amendments to the capital outlay program for the 2020-22 biennium total about \$219.2 million (all funds). General fund supported amendments contain \$18.0 million GF cash and \$135.6 million from general fund supported bonds issued by the Virginia Public Building Authority (VPBA) and the Virginia College Building Authority (VCBA). These bonds include \$64.8 million across 14 projects for systems upgrades, facility repairs, and life/safety projects, the largest of which is \$34.0 million at Virginia State University; \$58.5 million in a proposed scope expansion for Central State Hospital; and, \$6.8 million for equipment for projects coming online.

For proposed nongeneral fund capital amendments, about \$55.1 million is funded through 9 (c) and 9 (d) NGF revenue bonds for four higher education projects. Another net \$10.5 million is funded with nongeneral fund cash to support another seven projects at multiple state agencies, including acquisition of a new state forest.

# Resources

The general fund resources assumed in HB 1800/SB 1100 include proposed changes totaling \$1.3 billion to general fund revenues and transfers that were assumed in Chapter 56, the amended budget adopted during the 2020 Special Session I (HB 5005) and signed by the Governor on November 18, 2020. The 2020 Special Session I was called to order on August 18, 2020, to amend the budget to account for significant revenue forecast adjustments anticipated as a result of the COVID-19 pandemic. Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), incorporated a projected decline in GF revenues of \$2.7 billion over the biennium compared to the forecast assumed in Chapter 1289 of the 2020 Acts of Assembly (HB 30). Following adoption of Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), the Joint Advisory Board of Economists (JABE) and the Governor's Advisory Council on Revenue Estimates (GACRE) met as part of the standard Fall Reforecasting process, and the majority of members endorsed a standard forecast reflecting better economic conditions than what was anticipated in the amended budget adopted during the Special Session I. The updated forecast is the basis for the general fund adjustments contained in HB 1800/SB 1100.

Through the first five months of FY 2021, total revenues increased 6.1 percent, far exceeding the annual forecast of a 1.8 percent decline contained in Chapter 56. Actual collections are \$638.0 million ahead of the forecast through November. Because revenues are well ahead of budget, general fund collections can decline 6.4 percent year-over-year through June to meet the interim year-end forecast.

The economics underlying the positive year-to-date variance is somewhat overstated as approximately \$250.0 million of current year collections were determined by the Department of Taxation to be payments that should have been received in the prior fiscal year but were not because of confusion around the filing deadline. As part of the actions taken to control the spread of the virus, the federal tax filing deadline was extended from April 15th to July 15th. While the state income tax filing deadline was extended from May 1st to June 1st, many taxpayers elected to wait and file in July when their federal taxes were due, after the fiscal year had ended.

Based on the advice of JABE and GACRE, the Governor's proposed base forecast increases general fund revenues \$689.7 million in FY 2021 and \$552.7 million in FY 2022. In addition to economic adjustments to the forecast, HB 1800/SB 1100 includes net reductions of \$43.0 million associated with proposed and assumed tax policy adjustments, including partial conformity with the tax provisions of the federal Coronavirus Aid, Relief, and Economic Security Act explained below. When added to the economic-based revisions to the forecast, anticipated general fund revenue growth (excluding transfers) is 1.2 percent in FY 2021 and 3.3 percent in FY 2022, bringing total assumed general fund collections to \$46.1 billion for the biennium.

In total, the proposed revisions to the FY 2020-22 resources contained in HB 1800/SB 1100 include \$1.26 billion more in general fund resources than that assumed in Chapter 56 of the 2020

Acts of Assembly, Special Session I (HB 5005). The resource adjustments reflect a \$1.2 billion increase in the general fund revenue forecast and net transfer additions of \$58.0 million. There are no adjustments needed to the beginning balance. As proposed, the amendments contained in HB 1800/SB 1100 would leave an unappropriated balance of \$51.1 million at the close of FY 2022.

### Economic Projections

The economic growth assumed in HB 1800/SB 1100 reflects conditions that are much better than originally estimated when COVID-19 first affected the economy. When the Joint Advisory Board of Economists met prior to the Special Session, the standard forecast assumed a significant contraction in the economy in FY 2021. Real GDP was projected to contract 4 percent for the year. Now, rather than a 4 percent contraction in real GDP in FY 2021, the forecast calls for a 0.8 percent increase. Likewise, Virginia employment is expected to fall just 0.3 percent for the fiscal year instead of a 2 percent decline that was assumed in Chapter 56 of the 2020 Acts of Assembly,

Special Session I (HB 5005). The proposed budget assumes Virginia personal income will grow 3.7 percent in FY 2021 and 3.4 percent in FY 2022 and Virginia wage and salary income is expected to grow 3.2 percent in FY 2021 and 3.9 percent in FY 2022.

**Tax Policy Changes Assumed in Revenue Forecast**

Embedded in the Governor’s amended budget proposal are revenue reductions associated with tax policy changes that have not been adopted by the General Assembly. These changes include advancing Virginia’s fixed date conformity to the federal tax code, partially deconforming from recently enacted federal tax changes, and other changes to existing Virginia tax policies.

**Fixed Date Conformity.** Language which would change Virginia’s fixed date conformity to the federal tax code date of December 31, 2020, is included in the budget. Stand-alone legislation enacting this change also is expected to be introduced to the 2021 General Assembly Session.

**Coronavirus Aid, Relief, and Economic Security (CARES) Act.** The CARES Act, signed into law in March 2020, contains a number of provisions that will impact individuals and businesses related to income taxes. The introduced budget assumes conformity with five tax provisions included in the CARES Act that are estimated to have a negative general fund impact totaling \$41.7 million over the biennium. The first provision allows the exclusion of Paycheck Protection Program (PPP) loan forgiveness. The second provision allows taxpayers to include COVID-19 related distributions in taxable income over a three-year period. Third is the exclusion for certain student loan repayments by employers. The fourth CARES Act tax provision allows individuals who claim the standard deduction to claim an above-the-line deduction of up to \$300 for charitable contributions in 2020, and the fifth provision increases the income-based limitations on charitable deductions. Other tax provisions included in the CARES Act which primarily

impact business taxpayers are specifically excluded from conformity language in HB 1800/SB 1100.

**Other Tax Policy Changes.** The revenue estimate also includes a negative adjustment of \$1.3 million the second year that relates to proposed changes to the conservation tillage and advanced technology pesticide and fertilizer application credits in accordance with legislation to be considered by the 2021 General Assembly. The proposed legislation would combine the existing conservation tillage and advanced technology pesticide and fertilizer application credits into one credit, and the combined credit amount would be increased to \$17,500, resulting in a loss of general fund revenues.

**Changes in Revenues**

The revised forecast assumed in HB 1800/SB 1100, including proposed tax policy changes, increases total general fund revenues by \$655.5 million in fiscal year 2021 and \$543.9 million in fiscal year 2022. The increase comes mainly from upward revisions to corporate income, sales and use taxes, and recordation taxes. Revenues are assumed to grow by 1.2 percent in fiscal year 2021 and increase 3.3 percent in fiscal year 2022.

**Changes in Transfers**

Net transfer adjustments total \$58.0 million in HB 1800/SB 1100. The largest increase is derived from adjustments to the sales tax forecast for the 0.375 percent of sales tax transferred to

the general fund for K-12 education. This includes an adjustment of \$57.9 million to the base sales tax forecast. The only other proposed transfers are minor technical adjustments.

- **Supreme Court of Virginia**
  - *Reflect Transfer of Funding and Positions for Writs of Actual Innocence (Technical).* Proposes a reduction of \$636,024 and 7.00 FTE positions the second year to reflect the net-zero transfer of funding and positions from the Supreme Court to the Court of Appeals to meet anticipated workload from expanded eligibility for writ of actual innocence petitions. A companion amendment in the Court of Appeals proposes the transfer of funding and positions.
  - *Reallocate Appropriation for Cardinal System Requirements (Technical).* Recommends the net-zero transfer of \$7.7 million GF and 69.00 FTE positions the second year to reallocate existing court system appropriation from various courts agencies to meet Cardinal Human Capital Management system payroll requirements. Companion amendments in the Circuit Courts, General District Courts, Juvenile and Domestic Relations District Courts, Combined District Courts, and the Magistrate System reflect the reduction of existing appropriation reallocated to the Supreme Court for this purpose.

- **Court of Appeals of Virginia**

- *Additional Judges and Support Staff.* Recommends \$235,419 GF the first year and \$4.9 million GF the second year and 27 positions for legislation to be considered during the 2021 Session that would expand the jurisdiction of the Court of Appeals of Virginia. The additional positions include four new appellate judgeships, several additional staff attorneys, as well as additional clerk and information technology support staff.
- *Reflect Transfer of Funding and Positions for Writs of Actual Innocence (Technical).* Proposes \$636,024 GF and 7.00 FTE positions the second year to reflect the net-zero transfer of funding and positions from the Supreme Court to the Court of Appeals to meet anticipated workload from the expanded eligibility for writ of actual innocence petitions. A companion amendment proposes the transfer of funding and positions from the Supreme Court.

- **General District Courts**

- *Distribute Budget Reductions from Central Appropriations to Agency Budget.* Reduces by \$4.5 million GF the first year the agency's general fund budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in 2020 Special Session I.

- **Indigent Defense Commission**

- *Distribute Budget Reductions from Central Appropriations to Agency Budget.* Reduces by \$2.8 million GF the first year the agency's general fund budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly and subsequently converted to budget reductions in 2020 Special Session I. Only a first year reduction was included as Chapter 56 did not include a second year reduction for the Commission.

- **Virginia State Bar**

- *Civil Defense Housing Attorneys.* Proposes the restoration of \$1.5 million GF the second year to support legal aid programs to assist low income tenants in housing eviction cases. The Virginia State Bar currently contracts with the Legal Services Corporation of Virginia to provide civil indigent defense to low-income Virginians. According to the State Bar, the additional funds would allow for the

hiring of up to 20 additional attorneys who would be assigned to eviction dockets to provide an increased level of services to housing clients.

- ***Distribute Budget Reductions from Central Appropriations to Agency Budget.*** Reduces by \$1.5 million GF each year the agency’s general fund budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally Unallotted in Chapter 1289 of the 2020 Acts of Assembly and subsequently converted to budget reductions in 2020 Special Session I. There is no overall net GF reduction to the Virginia State Bar in the second year, as this \$1.5 million GF reduction is offset by the restoration of a like amount for civil defense housing attorneys.

- *Increase Staffing to Support Expansion of Appeal Rights.* Recommends \$806,898 GF and 6 positions the second year for additional attorneys and support staff to address increased workloads related to anticipated legislation to expand appeal of right for criminal cases in the Court of Appeals (CAV). - **Secretary of Administration**

- *Provide Funding for Additional Staff in the Office of the Chief Data Officer.* Recommends \$342,000 NGF and 2.00 FTE positions the second year to support the operations of the Chief Data Officer. The office is funded via an agency charge-back billed to state agencies based on data storage consumption, administered by the Virginia Information Technologies Agency (VITA). In Chapter 1289 of the 2020 Acts of Assembly (HB 30), funding of \$4.9 million NGF and 2.00 FTE positions was provided for the continuation of data sharing and analytics activities performed by the Chief Data Officer, including the development of a data inventory, dictionary, and catalog. Language was originally included in Chapter 854 of the 2019 Acts of Assembly (HB 1700) directing VITA to establish a charge-back structure to allocate costs based on agencies' consumption of data storage for development of the activities of the Chief Data Officer.

- **Compensation Board**

- *Provide Additional Funding for Minimum Wage Increase.* Proposes \$85,657 GF the first year and \$246,767 GF the second year to reflect the impact of a statewide minimum wage for the existing number of applicable constitutional officers.
- *Provide Funding to Enhance the Constitutional Officer Information Network (COIN) Application Re-Factor.* Recommends \$651,103 GF the first year and \$836,734 GF and 1 position the second year to enhance the Constitutional Officer Information Network (COIN) budgeting and reimbursement automated system. This funding would support the transfer of the COIN system from the Virginia Information Technologies Agency (VITA) mainframe system to an alternate platform, and allow for reprogramming and storing on external servers. VITA has indicated it needs to move all Commonwealth applications from mainframe technology by January 2022 when the mainframe will be phased out.
- *Restore Funding for Salary Increase to Regional Jail Officers.* Proposes the restoration of \$2.6 million GF the second year to provide an \$897 increase in starting pay to regional jail officers, consistent with salary increases provided for the entry level salaries of sworn local jail officers in Chapter 2 of the 2018 Acts of Assembly, Special Session I (HB 5002). The proposed funding would equalize the pay grade for all entry level correctional officers in local and regional jails.
- *Restore Funding for Increase in Salary for Circuit Court Clerks.* Recommends the restoration of \$1.8 million GF second year to increase the salaries of circuit court clerks to establish parity with the general district court clerk pay scales.
- *Restore Funding to Provide a Minimum of Three Staff in Circuit Court Clerk Offices.* Proposes the restoration of \$358,571 GF the second year to establish a minimum of three circuit court clerk staff in each Circuit Court Clerk’s office in the Commonwealth. The proposal would provide for 14 additional deputy clerk positions.
- *Restore Funding for 25 Percent of the Staffing Standard Needs for Commonwealth’s Attorney’s Offices.* Proposes \$2.4 million GF the second year for the restoration of funding 25 percent of the staffing standards for Commonwealth’s Attorneys and Sheriffs’ Offices. Of the total, \$1.4 million would support the Compensation Board’s assessment of current staffing needs for the Commonwealth’s Attorney’s offices, totaling 29 positions, including Assistant Commonwealth’s Attorneys and support staff to address increased workload demands in various offices throughout the Commonwealth, and \$979,399 GF the second year would support 25 percent of the Compensation Board’s assessment of staffing needs, or 29 additional deputy

sheriffs, for various Sheriffs' offices throughout the Commonwealth based on staffing standards.

- ***Restore Technology Funding to Circuit Court Clerk's Offices.*** Recommends the restoration of \$1.0 million GF the second year for the Technology Trust Fund to support information technology improvement projects in Circuit Court Clerks offices. This amendment reduces the TTF supplant from \$1.9 million each year, to \$978,426 GF each year.
- ***Restore Funding for Information Technology Position.*** Proposes the restoration of \$120,725 GF the second year for the Compensation Board to fill an information technology position to address information security and various technology and application changes at the Compensation Board.
- ***Restore Funding to Adjust Salaries and Fund Positions for Commissioners of the Revenue.*** Recommends the restoration of \$950,646 GF the second year to provide funding to support underfunded and unfunded positions in Commissioners of Revenue offices.
- ***Restore Funding to Provide Salary Adjustment for Treasurers' Offices.*** Proposes \$752,608 GF the second year to support underfunded and unfunded positions in Treasurers' offices.

These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I. Of this total, \$10.3 million GF in the second year is proposed for restoration in HB 1800/SB 1100 as described in the bullets above.

- **Department of General Services**

***Adjust Labor Rates for Bureau of Facilities Management Internal Service Fund.*** Proposes to update the labor rates, last updated in Fiscal Year 2017, for the cost of current positions within the trade groups, and would eliminate a 20 percent surcharge assessed in addition to the labor rates. Updating the labor rates will not

impact rental rates for state agencies. Increases rates by \$64 or 17.8 percent across trade groups.

- *Increase Appropriation for the Division of Consolidated Laboratory Services Internal Service Fund.* Includes \$705,193 NGF the second year to align the appropriation for the Division of Consolidated Laboratory Services with projected expenditures related to the cost of testing and supplies for state agencies.
- *Increase Appropriation for the Virginia Distribution Center Internal Service Fund.* Proposes \$1.0 million NGF the second year to align the appropriation for the Virginia Distribution Center with the projected expenditures related to the cost of goods purchased by state agencies, the costs for which are recovered through an internal service fund.
- *Reflect Removal of Internal Service Fund Appropriation for Enhanced Security Equipment and Capitol Police Officers.* Proposes the reduction of \$2.5 million NGF the first year and \$3.6 million NGF the second year associated with an initiative to provide additional security equipment, officers, and screeners at state-owned facilities that would be recovered through internal service fund agency charges. Funding of \$1.7 million GF the first year and \$2.5 million GF the second year to support agency rent rates due to the additional building security measures was eliminated in Chapter 1289 of the 2020 Acts of Assembly (HB 30). This is a technical amendment.

- **Department of Human Resource Management**

- *Provide Funding to Upgrade the Commonwealth of Virginia Learning Center.* Proposes \$330,357 GF the second year to support an upgrade to the Commonwealth of Virginia Learning Center (COVLC), which is used to serve the operational business needs and training mandates of state agencies. The vendor that supports system development will cease to support the current system version after its end-of-life date of April 30, 2021.
- *Provide Funding for Replacement of the Recruitment Management System.* Recommends the reduction of \$450,000 GF the first year, and proposes \$850,000 GF the second year, to support the replacement of the Commonwealth's Recruitment Management System (RMS). The RMS's existing contract expired in November 2020 with no extensions remaining.

- *Provide Funding for RMS Enterprise Cloud Oversight Service Fees.* Proposes \$3,067 GF the first year for newly assessed Enterprise Cloud Oversight Service (ECOS) fees for the current Recruitment Management System.

- **Department of Elections**

- *Provide Additional Funding to Replace the Virginia Election and Registration Information System (VERIS).* Proposes \$16.7 million GF the first year to supplement existing funding to replace VERIS. In Chapter 1289 of the 2020 Acts of Assembly (HB 30), \$2.0 million GF in one-time funding was provided as matching funds to secure a new Help America Vote Act of 2002 (HAVA) security grant (\$10.2 million NGF), and language directs the use of the required matching funds and nongeneral federal grant funds toward the replacement of VERIS by July 1, 2022. ELECT currently has \$12.2 million appropriated for the replacement of VERIS and a current request for information indicated a total approximate system replacement cost of \$29.0 million. Proposed language states that the HAVA nongeneral funds and the previously appropriated \$2.0 million GF match shall be exhausted prior to the use of the recommended \$16.7 million GF, and shall remain unallotted until such time as the Secretaries of Finance and Administration reallocate the funds following the exhaustion of presently available funds. Also includes language allowing the carryforward of general fund balances related to the replacement of VERIS.
- *Distribute Budget Reductions from Central Appropriations to Agency Budgets.* Reduces \$2.5 million GF each year to reflect the approved reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session.

**Technical Updates and Forecast Changes**

- **Distribute Budget Reductions from Central Appropriations to Direct Aid.** Reduces \$175.2 million GF in FY 2021 and \$228.4 million GF in FY 2022 in Direct Aid to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I. In FY 2022, \$18.2 million GF of these reductions are proposed for restoration in HB 1800/SB 1100, as discussed in the proposed policy changes below.
- **Reconcile the State Cost of Direct Aid to Chapter 56.** Reconciles the state cost for Direct Aid, as calculated by the Virginia Department of Education to Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) by decreasing \$1.1 million GF in FY 2021 and \$0.4 million GF in FY 2022.
- **Update Sales Tax.** Proposes increasing net distributions to school divisions by \$42.3 million GF in FY 2021 and \$46.6 million GF in FY 2022 reflecting the revised sales

tax estimates. The revenue from the one and one-eighth cent portion of the sales tax that is dedicated for public education is distributed to school divisions based on school-aged population and is allocated to the total SOQ cost prior to apportioning the remaining SOQ cost between the state and local shares based on the Composite Index of local ability-to-pay.

These amounts represent the net change in state funding, as required by the Basic Aid funding formula. The revised estimates for the education component of sales tax equal \$1,422.1 million in FY 2021 and \$1,459.8 million in FY 2022. *(See below for a separate action that updates the sales tax distribution based on the latest yearly estimate of school aged population.)*

The revised sales tax estimate also results in a decrease of \$42.3 million NGF in FY 2021 from the State COVID-19 Local Relief Payments (derived from the Gray Machine revenues) required in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These relief payments cover the increase in local SOQ costs from the downward revision of the sales tax estimate adopted during the Special Session. *(See below for a separate action on the COVID-19 Local Relief Payments.)*

*\*See below for a separate action on the COVID-19 Local Relief Payments.*

- **Update Sales Tax Distribution Based on Latest School Age Population Estimate.** Proposes adding \$742,335 GF in FY 2022 in SOQ Basic Aid payments, based on updated estimates of school-age population, provided by the Weldon Cooper Center for Public Service at the University of Virginia.

The FY 2021 school-age population estimates remain the same as in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), and continue to use the July 1, 2018, estimate to distribute sales tax revenue in FY 2021. The FY 2022 sales tax distribution is amended to reflect the July 1, 2019, school-age population estimates. This action does not change the total amount of sales tax distributed to school divisions in FY 2022, just the distribution to individual divisions. These changes in sales tax revenue distributions impact SOQ Basic Aid payments, because sales tax distributions are applied to the total SOQ cost prior to apportioning the remaining SOQ cost between the state and local shares based on the Composite Index of local ability-to-pay.

- **Recognize Increases in Lottery Proceeds NGF Forecast.** Proposes to adjust funding to reflect an increase in the estimate of Lottery proceeds by \$27.1 million NGF in FY 2021 and \$24.8 million NGF in FY 2022 and supplant a like amount of GF for the At-Risk Program. The first year increase is from a combination of the \$8.8 million residual FY 2020 profit and \$18.3 million from the routine update of the Lottery revenue forecast. The second year increase of \$24.8 million is solely attributable to the routine forecast update. The introduced budget reflects a new total lottery revenue forecast of \$685.0 million in FY 2021 and \$690.9 million in FY 2022.

- **Update Enrollments, Incentive, Categorical, Lottery-Funded Programs, and Other Technical Updates.** Updates enrollment projections to Standards of Quality

accounts resulting in savings of \$201.2 million GF in FY 2021 and \$202.9 million in FY 2022. The decline in student enrollment is related to the COVID-19 pandemic disrupting in-person instruction. September 30, 2020 fall membership counts declined 3 percent, or 38,151 students, compared to the 2019 fall membership. On a statewide basis, the revised March 31st ADM projections are 44,096 students lower the first year and 44,296 lower the second year, compared to the projections included in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), for revised totals of 1,213,093 students the first year and 1,218,331 the second year. *(See below for a separate action that provides no loss funding to ensure divisions do not receive less funding from updating enrollment or participation data.)*

In addition, the proposed budget reflects savings of \$4.6 million GF in FY 2021 for Remedial Summer School from updated actual enrollment data and savings of \$11.8 million GF in FY 2021 and \$19.0 million GF in FY 2022 for English as a Second Language based on fall 2020 enrollment data. *(See below for a separate action that updates English as a Second Language funding to include presumptive English Learners in the program enrollment eligibility.)*

The biennial costs for Incentive, Categorical, and Lottery-Funded program accounts reflect net savings due to technical updates for student enrollment, program participation or PALS assessment data:

- **Incentive Programs.** Updates Governor’s Schools enrollment saving \$99,055 GF in FY 2021 and \$74,354 GF in FY 2022. VPSA Education Technology Grants also decrease by \$1.4 million NGF in FY 2021 and \$0.5 million NGF in FY 2022, based on updates for fall membership for FY 2021, and for 2020-2021 accreditation status for use in calculating grants under the e-Learning Backpack Initiative.
- **Categorical Programs.** Updates to Special Education Homebound student participation costs reflect a savings of \$1.8 million GF in FY 2021 and \$1.9 million in FY 2022, based on the actual state share of local program costs; and updates to the American Indian Treaty Commitment reflect a net increase of \$10,649 over the biennium.
- **Lottery Funded Programs.** Updates Lottery-funded programs based on participation factors as submitted by school divisions reducing Special Education Regional Tuition program funding by \$3.0 million in FY 2021 based on actual participation in spring 2020; Regional Alternative Education funding decreases by \$13,260 in FY 2021; School Breakfast decreases by \$5.8 million in FY 2021 based on actual meals served in the truncated 2019-2020 school year; reduces K-3 Primary Class Size funding by \$12.5 million in FY 2021 and \$8.8 million in FY 2022 due to the reductions in grades K-3 fall

membership; Foster Care funding increases by \$2.4 million in FY 2021; and, Infrastructure and Operations Per Pupil Funds increase by \$200,000 in both fiscal years.

- ***National Board Certification.*** Proposes an increase of \$50,891 GF in FY 2021 and a decrease of \$33,672 GF in FY 2022 from updates to the cost of bonus payments under the National Board Certification Program based on the actual number of classroom teachers in Virginia's public schools who hold certification from the National Board of Professional Teaching Standards in FY 2021 and the updated projection in FY 2022.

### ***Proposed Policy Changes***

- ***Funding for No Loss Payments.*** Proposes \$299.4 million GF in FY 2021 and \$214.2 million GF in FY 2022 to ensure that no school division receives less funding in the 2020-22 biennium as compared to the division's calculated distributions in both fiscal years in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These payments account for the declines in September 30, 2020 fall membership and projected March 31<sup>st</sup> Average Daily Membership as well as declines in enrollment or participation data in other Direct Aid programs during the 2020 calendar year due to the COVID-19 pandemic. These funds support the operational costs of the Standards of Quality, Categorical, Incentive, and Lottery Funded programs provided in Direct Aid.
- ***Funding for the State's Share of an Additional 2 Percent Salary Bonus.*** Proposes adding \$80.1 million GF the second year for the state's share of a 2 percent salary bonus for funded Standards of Quality instructional and support positions, effective September 1, 2021, and the Academic Year Governor's School and Regional Alternative Education programs' instructional and support positions.

Language requires the bonus to be unallotted if general fund revenues do not meet or exceed the forecast in FY 2021. Although school divisions must certify that they will provide a 2 percent bonus in FY 2021, there is no budget language that specifically requires school divisions to provide a local match in order to receive the state's share of funding.

- ***Fund Statutory School Counselor Staffing Ratio.*** Proposes \$26.6 million GF the second year to fund school counselors at a ratio of 1:325 in all public schools. This funding represents the state's share of costs to fund the current statutory ratio of school guidance counselors in the second year (§ 22.1-253.13:2, H.4., of the *Code of Virginia*). In FY 2021, the funded student to school counselor staffing ratios are 1:455 in elementary schools, 1:370 in middle schools, and, 1:325 in high schools.

Chapters 953 and 952 of the 2020 Acts of Assembly (HB 1508/SB 880) increased staffing standards for school counselors in both years. In response to the financial difficulties anticipated from the COVID19 pandemic, during the 2020 Reconvened Session, the General Assembly adopted the Governor’s recommendation to supersede the ratios in Chapters 953 and 952 of the 2020 Acts of Assembly (HB 1508/SB 880), holding the ratios at the same levels required during FY 2020.

- ***Supplant NGF COVID-19 Relief Funds for GF.*** Recommends supplanting NGF COVID-19 Relief Funds, or “gray machine revenue”, with \$52.9 million GF the first year to support the COVID-19 Local Relief Payments. A separate technical update reduces the COVID-19 Local Relief Payments by \$42.3 million, the net increase in funding from the revised sales tax estimate in FY 2021. The combined actions result in \$52.9 million GF the first year being disbursed to divisions as COVID-19 Local Relief Payments, which eliminates the net reduction of state funds apportioned to school divisions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) from those apportioned in Chapter 1289 of the 2020 Acts of Assembly (HB 30). (See table below detailing the updates to the COVID-19 Local Relief Payments).

Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) provided \$95.2 million NGF the first year from the COVID-19 Relief Fund, established in § 2.2-115.1 of the *Code of Virginia* from “gray machine” revenue as COVID-19 Relief Funds payments. These funds were included to eliminate the increase in the locality’s share of SOQ costs resulting from the net reduction of sales tax revenue in FY 2021.

- ***Include Presumptive English Learners in FY 2021 ESL Program Enrollment.*** Proposes \$4.3 million GF in FY 2021 and \$6.5 million in FY 2022 to include presumptive English language learners, as submitted by school divisions in the fall,

in the English as Second Language program enrollment data. Due to the COVID-19 pandemic, the diagnostic test normally used by school divisions to identify new English language learners was not performed and the English language learner enrollment declined. The decline in enrollments resulted in a routine update to the program decreasing funds by \$11.8 million GF in FY 2021 and \$19.0 million GF in FY 2022, and adding these funds, based on presumptive English language learners, results in a net decrease of \$7.6 million in FY 2021 and \$12.6 million in FY 2022 to divisions.

- ***Add Accomack County and Northampton County as Full Cost-of-Competing Adjustment School Divisions.*** Proposes \$2.7 million GF in FY 2022 to provide the full cost-of-competing adjustment (COCA) to Accomack and Northampton counties. This increases their funded salaries by 10.6 percent for SOQ-funded support positions and 9.83 percent for SOQ-instructional positions.
- ***Restore: VPI PPA Increase.*** Proposes restoring \$11.1 million GF in FY 2022 to increase the Virginia Preschool Initiative per pupil amount from \$6,959 to \$7,655 in the second year. Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), restored only one 10 percent increase to the per pupil amount in the second year, increasing the per pupil amount from \$6,326 in FY 2021 to \$6,959 in FY 2022.

Chapter 1289 of the 2020 Acts of Assembly (HB 30) included two 10 percent increases, one each year, to raise the per pupil amount from \$6,326 in FY 2020 to \$6,959 in FY 2021 and \$7,655 in FY 2022, but these funds were subsequently unallotted in April 2020 due to the pandemic. This funding restores the per pupil amount in FY 2022 to the amount included in Chapter 1289; therefore, restoring all funding associated with early childhood education initiatives contained in Chapter 1289.

- ***Restore: Early Childhood Education Incentive Payments.*** Recommends restoring \$5.0 million GF the second year to provide incentive payments supporting recruitment and retention of early childhood educators. Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) restored \$3.0 million GF the first year for this initiative.
- ***Restore: Jobs for Virginia Graduates.*** Proposes restoring \$1.7 million GF in FY 2022 to support the Jobs for Virginia’s Graduates program. Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), restored \$1.7 million GF the first year.
- ***Restore: Power Scholars Academy.*** Recommends restoring \$450,000 GF the second year to increase support of the Power Scholars Academy YMCA BELL program, bringing total funding to \$1.0 million GF the second year. This funding will expand

student participation opportunities in existing summer Power Scholars Academies in partnered school divisions.

### **Proposed Language Changes**

- ***Improve Market Competitiveness of Literary Fund Loans for School Construction Projects.*** Proposes language requiring the Department of Education and Department of Treasury to develop recommendations to make Literary Fund loans a more competitive and attractive option for school construction projects. The recommendations will focus on making loans valuable to both the Literary Fund and the borrowing localities with a goal of increasing localities' use of loans and thus increasing the overall health of the Literary Fund. The agencies will consider changes to the Literary Fund loan program and Board of Education regulations that reflect market-favorable interest rates and provide competitive alternatives to the Virginia Public School Authority financing programs. The report will be submitted to the Governor, the Senate Finance & Appropriations Committee, and the House Appropriations Committee by July 31, 2021.
- ***Establish Special Education Inclusion Targets for VPI Programs.*** Recommends language requiring local Virginia Preschool Initiative (VPI) programs to enroll special education students (defined as students with an Individualized Education Plan) at 10 percent of total enrollment or higher. VPI programs unable to meet this target will be required to provide the reasons that the target was not met, and actions to be implemented to meet the target in the following school year.
- ***Expand Eligibility for Provisionally Licensed Preschool Teachers.*** Recommends expanding eligibility in the Provisionally Licensed Preschool Teacher Grants program to include provisionally licensed teachers in other publicly-funded preschool programs operated by a school division. Current, language only allows the \$306,100 GF each year to be used for teachers in Virginia Preschool Initiative classrooms. Divisions can apply for grants up to \$30,000 to support provisionally licensed teachers actively engaged in coursework and professional development towards earning a degree or license that will satisfy teacher licensure requirements.
- ***Flexibility for Early Childhood Funds.*** Proposes language to allow, within a fiscal year, any funds appropriated for Virginia Preschool Initiative Payments that are not awarded may be used as flexible funding to supplement any other early childhood initiatives contained in Item 145.C.14. This additional flexibility is intended to maximize the expansion of early childhood programming based on the needs of the localities.
- ***COVID-19 Data Correction: Early Reading Intervention.*** Recommends using 2018-2019 reading diagnostic tests to calculate the Early Reading Intervention payments

in FY 2021, which is the most recent data available. Existing language requires these payments to be calculated based on the reading diagnostic administered in the previous year; however, due to COVID-19 closing schools in March 2020, the spring Phonological Awareness Literacy Screening (PALS) assessments were not conducted and the 2019-20 school year data does not exist.

- ***Amend Eligibility for Foster Care Payments.*** Recommends language amending eligibility for Foster Care Education Payments to include any student who was in foster care upon reaching 18 years of age but who has not yet reached 22 years of age. This change is consistent with Chapter 474 of the 2020 Acts of Assembly (HB 368), and is intended to ease the administrative burden of enrollment for students who no longer are supported by the foster care system but are continuing their education.
- ***Clarify Math/Reading Specialist Initiative.*** Proposes language clarifying that school divisions using state funding from the Math/Reading Specialist Initiative program to support college tuition costs for instructional personnel are required to provide documentation of such costs to the Department of Education. State funding will be provided based on the lesser of the actual cost of tuition or the state’s share of a math or reading specialist position. The language also indicates that school divisions may seek prorated funding for positions filled after the beginning of the school year.
- ***Remove Outdated Language Referencing Eliminated SOL Assessments.*** Recommends removing outdated language referencing SOL assessments in third grade science or history or social sciences, which the General Assembly eliminated in the 2014 session.
- ***COVID-19 Reporting Extension Child Care Market Rates.*** Recommends language extending the submission date for the Department of Education’s plan to determine the gap between child care market rates and the Virginia Preschool Initiative per pupil amount. The unique child care conditions during the COVID-19 pandemic made it difficult to assess accurate market rates and to project accurate values for add-on grants. The report will be submitted to House Appropriations and Senate Finance & Appropriations Committees by September 30, 2021.

- **Department of Education**

- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces \$ 921,514 GF in FY 2021 and \$8.1 million GF in FY 2022 from the agency’s budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session.
- ***Repayment of Treasury Loan.*** Proposes \$1.9 million GF in FY 2021 to repay a Treasury Loan used to reimburse subgrantees for services originally intended to be funded through a federal Substance Abuse and Mental Health Services Administration (SAMHSA) grant. To date, SAMHSA has denied reimbursement for these costs.
- ***Cultural Proficiency Initiatives.*** Proposes \$365,300 GF and 1.00 FTE in FY 2022 to help school divisions develop processes and procedures advancing equity outcomes and alignment with the agency’s EdEquityVA framework. The proposed funding also would support professional development aimed at addressing implicit bias, cultural competency, and culturally responsive instruction and curriculum.
- ***Expand Virginia Kindergarten Readiness Program (VKRP).*** Proposes \$300,000 GF in FY 2022 to implement a pre-kindergarten version of the VKRP assessment to be administered to four-year olds enrolled in publicly-funded pre-kindergarten programs.
- ***Deputy Superintendent of Early Childhood Position.*** Proposes adding \$161,174 GF and 1.00 FTE in FY 2022 to continue oversight of the early childhood care and

education transition and consolidation and ongoing program coordination. This position would be partially supported by existing federal Child Care Development Funds.

- ***State Match for Head Start Collaboration Grant.*** Proposes adding \$43,750 GF each year for state matching funds for the federal Head Start Collaboration Grant, which transferred to the Department of Education from the Department of Social Services on July 1, 2020.
- ***Increase Virtual Virginia NGF Appropriation.*** Proposes \$1.2 million NGF in FY 2022 to support Virtual Virginia, reflecting increased NGF revenues and expenses resulting from greater program utilization during the COVID-19 pandemic.
- ***Transfer Licensure System Automation Appropriation.*** Recommends transferring \$100,000 GF from the first year to the second year to support the teacher licensure automation project based on the projected actual expenditure of these funds.
- ***Review Family Life Education.*** Proposes language directing the department to conduct a review of Family Life Education, including best practice recommendations for teacher training and parent and community involvement. The review would include data collection from school divisions about local practices, and examination of Youth Risk Behavior Survey data for correlation between student behaviors and local practices.
- ***Expand Scope of Early Childhood Classroom Observations and Professional Development.*** Proposes language expanding the scope of the Early Childhood Classroom Assessment Scoring System (CLASS) observations and professional development to include all publicly-funded early childhood programs. Currently, funds for this program are restricted to school-based preschool programs, such as the Virginia Preschool Initiative.
- ***Clarify Responsibility for Virginia Initiative for Employment and Work (VIEW) Child Care Forecast.*** Proposes language clarifying the Department of Education’s and Department of Social Services’ responsibilities for forecasting and administering mandated funding for child care through VIEW following the transfer of the federal Child Care Development Fund (CCDF) to the Department of Education in FY 2022.
- ***Authorize Emergency Child Care Development Fund (CCDF) Plan Changes.*** Proposes language authorizing the department to change the CCDF state plan, including adjustments to the Child Care Subsidy Program in response to the COVID-19 pandemic.

- The Governor's proposed 2020-22 budget for Higher Education results in a net decreased of \$174.5 million GF for the biennium when compared to the adjusted appropriation for current operations. This total reflects restorations of \$111.2 million GF and new spending of \$9.6 million GF.

The proposed amendments distribute budget reductions from Central Appropriations to agency budgets, reducing \$148.8 million GF the first year and \$146.5 million GF the second year in Higher Education-related entities to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I.

- *Financial Aid.* Restores \$30.3 million GF the second year for additional need-based financial assistance for in-state undergraduates. The distribution of funding for undergraduate aid is based on the new models proposed in SCHEV’s November 2019 Review of Financial Aid Funding Formulas and Awarding Practices, consistent with the allocation of funds in FY 2021. (The adjustments to the previous “Partnership Model” include: using the individual student’s Expected Family Contribution amount rather than assuming an alternative minimum (currently \$700 for dependent freshmen; \$900 for sophomore, juniors, and seniors; and \$1200 for independent students); using the sector average Cost of Attendance; using average unmet need rather than percent of need; and, a funding bonus that emphasizes low income enrollments.).

- **Department of Accounts**

- *Create Cardinal Governance Committee (Language Only).* Proposes to establish a Cardinal Governance Committee to evaluate and recommend expansion options for the Cardinal Financials and Human Capital Management (HCM) applications. In 2016, the Cardinal Financials project was completed, and the Cardinal Payroll project to replace the Commonwealth Integrated Payroll/Personnel System was initiated. In 2018, the Payroll project was expanded to the HCM project to incorporate modules to replace the Commonwealth's Personnel Management Information System (PMIS) and the Benefits Eligibility System (BES). This project is expected to be completed and rolled-out in 2021. The Joint Legislative Audit and Review Commission (JLARC), which is required to oversee Cardinal on a continuing basis, has recommended that a permanent governance structure be established to examine future considerations for the system's increased functionality.

- **Department of Accounts Transfer Payments**

- *Provide Funding to Reduce Virginia Retirement System Unfunded Liabilities.* Recommends \$100.0 million GF the first year for a one-time payment to the Virginia Retirement System (VRS) to reduce unfunded liabilities related to the public school teachers retirement plan and state employee health insurance credit program. Of the amount, \$61.3 million GF is associated with paying down the remaining balance of the deferred contribution repayment for the teachers' retirement plan from the 2010-12 biennium, and \$38.7 million GF is associated with a one-time payment to reduce the unfunded liability associated with the state employee retiree health insurance credit program.
- *Provide Voluntary Deposit to the Revenue Reserve.* Proposes \$650.0 million GF the second year for a voluntary deposit to the Revenue Reserve Fund. A \$300.0 million GF voluntary deposit to the Revenue Reserve was unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30). A separate amendment to HB 1800/SB 1100, as Introduced, reflects the movement of this reduction from Item 482.20 of Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) to the agency budget (described in the bullet below). In addition, a planned deposit of \$601.8 million in FY 2020 was eliminated in Chapter 1283 of the 2020 Acts of Assembly (HB 29, the caboose bill) at the 2020 reconvened session to help address the revenue shortfall resulting from the COVID-19 pandemic. As of June 30, 2020, the balance in the Revenue Reserve Fund was \$513.2 million. Were the proposed deposit to be made in FY 2022, the combined balances of the Revenue Reserve Fund and the Rainy Day Fund would be more than 8 percent of total GF revenues, the benchmark considered more favorably by the rating agencies.
- *Distribute Budget Reductions from Central Appropriations to Agency Budgets.* Reduces \$300.0 million GF the second year to reflect the approved reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I. This total is proposed for restoration in HB 1800/SB 1100 as described in the bullet above.

- **Department of Taxation**

- *Provide Funding for Participation in State Health Benefit Exchange.* Recommends \$234,635 GF the second year for the Department of Taxation to update its internal tax systems to comply with the provisions of Chapters 916 and 917 of the 2020 Acts of Assembly (HB 1428/SB 732), which established the Virginia Health Benefit Exchange.

- *Estimated Tax Payments (Language Only):* Lowers current thresholds for requiring taxpayers to pay estimated quarterly tax payments electronically. Proposes that any one payment that exceeds \$2,500 or total liability that exceeds \$10,000 be paid electronically starting July 1, 2021.
- *Collection of Delinquent Tax Payments (Language Only):* Allows the Department of Taxation to appoint collectors in any county or city or contract with collectors to collect delinquent state taxes at any time.

- **Treasury**

- *Distribute Budget Reductions from Central Appropriations to Agency Budgets.* Reduces \$100,003 GF the first year and \$109,093 GF the second year to reflect the approved reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I.

- **Treasury Board**

- *Recognize Debt Service Savings.* Recommends net debt service savings of \$49.8 million GF and \$6.7 million NGF over the biennium due to the delayed issuance and refunding of Virginia Public Building Authority, and Virginia College Building Authority bonds.

- **Children's Services Act (CSA)**

- ***Caseload and Utilization.*** Proposes to reduce \$2.0 million GF the first year and \$3.1 million GF the second year to reflect a decline in anticipated growth in the CSA program. Chapter 1289 of the 2020 Acts of Assembly, provided \$18.1 million GF in FY 2021 and \$25.8 million GF in FY 2022 to fund anticipated growth in the program. The reduced funding need is due to slower growth in caseload and utilization in most Children's Services Act (CSA) funded services, except for special educational services for children placed in private day educational programs through federally mandated Individualized Education Program plans. The reduction in funding reflects a growth rate of 3.3 percent in FY 2021 and 3.2 percent in FY 2022.
- ***Account for Medicaid replacing Title IV-E as Payer of First Resort.*** Proposes \$2.7 million GF and \$5.0 million NGF in FY 2022 to reflect the costs of shifting CSA eligible children receiving services in psychiatric residential treatment facilities (PRTF) from the federal Title IV-E foster care program to the Medicaid program. A policy decision by the Department of Medical Assistance Services will result in

all PRTF costs being billed to Medicaid rather than any eligible costs expended to Title IV-E. With the shift to CSA as a Medicaid-funded service, localities will pay 46.5 percent of the state share of these costs, which amounts to \$2.7 million in FY 2022. A separate action in the Department of Social Services reflects the reduced Title IV-E costs in that agency.

- ***Shift Expenditures for Congregate Foster Care from Title IV-E to CSA.*** Proposes \$921,296 GF in FY 2022 to support the costs of implementation of the federal Family First Prevention Services Act (FFPSA), which results in costs shifting from federal Title IV-E to the Children's Services Act effective July 1, 2021. The FFPSA requires that federal Title IV-E may only be used to support children in foster care congregate settings, beyond an initial two-week period, if they meet the Qualified Residential Treatment Program (QRTP) standard. Currently, very few congregate providers meet this requirement and this action anticipates that most of the children in congregate settings will no longer be eligible for Title IV-E and therefore will shift to being CSA-funded. A separate action in the Department of Social Services reflects the lower Title IV-E costs.
- ***Provides Funds for Implementation of Private Day Special Education Rate Setting.*** Recommends \$100,000 GF in FY 2022 to contract with a consultant for implementation and administration of a rate setting process for Private Day Special Education services. In the past, these rates have been set through agreed-upon contracts between localities and private schools. Rate setting at the state level is a change that requires additional expertise that currently does not exist in the Office of Children's Services.
- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces \$50,000 GF each year in the agency's budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session.
- ***Delay Implementation of Private Day Special Education Rate Setting.*** Proposes budget language to delay implementing Private Day Special Education rate setting from July 1, 2021 to July 1, 2022. This delay is a result of the funding delay to complete the rate study, which occurred due to across-the-board budget changes from the revenue impact of the Coronavirus pandemic. The language also maintains the 2 percent limit on annual increases in these rates until statewide rate setting takes effect.

- **Department for the Deaf and Hard-Of-Hearing**

- *Account for Increased Cost of Relay Services.* The introduced budget proposes \$332,604 NGF the first year to reflect the increased cost of the Commonwealth’s telecommunications relay service, Virginia Relay. The increase is a result of higher volumes due to the Coronavirus pandemic. The relay service is funded from the Communications Sales and Use Tax.
- *Provide Appropriation for a Services Provider Grant.* Proposes \$41,000 in federal appropriation to account for a two-year \$150,000 annual grant that will be used to establish a training program for Support Service Providers for Deaf and Blind individuals. The pilot program is expected to begin in January 2022 and expend \$75,000 in FY 2022. The agency has \$34,000 of excess federal appropriation currently available; therefore, an additional \$41,000 of federal appropriation is provided in FY 2022 to cover the first two quarters of grant spending.

- **Department of Health**

- *Provides Funding to Support Mass Vaccination Efforts for COVID-19.* Proposes \$30.2 million GF the first year and \$59.1 million GF the second year to support a mass vaccination campaign related to COVID-19. The funding would be used to:
  - Purchase equipment and ancillary supplies, such as vaccine refrigerators, freezers, syringes, alcohol prep pads, etc.;
  - Hire temporary information management staff to support messaging efforts;
  - Support local health districts to establish and operate mass vaccination clinics; and
  - Cover costs for warehousing and shipping ancillary supplies, including medications to the Virginia Distribution Center warehouse.

Subsequent to the introduction of HB 1800/SB 1100, Congress passed legislation that provides states with significant funding to support vaccination efforts, equipment and ancillary supplies, and other related costs.

- *Add Funding for COVID-19 Pandemic Communication Efforts.* The proposed budget includes \$6.5 million GF the first year and \$12.5 million GF the second year to support statewide communication efforts that include: a strategic communications plan; public health awareness campaigns that have specific calls to action designed to reduce the spread of COVID-19; translation of public health information into foreign languages; providing accurate information to inform the public; satellite media tours; target hotspot areas with critical information; address

long-standing pre-existing health inequities in specific demographics; and providing media training to agency subject matter experts. A separate budget action provides \$600,000 GF the first year to target a portion of the strategic communication campaign on Virginians of various socio-economic, geographic, racial and ethnic, language and other unique backgrounds, who have historically faced barriers to health care access.

- ***Update Cooperative Health Budget Funding Formula.*** Proposes \$10.2 million GF the second year to update the locality matching rates for the cooperative health budget (the combined state and local funding that operates local health departments in each locality). The local match rates, which originally reflected a locality’s ability to pay, have not been updated since the 1960s. Updating the formula would result in shifting funding between local health departments, resulting in some losing funds. Almost 20 percent of the proposed funding would be used to prevent any local health department from losing funding.
- ***Increase Support for Disease Surveillance and Investigation.*** The introduced budget includes \$3.1 million and 26 positions the second year to fund additional state epidemiology program managers, health district epidemiologists, and communicable disease nurses to improve disease surveillance, infection prevention and control, and outbreak investigations. The state currently has five epidemiology program managers and 32 health district epidemiologists.
- ***Continue Funding for COVID-19 Data Modeling.*** Adds \$722,472 GF the first year and \$1.4 million GF the second year to continue to fund the University of Virginia (UVA) Biocomplexity Institute’s COVID-19 model that provides epidemiologic analysis and foresight into the course of the pandemic in Virginia, and the RAND Corporation, which is providing broader surveys of COVID-19 modeling, literature and policy reviews, and expertise in critiquing the UVA model. The Virginia Department of Emergency Management has been funding these contracts.
- ***Expand Bandwidth at Local Health Departments.*** Proposes to add \$1.3 million GF and \$711,480 NGF the second year to increase the Internet bandwidth of local health departments to maintain service delivery and customer services operations.
- ***Restore Funds for a Wastewater Infrastructure Manager.*** Proposes to restore \$137,255 GF and one position the second year to fund a wastewater infrastructure manager to oversee a comprehensive assessment of onsite sewage system needs throughout the Commonwealth. The position will also serve as a liaison to promote opportunities for septic system repairs and improvements. Funding in Chapter 1289 of the 2020 Acts of Assembly (HB 30) was unallotted for this purpose

and subsequently eliminated in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005).

- ***Provide Appropriation for COVID-19 Response Grant for the Office of Licensure and Certification (OLC).*** Recommends \$59,288 GF and \$474,300 NGF the second year to fund the state match and federal grant award from the Centers for Medicare and Medicaid Services (CMS) for survey and certification activities associated with the increase in workload due to COVID-19. The OLC serves as the licensing office for medical care facilities and the state survey agency for CMS.
- ***Increase Support for Special Olympics Virginia.*** Proposes to add an additional \$10,000 GF the second year for the Special Olympics "Healthy Athlete" Program bringing total support to \$20,000 GF a year.
- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces \$7.4 million GF the first year and \$6.3 million GF the second year in the agency's budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I.
- ***Increase Appropriation for Epidemiological and Laboratory Capacity (ELC) Federal Grant.*** Proposes to add \$40.3 million NGF the second year to reflect grant awards from the Centers for Disease Control. During the Coronavirus pandemic the agency has received three separate awards of additional ELC funding, the largest amount being \$213.0 million. This action allows the agency to expend the funding to respond to the COVID-19 emergency.
- ***Increase Appropriation and Modify Language for the Contraceptive Access Initiative.*** The introduced budget includes \$1.0 million NGF from the Temporary Assistance to Needy Families Block grant the second year to increase funding for Long-Acting Reversible Contraceptives (LARCs). Budget language would allow the agency to move funding between the LARC allocation and the non-LARC allocation of funding, as needed.
- ***Transfer of Funding for Naloxone from the Department to Behavioral Health and Developmental Services (DBHDS).*** Proposes to transfer \$1.3 million GF the second year from DBHDS for the purchase of naloxone. This funding is currently expended through a contract with the Virginia Department of Health, which has its own pharmacy to handle the purchase and distribution of naloxone to local health districts and other organizations. This transfer would simplify the process for administering the funding.

- *Eliminate Line of Credit for the Office of Vital Records.* Proposes to eliminate a \$200,000 line of credit that had been provided to the Office of Vital Records to address cash flow issues during development of the initiative by the Department of Motor Vehicles to gain access to records in order to issue them to the public at their offices. The line of credit was never utilized and is no longer necessary.
- *Align Eligibility for the State Pharmacy Assistance Program.* The introduced budget modifies existing language to align the eligibility criteria for the State Pharmacy Assistance Program (SPAP) with the Virginia Medication Assistance Program (VA MAP). Currently SPAP income eligibility limits are specified in the budget language and also limited eligibility for individuals on Medicare to those with Part D coverage. The revised language aligns income eligibility with VA MAP and allows anyone on Medicare to qualify, if they meet all other requirements. The language also reflects the change in the name of the AIDS Drug Assistance Program to VA MAP.
- *Provide Support for the Virginia Partners in Prayer Program.* Recommends language directing the Office of Health Equity to provide support for the Virginia Partners in Prayer Program. Currently, the Office provides in-kind services to support this program, estimated at \$20,000. This language would formalize this support.
- *Move Appropriation Between Agency Programs.* Proposes net-zero transfers between programs and funds to better align agency appropriations with actual spending patterns. This action would result in less administrative budget execution adjustments.

- **Department of Health Professions**

- *Increase Appropriation to Cover Additional Disciplinary Staff and to Convert Temporary Staff to Full-Time.* The introduced budget provides \$655,235 NGF the second year to support the costs of 11 positions to address increases in workload and complexity of disciplinary cases and to reduce dependence on part-time positions. The source of the nongeneral funds is generated from fees charged to regulated health professionals.

- **Department of Medical Assistance Services**

*Forecast Changes*

- *Medicaid Utilization and Inflation.* Proposes a reduction of \$245.3 million GF and an increase of \$334.4 million NGF in FY 2021 and an increase of \$17.9 million GF and \$500.0 million NGF in FY 2022 to fund expected increases in enrollment and medical costs for the current Medicaid program. The first year amount

primarily represents a state savings of \$208.9 million GF resulting from an enhanced federal Medicaid match rate of 6.2 percentage points for the third quarter of FY 2021 in response to the economic impact of the Coronavirus Pandemic (authorized pursuant to the federal Families First Coronavirus Response Act). This enhanced match rate is in effect through each quarter of the declared federal public health emergency. The first two quarters of the state savings were captured in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005).

Medicaid spending is expected to increase by 18.2 percent and 7.5 percent, respectively, in FY 2021 and FY 2022, compared to growth rates of 10.4 percent in FY 2021 and 6.5 percent in FY 2022 assumed in last year's forecast. Enrollment growth is estimated at 17.9 percent in FY 2021 and 0.2 percent in FY 2022, compared to 15.6 percent in FY 2020. Spending growth in the program is largely due to enrollment growth resulting from the continuation of coverage requirement to receive enhanced federal funding during the pandemic and increased supplemental payments to hospitals. Lower utilization in fee-for-service and higher managed care pharmacy rebates also help in offsetting higher enrollment costs.

- ***Adjust Appropriation for the Virginia Health Care Fund.*** Proposes to reduce the general fund appropriation by \$53.9 million GF in FY 2021 and \$5.2 million GF in FY 2022 and add a like amount of nongeneral funds each year to reflect changes in revenues to the Virginia Health Care Fund. Revenues from the Fund are used as a portion of the state's match for the Medicaid program; therefore, higher revenues result in a reduction of the general fund appropriation needed to maintain currently-funded Medicaid services. Conversely, lower revenues require additional general fund support. Revenues in the fund are comprised of tobacco taxes, Medicaid recoveries and revenue maximization initiatives, and a portion of the Master Tobacco Settlement Agreement (41.5 percent of tobacco settlement revenues). Changes to the fund include:
  - A cash balance in the fund of \$44.9 million at the end of FY 2020 that is available in FY 2021;
  - An increase of \$18.9 million in FY 2021 and \$19.9 million in FY 2022 in expected other tobacco products tax revenue;
  - An increase of \$2.9 million in FY 2021 and \$294,943 in FY 2022 in expected pharmacy rebates;
  - A decrease of \$7.7 million in FY 2021 and \$9.0 million in FY 2022 from revised projections in tax collections from cigarettes; and

- A decrease of \$5.0 million in FY 2021 and \$6.0 million in FY 2022 in Medicaid recoveries.
- ***Family Access to Medical Insurance Security (FAMIS) Utilization and Inflation.*** Proposes decreases of \$6.7 million GF and \$4.1 million NGF in FY 2021 and \$3.4 million GF and \$4.0 million NGF in FY 2022 to reflect the forecast of expenditures for the FAMIS program. While enrollments have been rising, this growth is more than offset by reduced utilization due to the COVID-19 pandemic, higher pharmacy rebates, and an increase in the federal match rate pursuant to the federal Families First Coronavirus Response Act. The enhanced federal match rate is in effect through the end of the fiscal quarter in which the federal public health emergency expires. The proposed budget reflects the enhanced federal match rate (69.34 percent versus the normal 65 percent) through March 31, 2021. The FAMIS program serves pregnant women and children under the age of 19 in families with income between 133 and 200 percent of poverty.
- ***Medicaid Children’s Health Insurance Program (CHIP) Utilization and Inflation.*** The proposed budget reduces \$3.0 million GF and increases \$5.5 million NGF in FY 2021 and reduces \$1.4 million GF and increases \$2.3 million NGF in FY 2022 to reflect the forecast of expenditures in the Medicaid CHIP program. An increase in program costs is mainly due to higher enrollment due to the impact of the Coronavirus pandemic, however such costs are more than offset by reduced utilization due to the pandemic, higher pharmacy rebates, and an increase in the federal match rate pursuant to the federal Families First Coronavirus Response Act. The enhanced federal match rate is in effect through the end of the fiscal quarter in which the federal public health emergency expires. The proposed budget reflects the enhanced federal match rate (69.34 percent versus the normal 65 percent) through March 31, 2021. The Medicaid CHIP program provides services for Medicaid-eligible low-income children, ages 6–18, living in families with incomes between 100 and 133 percent of the federal poverty level.
- ***Adjust Funding for Involuntary Mental Commitments.*** The introduced budget reduces \$2.7 million GF the first year and \$2.3 million GF the second year to reflect lower caseload and the associated lower costs for hospital and physician services for individuals subject to a temporary detention order.
- ***Adjust Medicaid Forecast to Account for Revised Medicare Premiums.*** Proposes to reduce \$2.6 million GF and \$2.5 million NGF the first year and \$4.8 million GF and \$4.1 million NGF the second year to account for lower than assumed Medicare Part A and B premium increases that were included in the Official Medicaid Forecast in November 2020. Since the forecast was finalized the Centers for Medicare and Medicaid Services has announced the premium changes effective January 1, 2021, which are lower than expected.

## *Policy Changes*

- ***Fund Doula Services for Pregnant Women.*** Proposes \$1.2 million GF and a like amount of federal funds the second year to add doula services as a new benefit in the Medicaid program for pregnant women. A study of such services was completed in 2020 to determine the most effective way of implementing such a program in Virginia.
- ***Add Inpatient Substance Use Disorder Treatment as a Benefit in FAMIS MOMS.*** Proposes \$13,497 GF and \$25,067 NGF in FY 2022 to provide access to inpatient substance use disorder (SUD) services to pregnant women in the FAMIS MOMS program. FAMIS MOMS provides coverage to pregnant women with incomes from 143 to 205 percent of the federal poverty level and the federal funding is paid from the Children’s Health Insurance Program. This change aligns FAMIS MOMS with Medicaid, which already allows pregnant women to access inpatient SUD services through the Addiction and Recovery, Treatment Services program.
- ***Cover Covid-19 Vaccinations for Adults.*** Recommends almost \$1.0 million GF and a like amount of matching federal Medicaid funds in FY 2022 to ensure COVID-19 vaccine coverage for adults eligible for the current Medicaid program is comparable to those newly eligible for the program pursuant to Affordable Care Act Medicaid expansion. The federal Affordable Care Act required vaccine coverage for all adult vaccines recommended by the federal Centers for Disease Control Advisory Committee for Immunization Practices (ACIP), however no such requirement applies to the traditional Medicaid adult population.
- ***Expand Opioid Treatment Services.*** \$881,306 GF and \$1.3 million from federal Medicaid matching funds in FY 2022 to allow individuals with a mental health diagnosis to access preferred office-based opioid treatment services. This service is currently limited to only those individuals with a primary diagnosis of substance use disorder.
- ***Allow 12-Month Prescriptions for Contraceptives.*** Recommends \$136,533 GF and \$1.4 million in federal Medicaid matching funds to allow up to a 12-month supply of prescriptions contraceptives.
- ***Fund Compliance with Federal Durable Medical Equipment Requirements.*** The introduced budget includes \$68,014 GF and \$76,146 NGF the first year and \$272,050 GF and \$304,585 NGF the second year to broaden the definition for durable medical equipment, to be compliant with federal regulations to include items other than those typically provided in a home setting. For example, this expands coverage to items such as medical car seats, wheelchair tire downs, and portable ramps.

### *Administrative Funding*

- ***Fund Managed Care Operational Changes Related to Choice Counseling and Provider Screening.*** Recommends \$2.2 million GF and \$4.8 million in federal Medicaid matching funds the second year to fund managed care enrollment broker costs to comply with federal CURES act requirements for choice counseling for Medicaid enrollees in managed care and provider screening.
- ***Provide Funding for Federal Interoperability and Patient Access Requirements.*** Proposes to add \$1.7 million GF and \$3.8 million in federal Medicaid matching funds in the second year for system costs to be incurred by managed care organizations in FY 2022 as a result of complying with the federal requirements associated with the Interoperability and Patient Access Final Rule and the 21st Century Cures Act. Budget language specifies that this is one-time and must be removed from future capitation rates.
- ***Implement the Virginia Facilitated Enrollment Program.*** Proposes \$1.2 million GF and \$7.0 million NGF the second year and four positions that will support the communication of tax data from the Department of Taxation to the agency and the Health Benefit Exchange in order to determine eligibility for the Medicaid program.
- ***Implement Federal Client Appeals Requirements.*** Adds \$34,135 GF and \$34,135 NGF the first year and \$598,763 GF and \$823,476 NGF the second year to fund seven additional staff to handle an expected increase in Medicaid client appeals to be compliant with federal regulations. Currently, client appeals are decided based on the documentation originally submitted. Federal regulations require that during the appeals process new documentation should be considered, known as a “de novo hearing.” This change will require hearing officers to review additional information, which may increase the workload.
- ***Adjust Appropriation and Language for Civil Money Penalties.*** Proposes \$225,000 NGF each year to reflect anticipated spending of civil money penalties. Budget language allows the agency to request up to an additional \$2.0 million in appropriation administratively if necessary to implement the federally approved plan for use of the monies. Civil money penalties are collected from nursing homes that are fined for noncompliance with federal regulations.

### *Spending Reductions*

- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces \$63.4 million GF and \$1.5 million NGF the first year and \$28.3 million GF and \$1.2 million NGF the second year in the agency’s budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I

(HB 5005). These reductions were originally unallotted in Chapter 1289 (2020 Session) and subsequently converted to budget reductions in the 2020 Special Session I.

- ***Account for Enhanced Federal Matching Funds for the Department of Behavioral Health and Developmental Services Facilities.*** Supplants \$808,764 GF the first year with federal Medicaid funds to reflect the enhanced federal match rate pursuant to the Families First Coronavirus Response Act, which is available through the end of the fiscal quarter in which the federal public health emergency related to the Coronavirus expires. The state savings is for the third quarter of FY 2021.

### ***Language and Transfers***

- ***Allow Pharmacy Immunizations for Covered Services.*** Proposes to provide authority for reimbursement of pharmacy-administered immunizations for all Medicaid-covered vaccinations. Budget language requires this change be implemented using a budget neutral methodology. Pharmacies would be reimbursed up to \$16 to administer the vaccination and the cost of the vaccine. This change may reduce the burdens of accessing pharmacies for Medicaid fee-for-service recipients.
- ***Clarify Medicaid Coverage of Gender Dysphoria-Related Services.*** Proposes to direct the agency to modify policy manuals for Medicaid to affirm coverage of gender dysphoria related-services.
- ***Authorize Supplemental Payments for State Veteran Care Centers.*** Recommends language directing the Department of Medical Assistance Services (DMAS) to make supplemental payments to state-owned veterans care centers through the use of intergovernmental transfers. This funding mechanism allows the government-owned facility to send the state share of Medicaid payments to the department, which then makes Medicaid payments drawing down the federal share to increase facility revenue. This change is expected to generate approximately \$2.3 million of additional Medicaid funding for the state veterans care centers.
- ***Align Medicaid Regulations with Department of Behavioral Health and Developmental Services (DBHDS) Substance Use Licensing Regulations.*** The introduced budget proposes language directing the Department of Medical Assistance Services to amend its regulations to recognize DBHDS licenses for the American Society of Addiction Medicine (ASAM) Level of Care 4.0. This change allows psychiatric units with acute care hospitals, designated as ASAM Level 4.0, to be in compliance with Medicaid regulations to maintain eligibility for reimbursement.

- ***Authorize and Expand Telehealth Services.*** Proposes to allow continuation of audio-only health services and add three new telehealth services in Medicaid. The new telehealth services includes provider-to-provider consultations, store-and-forward technologies (which allow for the electronic transmission of medical information), and virtual check-ins (also called brief communications) with patients. These changes would build on the use of telehealth services that have been necessary due to the Coronavirus pandemic.
- ***Authorize Funding Transfer for Cost Shift at the Commonwealth Center for Children and Adolescents.*** The proposed budget recommends language to allow the transfer of general fund appropriation, as needed through July 1, 2021, between the Medicaid appropriation for state-owned mental health and intellectual disabilities facilities to the state mental health facility appropriation to address potential operational shortfalls at the Commonwealth Center for Children and Adolescents (CCCA). Since June 2020, CCCA has not billed Medicaid for its services because the facility is not properly accredited to be eligible for Medicaid reimbursement.
- ***Modify Graduate Medical Residency Language.*** Proposes to modify language to specify which hospitals have been awarded graduate medical residency slots. In addition, \$3.1 million GF the first year and \$3.9 million GF the second year and a like amount of federal Medicaid matching funds associated with the residency program is moved to a new service area within the Department of Medical Assistance Services as required by language in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005).
- ***Transfer Funds to Cover the Cost of Implementing a Live-In Caretaker Exemption.*** Recommends transfers of \$430,542 GF and \$487,458 NGF the first year and \$270,000 GF and \$270,000 NGF the second year from the agency’s administrative program to the Medicaid program within the Department of Medical Assistance Services to cover the estimated cost of exempting live-in personal caretakers from electronic visit verification requirements as required by Appropriation Act language, which is removed since the transfer is permanent.
- ***Move Funding for Assisted Living Screening to the Department of Social Services.*** Proposes transfers \$641,050 GF each year from the Department of Medical Assistance Services (DMAS) administrative budget to the Department of Social Services to cover the costs of assisted living facility screening being conducted by local departments of social services. In addition, language directs the Department for Aging and Rehabilitative Services to modify regulations to remove obsolete language that identifies DMAS as being responsible for supporting this activity.

- *Transfer Funds for the Costs of Medicaid-Related System Modifications at the Department of Social Services.* Transfers \$300,000 GF and \$2.7 million NGF each year from the Department of Medical Assistance Services to the Department of Social Services to cover the expected costs of Medicaid-related modifications to the enterprise case management system.

- **Department of Behavioral Health and Developmental Services (DBHDS)**

*Mental Health and Substance Use Disorder Treatment Services*

- *Restore Discharge Assistance Planning Funds to Transition Individuals Ready for Discharge from State Mental Health Facilities.* The introduced budget proposes restoring \$2.5 GF the second year to fund discharge assistance planning for individuals ready for discharge from state mental health hospitals. Chapter 1289 of the 2020 Acts of Assembly (HB 30) provided \$12.5 million GF the second year for this purpose, which had been unallocated during the reconvened Session in April. The General Assembly restored \$10.0 million GF of the funding in the 2020 Special Session I. With this additional funding the full amount provided in the second year will be available for discharge assistance.
- *Transfer Local Inpatient Purchase of Services (LIPOS) Funding from Community Services Boards (CSBs) to Central Office.* The introduced budget proposes to transfer LIPOS funding of \$8.8 million GF the second year from CSBs to the agency's central office to purchase local private psychiatric hospital beds for individuals with no health care benefits when admission to a state psychiatric hospital is not possible. The transfer would enable the agency to centralize contracts for private inpatient beds and provide transparency in the use of these funds to divert state hospital admissions.
- *Transfer Funding for Opiate Overdose Reversal Drug to Health Department.* Proposes a transfer of \$1.3 million GF the second year to the Virginia Department of Health for the purchase and distribution of naloxone, which is used to revive individuals who have overdosed on opiates.

*Facility Mental Health Services*

- *Cover Increased Pharmacy Costs at State Facilities.* Proposes \$2.6 million GF each year to cover the increasing pharmacy costs at state facilities. Increases in psychiatric admissions, co-morbidity of patients and higher drug costs have resulted in the need for additional funding. The cost of medications have risen consistently between 6 to 10 percent annually.
- *Fund Diversion and Discharge Pilots for Individuals with Dementia.* Proposes \$3.5 million GF and six positions the second year to fund contracts to divert and

discharge individuals with dementia from the state's geriatric mental health hospitals. A portion of the funding is proposed to establish a pilot mobile crisis program in Region 3 to work with long-term care facilities to assist in diversion efforts. Language proposes to establish a multi-agency work group to determine system capacity and the best process for meeting the needs of individuals with dementia.

- ***Fund Information Technology Upgrades at Western State Hospital (WSH).*** Recommends \$546,122 GF the first year and \$376,148 GF the second year to convert the wireless access system at WSH from an out-of-scope vendor to a Virginia Information Technologies Agency (VITA) provided service. This wireless access system supports the electronic health record system at the facility.

### ***Intellectual and Developmental Disabilities Services***

- ***Provide Funding for New Service Needs Assessments for Individuals Needing Developmental Disability Waiver Services.*** Proposes \$199,094 GF and \$597,281 NGF the second year to fund additional assessments for the new Medicaid waiver slots in FY 2021. The Supports Intensity Scale (SIS) is the assessment tool used to determine the service needs of individuals in the Medicaid developmental disability waivers. This funding covers the costs of the assessments that will be administered for the new waiver slots being created in FY 2022.
- ***Restore Funding for a Pass-through Grant to the Jewish Foundation for Group Homes.*** Recommends restoration of \$89,355 GF the second year for the agency to contract with the Jewish Foundation for Group Homes to expand services for young adults with disabilities in Northern Virginia transitioning from school to community living.

### ***Other Spending Initiatives***

- ***Fund COVID-19 Surveillance and Testing in State Facilities.*** Proposes \$2.1 million GF the first year and \$4.3 million GF the second year for COVID-19 surveillance and testing of staff and patients in DBHDS facilities.
- ***Fund Added Administrative Costs of MARCUS Alert Legislation.*** The introduced budget adds \$80,000 GF the first year and \$691,612 GF the second year to fund personnel costs to administer the MARCUS Alert System, provide ongoing funding for the operations and maintenance costs of the crisis hotline and provide one-time costs for a public service campaign, which were not funded in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005).

- ***Restore Administrative Funds for STEP-VA.*** Proposes restoring \$726,807 GF and five positions in FY 2022 for administrative costs for programmatic and financial management activities related to the oversight and implementation of STEP-VA.
- ***Fund Information Technology Security Systems.*** Recommends \$549,788 GF and \$137,447 NGF the second year to address the agency’s information technology security systems. Funding will address audit findings to increase VITA security compliance.
- ***Restore Funds for Training to Support Behavioral Health Redesign.*** Proposes restoring \$129,253 GF the second year to fund a training coordinator for the behavioral health workforce on changes in the delivery system due to behavioral health redesign.

***Decreases***

- ***Distribute Budget Reductions from Central Appropriations to Agency Budget.*** Reduces \$38.2 million GF the first year and \$20.2 million GF the second year in the agency’s budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I. Reductions are taken in several items in the agency’s budget including:
  - \$7.1 million GF the first year and \$7.9 million GF the second year in the agency’s central office budget;
  - \$26.6 million GF the first year and \$2.1 million GF the second year in grants to localities;
  - \$4.0 million GF the first year and \$4.8 million GF the second year in the budget for mental health treatment centers; and
  - \$536,003 GF the first year and \$5.4 million GF the second year in the budget for the Virginia Center for Behavioral Rehabilitation.

***Language***

- ***Provide Flexibility in Use of Children’s Acute Inpatient Care Funding.*** Proposes language to allow flexibility in the use of funding provided by the 2020 General Assembly to fund additional capacity for children’s acute inpatient care. Language allows the agency to use the funding to provide alternative private settings for children who would otherwise be admitted to the Commonwealth Center for Children and Adolescents (CCCA). Funding could be used for community discharge assistance from or diversion to CCCA.

- *Continues Adjustment to Licensing Requirements Due to State of Emergency Declaration.* Recommends language eliminating the requirement that the licensing office conduct a minimum number of unannounced licensing inspections during a state of emergency. The COVID-19 pandemic and resulting state of emergency has limited the agency’s ability to do onsite inspections as required by the Code of Virginia and regulatory requirements.
- *Authorize Emergency Regulations to Align Children’s Residential Licensing Regulations with Requirements of the Families First Prevention Services Act (FFPSA).* Proposes language to allow the agency to promulgate emergency regulations to amend the children’s residential licensing with federal FFPSA requirements for providers to meet the standards as qualified residential treatment programs.
- *Provide Flexibility in Use of Crisis Intervention Team (CIT) Training Funds.* Proposes language to allow funds for CIT training provided for rural localities to be used to expand or add CIT programs at CIT assessment sites. Currently, sufficient training funds exist to meet needs in these localities. Language also requires these funds be prioritized for use in rural localities.
- **Department for Aging and Rehabilitative Services (DARS)**
  - *Restore Funding for the Jewish Social Services Agency.* Proposes restoring state support by \$50,000 GF the second year to the Jewish Social Services Agency that provides assistance to low-income seniors who have experienced trauma. This action increases total state support to \$150,000 GF in FY 2022.
  - *Distribute Budget Reductions from Central Appropriations to Agency Budgets.* Reduces \$1.7 million GF each year in the DARS and the Wilson Workforce and Rehabilitation Center budgets to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I.
  - *Modify Vocational Rehabilitation Grant Spending Authority.* Proposes modifying language to allow the agency to use savings of \$768,862 from vacancies and turnover on a one-time basis to draw down \$2.8 million in additional federal funding for vocational rehabilitation services in FY 2022.

- **Department of Social Services**

*Child Welfare Programs and Services*

- ***Restore Funding for Family First Prevention Services Act Evidence-Based Prevention Programs.*** The introduced budget proposes restoring \$9.2 million GF and \$5.0 million NGF from federal Title IV-E funds in FY 2022 for prevention services for children at risk of foster care placement and their families, pursuant to the Family First Prevention Services Act. Services must be evidence-based and trauma informed mental health services, substance use disorder services and in-home parent skill based training. Further, they must be included in the list of recognized evidence-based programs contained in the federal title IV-E Prevention Services Clearinghouse. Funding for these services was unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently eliminated in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). However, Chapter 56 reallocated funding for local departments of social services to begin hiring staff and creating prevention services departments in FY 2022.
- ***Restores Funds for the Virginia Helping Everyone Access Linked Services (HEALS) Program.*** Proposes to restore and increase funding to \$517,553 GF the second year to continue a federal grant program called Linking Systems of Care (LSC) for Children and Youth originally funded by the United States Department of Justice, Office of Justice Programs, and Office for Victims of Crime. The program is a statewide demonstration initiative with the goal of identifying children and youth who have had crimes committed against them, providing trauma informed services to address the potential serious and long-lasting consequences of exposure to crime. Funding for these services was unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently eliminated in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005).
- ***Restore Funds for a Cost of Living Adjustment (COLA) for Foster Care and Adoption Subsidy Payments.*** The introduced budget restores \$953,491 GF the second year to adjust foster family home rates and adoption assistance maintenance by 2 percent. The Appropriation Act requires that these rates be increased in the year following a salary increase provided for state employees. State employees received a 2 percent across-the-board raise in June 2019, therefore a similar percentage increase is provided for these rates. Funding for this COLA was unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently eliminated in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005).
- ***Fund Foster Care and Adoption Forecast.*** The introduced budget proposes a reduction of \$917,838 GF the first year and \$716,572 GF the second year and an

increase of \$2.4 million NGF the first year and a \$2.2 million NGF the second year for forecast changes to the foster care and adoption programs. Title IV-E foster care expenditures are expected to decrease by \$1.3 million GF and \$1.5 million NGF the first year and \$421,221 GF and \$421,221 NGF the second year. Title IV-E Adoption subsidies are projected to increase by \$3.2 million GF and \$3.9 million NGF the first year and \$2.6 million GF and \$2.6 million NGF the second year. State adoption subsidies are projected to decrease by \$2.3 million each year. The source of the nongeneral fund is federal matching Title IV-E funds.

- ***Fund Emergency Approval Process for Kinship Caregivers.*** Proposes \$75,000 GF the second year to implement an emergency approval process for kinship caregivers to avert the need to place foster care children into non-relative or congregate foster care placements, particularly during the pandemic.
- ***Transfer Funds for Psychiatric Residential Treatment Facilities (PRTFs) to the Office of Children's Services.*** Proposes to transfer \$5.0 million GF and \$5.0 million NGF the second year to the Office of Children's Services to reflect the shift in costs for eligible children receiving residential services in Psychiatric Residential Treatment Facilities from the federal Title IV-E foster care program to the Medicaid program. A policy decision by the Department of Medical Assistance Services will result in all PRTF costs being billed to Medicaid rather than any eligible costs expended to Title IV-E, thus requiring localities to fund a percentage of the state share of these costs in FY 2022.
- ***Transfer Funds for Non-Qualified Residential Treatment Programs to the Office of Children's Services.*** Proposes to transfer \$815,306 GF and \$815,306 NGF the second year to the Office of Children's Services for foster care residential placements in non-Qualified Residential Treatment Programs (QRTPs), pursuant to requirements in the Family First Prevention Services Act (FFPSA). The FFPSA requires that federal Title IV-E may only be used to support children in foster care congregate settings, beyond an initial two-week period, if they meet the Qualified Residential Treatment Program (QRTP) standard. Currently, very few congregate providers meet this requirement and this action anticipates that most of the children in congregate settings will no longer be eligible for IV-E and therefore will shift to being CSA-funded.

#### ***Supplemental Nutrition Assistance Program***

- ***Fund Expansion of Supplemental Nutrition Assistance Program Employment and Training Program (SNAP E&T).*** Proposes \$2.0 million GF and \$2.9 million NGF in federal matching dollars and one position in FY 2022 to expand the SNAP E&T program. Currently, the SNAP E&T program is only offered in 25 local departments of social services. This funding will expand the program to an

additional 95 localities. Federal policy changes require Virginia to serve more SNAP participants in the employment and training program. Recipients of SNAP who are categorized as Able-Bodied Adults Without Dependents (ABAWDS) can only receive SNAP benefits for three months in a 36-month period, unless employed or participating in employment and training activities. Currently, some localities are exempt from this requirement due to economic conditions in those localities; however, it is likely that the federal government may not continue these waivers in the future.

- ***Fund Improvements in Determining Supplemental Nutrition Assistance Program (SNAP) Payments.*** Provides \$1.9 million GF the first year and \$2.3 million the second year for penalties assessed by the federal government for payment errors in administering SNAP benefits in federal fiscal years (FFY) 2018 and 2019. The funds will be used for activities designed to reduce errors, such as targeted case reviews, training, system improvements and collaboration with local agencies and workers on improvement strategies. The first year amount of \$1.9 million represents the penalty amount (50 percent of the total liability) for not bringing the error rate down in FY 2020. The second year amount of \$2.3 million represents 50 percent of the penalty amount to be reinvested in FY 2022 into approved activities to improve administration of the program. However, 50 percent of the penalty amount is at-risk for repayment the following year if a liability for an excessive payment error rate is established for FFY 2019.
- ***Fund SNAP Knowledge Base Platform Annual License Fee.*** Proposes \$333,351 GF and \$333,351 NGF in FY 2022 for the annual license fee for a SNAP knowledge-based application for local departments of social services to assist with cases and help reduce SNAP error rates.
- ***Fund Implementation of SNAP Broad Based Categorical Eligibility.*** Recommends \$281,292 GF and \$342,558 NGF the second year to implement statewide SNAP Broad Based Categorical Eligibility to increase participation and reduce food insecurity. This is a state option which assumes that every household member receiving a Temporary Assistance to Needy Families funded service is qualified for SNAP.

#### ***Other Spending Increases***

- ***Fund Administrative Costs to Implement Percentage of Income Payment Program (PIPP).*** Proposes \$3.0 million NGF and two positions in FY 2022 to implement and administer the PIPP program pursuant to the Virginia Clean Economy Act (VCEA) passed in the 2020 Regular Session. The VCEA limits the electric utility payments of persons or households participating in specified public assistance programs, based on a percentage of their income. The nongeneral funds are

provided through fees collected from utilities pursuant to the VCEA. The PIPP is to be administered by DSS and the Department of Housing and Community Development. A separate action transfers \$300,000 of this funding to DHCD for administration of the program.

- ***Fund Replacement of Agency Licensing System.*** The introduced budget recommends adding \$2.7 million GF and \$8.0 million NGF the first year and \$911,369 GF and \$125,000 NGF the second year to replace the agency’s obsolete Division of Licensing Programs Help and Information Network (DOLPHIN), and perform necessary upgrades to the Central Registry System and the Background Investigations System. The new licensing system will replace the 18-year old legacy software application, which is currently not supported by VDSS Information Systems and does not provide fundamental functionality or support the capturing of certain data elements needed to comply with state and federal reporting requirements.
- ***Restore Funds to Backfill Loss of Funding in Adult Licensing and Child Welfare Unit Licensing Programs.*** Proposes \$2.1 million GF and eight positions in FY 2022 to restore funding for adult and child welfare licensing units that was unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently eliminated in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005)). These funds will backfill the loss of shared funding and positions with the child care licensing unit after it is transferred to the Department of Education July 1, 2022. Chapter 860 of the 2020 Acts of Assembly (HB 1012) transferred the authority to license and regulate child day programs and other early child care agencies from the Board of Social Services and Department of Social Services to the Board of Education and Department of Education.
- ***Provide Personal Protective Equipment for Licensing Inspectors.*** The introduced budget provides \$45,653 GF and \$103,404 NGF the first year and \$182,610 GF the second year to provide PPE for licensing inspectors as they resume in-person inspections.
- ***Fund Virginia Case Management System (VaCMS) Modifications.*** Proposes \$923,804 GF and \$1.2 million NGF each year to make modifications and enhancements to the VaCMS which processes applications and case changes for benefit programs such as SNAP, TANF, Low-Income Energy Assistance Program (LIHEAP), and Medicaid among others. This funding would be used for non-Medicaid changes. A separate action transfers funding from DMAS for the cost of Medicaid-related VaCMS changes.
- ***Increase NGF for Child Support Enforcement Incentive Fund.*** The introduced budget proposes to increase \$1.2 million NGF for the Child Support Enforcement

Incentive Fund the first year. The agency earns a federal incentive payment based on the achievement of federal performance measures.

- ***Restore Funds to Enhance 2-1-1 VIRGINIA Services.*** Recommends to restore and add funds totaling \$362,305 GF and \$362,305 NGF the second year to fund the 2-1-1 VIRGINIA, an information and referral service for human services. Calls to 2-1-1 and referrals had been increasing prior to the pandemic, and have continued to grow in numbers, complexity and urgency since the emergency declaration.
- ***Implement the Virginia Facilitated Enrollment Program.*** Proposes \$376,910 GF and \$2.7 million NGF the second year and two positions that will support the communication of tax data from the Department of Taxation to the agency and the Health Benefit Exchange in order to determine eligibility for the Medicaid program.
- ***Provide Grant to Children’s Harbor for Child Care Services on the Eastern Shore.*** Proposes \$250,000 GF the first year for a grant to Children’s Harbor to provide center-based child care services on the Eastern Shore.
- ***Fund Certain Criminal Background Checks in Local Departments of Social Services (LDSS).*** Proposes \$78,254 GF and \$113,411 NGF the second year to fund criminal background checks in LDSS offices for employees who view federal tax information. These background checks are necessary to comply with federal Internal Revenue Service requirements.

#### ***Decreases***

- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces \$31.1 million GF the first year and \$31.3 million the second year in the agency’s budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I.
- ***Reduce General Fund Appropriation for Foster Care and Adoption Payments to Account for Enhanced Federal Funds.*** Reduces the general fund appropriation by \$2.9 million GF and increases the nongeneral fund appropriation a like amount in the first year for foster care and adoptions to account for the temporary enhanced Federal Medical Assistance Percentage (FMAP) rate, which is increased by 6.2 percentage points. This adjustment has been calculated for the third quarter of FY 2021 (January through March 2021), when the enhanced federal match rate is set to expire. Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) accounted for this reduction in the first two quarters of FY 2021.

## *Language*

- ***Authorize Temporary Reimbursement Rate for In-home Child Care Providers.*** Proposes language authorizing a temporary regulatory change to increase the maximum rate paid for in-home childcare providers during the COVID-19 pandemic to \$10 per hour. Language prohibits the use of general fund dollars if this change results in the need for additional funding, however, the agency may use available federal funds if so needed.
- ***Authorize Line of Credit for the Department of Social Services.*** Recommends language in Part 3 of the budget to extend a \$17.0 million line of credit to the agency for timing issues related to the receipt of federal grants and other payments.
- ***Transfer of CCDF Funds for VIEW Mandated Child Care.*** The introduced budget adds language requiring DSS and the Department of Education (DOE) to ensure that the Temporary Assistance for Needy Families (TANF) Virginia Initiative for Employment and Work (VIEW) mandated child care forecast is funded through a combination of general fund, TANF, and Child Care Development Fund (CCDF) grant dollars. Language also requires the amount of needed CCDF dollars be identified in the Memorandum of Agreement (MOA) between the agencies and transferred from DOE to DSS within the first 30 days of the fiscal year. Language also sets out the amount appropriated at DSS for VIEW mandated child care and requires the balance needed to be transferred from the CCDF grant at DOE.

## *Technical*

- ***Appropriate Federal Funds for Local Staff and Operations.*** Proposes an increase in the appropriation of federal funds of \$8.0 million each year to reflect federal pass-through funding to local departments of social services.
- ***Transfer Funding for Assisted Living Facility Screenings from DMAS.*** Proposes to transfer \$641,050 GF each year from DMAS for the cost of assisted living facility screenings conducted by staff of local departments of social services. Language also directs the Department for Aging and Rehabilitative Services to modify regulations to eliminate DMAS as the entity responsible for supporting these screenings.
- ***Transfer Funding for Virginia Case Management System (VaCMS) Medicaid Modifications from DMAS.*** Proposes to transfer \$300,000 GF each year from DMAS for the state portion of required modifications to the VaCMS for the Medicaid program.

### *Temporary Assistance to Needy Families (TANF) Block Grant Funding*

- ***Adjust Funding for Mandatory TANF Benefits.*** Proposes to increase spending on cash assistance provided to TANF recipients by \$1.7 million GF the first year and \$1.4 million GF the second year and reduce spending by \$17.7 million NGF the first year and \$2.6 million NGF the second year to reflect the spending forecast for TANF income benefits and TANF VIEW child care subsidies. TANF spending for mandated benefits has declined in recent years, with the exception of spending for low-income unemployed two-parent families, which has continued to rise during the pandemic. The introduced budget also includes one additional TANF spending allocation :
  - \$3.0 million NGF the second year to support the Federation of Virginia Food Banks.

These proposed actions will leave a TANF balance of \$47.8 million by the end of FY 2022.

- ***Fund Changes to the TANF Full Employment Program.*** Proposes \$600,000 NGF the first year and \$104,814 GF and \$2.5 million NGF and two positions the second year to fund changes to the TANF Full Employment Program, a subsidized employment program for TANF recipients. Changes will include an increase to the employee benefit, allowing participants to maintain their TANF benefits.

- **Alcoholic Beverage Control Authority**
  - ***Cost of Goods Sold.*** Proposes \$66.8 million NGF the first year and \$71.5 million NGF the second year to increase the authority's appropriation to purchase wholesale inventory for retail sale. This increase assumes 14 percent growth in sales in FY 2021 and 7 percent in FY 2022 over each prior year, which is above the average rate of 6.5 percent for fiscal years 2018-20. This amount reflects the goods required to meet the Part 3 net profit transfer amounts specified in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005); the chapter assumed higher net profit transfers but made no corresponding changes to the appropriation for costs of goods sold or merchandise inventory.
  - ***Human Resources Management System.*** Recommends \$10.7 million NGF and one position the second year for the authority to acquire a vendor-built human resources management system. The anticipated ongoing maintenance costs are \$1.6 million per year, starting in FY 2023. The authority also estimates additional depreciation expenses totaling \$1.3 million per year for over five years after procurement of the system, beginning in FY 2023.

- *Marijuana Regulation Treasury Loan.* A language amendment proposes an interest-free treasury loan of an unspecified amount for the authority to use for start-up costs related to regulation of a commercial marijuana market, in anticipation of 2021 Session legislation that would legalize adult marijuana use under ABC oversight. A JLARC report has estimated the annual cost for ABC regulation of the industry at \$7.0 million to \$9.0 million per year and would require between 85 and 105 additional staff.

- **Department of Corrections (DOC)**

- *Transfer Position from Department of Juvenile Justice (DJJ).* Proposes an increase of \$82,472 GF in the first year and \$104,780 GF in the second year and 1.0 FTE in order to transfer a position previously authorized under DJJ in support of the Beaumont Correctional Facility. Ownership of the Beaumont facility has been administratively transferred from DJJ to DOC. A corresponding amendment removes this funding and position from DJJ.
- *Inmate Medical Costs.* Recommends \$394,103 GF the first year and \$13.9 million GF the second year for expected increases in the cost of providing medical services to inmates. The proposed amendments are based on the following assumptions:
  - The calculations are based on the estimated cost for the department to provide in-house medical services using its own personnel in all facilities;
  - A 3.7 percent inflation rate increase for Anthem inpatient services and 2.7 percent growth in outpatient costs per year;
  - A 5.3 percent inflation rate increase in medical services costs; and
  - A 1.4 percent inflation rate increase for prescription drug costs.
- *GF Support for Drug Offender Assessment and Treatment.* Proposes \$500,000 GF each year to increase funding for the offender substance abuse screening and assessment program and probation and parole services. The program is generally supported by NGF revenues, which vary based on court fees collected for certain drug offenses.
- *Correctional Officer Bonus for Lawrenceville Correctional Facility.* Recommends \$78,046 GF in FY 2021 to provide correctional officers at the Lawrenceville Correctional a one-time \$500 bonus, in order to provide parity with bonuses provided in FY 2021 of Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) for correctional officers. The amounts are based on the bonus and associated Social Security and Medicare benefits for 145 officers. The officers at Lawrenceville were inadvertently left out of the calculation for the bonus, as that

facility is privately-managed and the staffing headcounts did not show up in the state data used to calculate the amendments for Chapter 56.

- ***Security Staff for VCU Health and Southampton Memorial Hospital Secure Medical Units.*** Two amendments propose additional security staff to support new secure medical units that will accommodate offsite medical services for the DOC population:
  - Almost \$1.0 million GF the second year and 14 positions to provide security for a new secure outpatient clinic at VCU's new medical building, scheduled to open spring 2021.
  - \$335,941 GF the second year and five positions to staff the secure ward at Southampton Memorial Hospital, which provides long-term care for individuals with chronic conditions.
- ***FTE for Earned Sentence Credits Funding Previously Authorized.*** A technical amendment recommends an increase in the department's authorized employment level of 74.00 GF positions in FY 2022 to support funding that is provided in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005) that will be used to hire community release staff, intake staff, counselors and academic instructors providing reentry services to offenders to be released pursuant to Chapters 50 and 52 of the 2020 Acts of Assembly, Special Session I (HB 5148/SB 5034) which authorize enhanced earned sentence credits for individuals serving a state responsible sentence. Chapter 56 provided funding to support these positions based on the fiscal impact statement that was provided at the time, but did not provide the authorized positions.
- ***State Support for Local and Regional Jail Renovation.*** Proposes \$1.6 million GF in the second year as the 25 percent state match for the following jail renovation projects approved by the Board of Local and Regional Jails: (i) security enhancements at the Virginia Peninsula Regional Jail, (ii) master control system upgrades at the Virginia Beach Correctional Center, and (iii) dormitory security upgrades at the Montgomery County Jail.
- ***NGF Appropriation for Chaplain Services.*** Recommends an increase of \$250,000 per year in NGF appropriation for chaplain services, supported by commissary revenues. Donations from other sources have declined during the pandemic.
- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces almost \$12.0 million GF the first year and \$23.7 million GF the second year from the department's budget to reflect approved budget reductions in Chapter 56 (2020 Special Session I). These reductions were originally unallotted in Chapter

1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I.

- ***Capital Outlay: Wastewater Treatment Plant Expansion.*** Recommends \$198,717 NGF the first year and \$3.0 million NGF the second year for an expansion of the wastewater treatment plant at the Virginia Correctional Center for Women, to be funded by Goochland County, based on an agreement between DOC and the county for DOC to provide additional treatment capacity to the county.

- **Department of Criminal Justice Services**

- ***Finance Positions.*** Recommends \$211,575 GF and two positions to increase finance personnel based on workload increases.
- ***Information Technology (IT) Personnel.*** Proposes \$492,088 GF and four positions to increase IT personnel to update and manage critical information systems.
- ***Restoration of Local Hate Crime Security Grants.*** Proposes \$1.5 million GF the second year to provide grants for localities to assist in implementing security measures to address vulnerabilities related to hate crimes. This funding was initially approved and unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30).
- ***NGF FTE Adjustment.*** Proposes an increase of two NGF positions in the department's authorized employment level to support federal grants.
- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces \$12.0 million GF the first year and \$10.4 million GF the second year from the department's budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I. The cuts predominantly relate to reductions in "HB 599" funding resulting from the downward revenue forecast adjustments subsequent to the passage of Chapter 1289. The second year amount is offset by the restoration for hate crime security grants detailed above.

- **Department of Emergency Management (VDEM)**

- ***Continued COVID-19 Response.*** Proposes \$42.0 million GF the first year and \$36.7 million GF the second year for VDEM to coordinate response and recovery efforts related to the COVID-19 pandemic. Recommends the following specific items under this funding (language provides that funding is not limited to these recommendations):

- \$31.1 million GF the first year and \$27.5 million GF the second year for the purchase, storage and distribution of personal protective equipment (PPE);
  - \$569,833 GF each year for operating the Joint Information Center, including broadcasting official press releases;
  - \$8.1 million GF the first year and \$6.7 million GF the second year for operation of the Emergency Operations Center; and
  - \$2.2 million GF the first year and \$2.2 million GF the second year for third-party support of the Health Equity Workgroup.
  - The language provides that VDEM may reallocate the funding among the prescribed purposes or for other purposes not identified, and must report on the use of the funds provided the first year and a plan for the use of the second year funding by August 15, 2021.
  - The Secretary of Finance reported that, as of December 16, 2020, VDEM has been allocated a total of \$173.1 million of the federal Coronavirus Relief Funding (CRF) and, as of the same date, the Department of Planning & Budget had authorized a total of \$152.4 million in CRF appropriation through budget execution transactions.
  - In addition to the CRF funding, a total of \$55.5 million in sum sufficient disaster authority (backed by GF) has been authorized to VDEM for the COVID-19 pandemic. An administrative decision brief directs that the sum sufficient will be spent after the CRF funding is exhausted.
  - Substantial additional federal funding is being made available for the purchase of personal protective equipment under the COVID relief Act signed on December 27, 2020.
- ***Fusion Center Analysts.*** Proposes \$237,772 GF in FY 2022 and two positions to add analyst personnel for the Virginia Fusion Center.
  - ***Finance and Procurement Personnel.*** Recommends \$233,454 GF and three GF positions and \$77,818 NGF and one NGF position the second year to support finance and procurement activities of the department.
  - ***Logistics Specialist.*** Proposes \$119,384 GF and one position the second year for a logistics specialist.
  - ***Incident Management Team and Emergency Operations Center (EOC).*** Proposes \$1.1 million GF and three positions the second year to support the department. Two of the positions are proposed for the Virginia Incident Management team, and one

for the EOC. One-time funding is also included in these amounts to upgrade the audio/visual equipment of the EOC.

- ***Communications Equipment.*** Recommends \$500,000 GF the second year to upgrade the radios that are used as a communications cache available to first responders.
- ***Health Equity Program Personnel.*** Proposes \$237,772 and two positions in NGF the second year for two equity emergency management analyst positions to support local governments participating in the Health Equity Program. The funding source is the COVID-19 Supplemental Emergency Management Performance Grant, which is available through FY 2022.
- ***Restoration of Funding for the Integrated Flood Observation Warning System (IFLOWS).*** Proposes \$1.0 million GF the second year to upgrade the IFLOWS system, which provides automated flood warning in areas of western Virginia that are prone to flash floods. This funding was initially approved and unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30).
- ***Distribute Budget Reductions from Central Appropriations to Agency Budgets.*** Reduces \$1.5 million GF in FY 2021 and \$1.0 million GF in FY 2022 from the department’s budget to reflect approved budget reductions in Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005). These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I. The second year reduction is reappropriated for the IFLOWS system described above.

- **Department of Fire Programs**

- ***Restoration of Funding for Information Technology (IT) Personnel.*** Proposes \$246,880 GF and two positions to restore funding for IT personnel. This funding

was initially approved and unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30).

- ***Restoration of Laboratory Equipment Maintenance Funding.*** Proposes \$368,000 GF in FY 2022 to cover cost increases in maintenance contracts for forensic testing laboratory equipment. This funding was initially approved and unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30).

These reductions were originally unallotted in Chapter 1289 of the 2020 Acts of Assembly (HB 30) and subsequently converted to budget reductions in the 2020 Special Session I.

- **Department of Juvenile Justice**

- **Department of State Police**

- ***Trooper Vehicles.*** Proposes \$9.5 million GF in FY 2022 to increase the agency’s base appropriation for routine replacement of trooper vehicles. According to the department, the trooper sedans are no longer an available option and the department has entered a contract to purchase SUVs at a \$13,092 higher per unit price than the previous vehicle. Furthermore, the agency plans to replace the vehicles at 100,000 miles, a change from the current replacement schedule at 130,000

miles. At the lower mileage turnover point, the agency would replace approximately 400 vehicles per year, an increase of about 50 vehicles per year.

- Includes funding for equipment, such as sirens and lights, which cannot be transferred from the sedans, at a cost of \$7,416 per vehicle.
- The department has an average of \$12.8 million GF per year in existing base funding spent on vehicle replacement and maintenance.

- *Distribute Budget Reductions from Central Appropriations to Agency Budgets.* Reduces \$448,711 GF in each year from the agency’s budget to reflect approved budget reductions in Chapter 56 (2020 Special Session I). These reductions were originally unallotted in Chapter 1289 (2020 Session) and subsequently converted to budget reductions in the 2020 Special Session. The introduced budget proposes to restore the second year reductions in the actions listed above.

- **Central Appropriations**

- **Department of Aviation**

- *Authorize Short-term Increase in Entitlement Funding.* Recommends language authorizing the Virginia Aviation Board to temporarily increase individual commercial airport entitlement funding by up to 20 percent based on demonstrated need and upon adoption of eligibility criteria developed by the Department. This action is intended to address the disparity of funding received by airports from the CARES Act.
- *Expand Governor's New Airline Service Incentive Fund.* Proposes language to expand the permitted uses of the Governor's New Airline Incentive Fund, established during the 2020 Session, to include retention of existing services at Virginia commercial airports. Currently, revenues in the Fund can only be used to support the marketing, advertising, or promotional activities by airlines that have committed to commencing new air passenger service in Virginia.

- *Adjust Federal Fund Appropriation.* Increases the Department’s appropriation of federal funding by \$205,555 NGF the second year to reflect additional anticipated federal grant funds.

- **Department of Motor Vehicles**

- *Indirect Cost Allocation Recovery.* Recommends language providing a temporary exemption to requirements that agencies recover statewide and agency indirect costs from federal grants until an agency-specific indirect cost plan can be developed.
- *REAL ID Implementation.* Continues authorization for 60.00 FTE in the second year to support implementation of the federal REAL ID program. The positions are supported by a one-time \$10.00 surcharge on federally compliant credentials approved during the 2019 legislative session. The program was anticipated to be fully implemented by October 2020, but the deadline was extended due to the COVID-19 pandemic.
- *Capital Outlay: Winchester Customer Service Center.* Recommends \$3.5 million NGF the second year in a separate authorization proposed in Capital Outlay to allow for the replacement of the existing customer service center in Winchester with a larger facility on the same parcel of land, enabling the agency to accommodate current customer needs.

- **Department of Rail and Public Transportation**

- *Western Virginia Intercity Rail Access.* Proposes a \$50.0 million GF appropriation the second year for the expansion of existing passenger rail service between Washington D.C. and Roanoke, with potential future service to the New River Valley. The proposed Intercity Passenger Rail Expansion along the US 29 and I-81 Corridors project would add an additional round-trip train serving Burke Center, Manassas, Culpeper, Charlottesville, Lynchburg and Roanoke; and extend Amtrak service to Christiansburg. The final project scope will include multiple components and improvements to the Norfolk Southern corridor parallel to the US-29 and I-81 corridors to support the additional passenger train service, and the total cost of these improvements is unknown at the current time. As introduced, the funding would not be directed to the Virginia Passenger Rail Authority, established in July 2020, and funded through a dedicated portion of Transportation Trust Fund of approximately \$97.0 million NGF annually. In addition to this funding request, at its meeting on December 18th, 2020, the Commonwealth Transportation Board requested the scoring and evaluation of a \$50.0 million request for SMART Scale funding of this project.

- *Temporarily Delay Local Transit Strategic Planning Process.* Proposes language directing the Commonwealth Transportation Board to delay requirements that urban transit agencies and the Washington Metropolitan Area Transit Authority develop agency strategic plans as a requirement for receipt of state funding support.

- **Department of Transportation**

- *Multi-Use Trail Program.* Proposes a one-time appropriation of \$5.0 million GF the second year to support the planning, development, and construction of multi-use trails across the Commonwealth with priority given for new trails with a total length in excess of 35 miles. The Department has recently completed the planning study for the approximately 50-mile Eastern Shore Rail to Trail project along the abandoned Bay Coast Railroad and has applied for \$20.2 million in SMART SCALE funding. The total cost estimate for this project is approximately \$43.0 million, or \$875,000 per mile.
- *Adjust Appropriations to Reflect Adopted FY 2020-25 Six-Year Financial Plan.* Recommends a decrease to the VDOT NGF appropriation of \$281.0 million the first year and an increase of \$222.8 million the second year to reflect the assumptions included in the Commonwealth Transportation Board’s Six-Year Financial Plan adopted last June.
- *Adjust Appropriations to Reflect Revised Revenue Estimates and Program Adjustments.* Increases the VDOT NGF appropriation by \$177.7 million the second year to reflect the November 2020 Commonwealth Transportation Fund revenue forecast.
- *Establishes I-81 Corridor Program Debt Service Account.* Included in the amounts proposed to reflect the new Six-Year Plan is the creation of a new I-81 Corridor Debt Service program fund and dedicates \$6.6 million in NGF revenues to the fund. Omnibus transportation funding legislation passed in 2020 Session authorized the issuance of up to \$1.0 billion in debt to initiate construction of \$2.2 billion of identified improvements along the corridor. Debt service would come from dedicated gas tax revenues collected along the I-81 corridor.
- *Authorize Property Transfer to Norfolk Southern.* Proposes to authorize the Commissioner of Highways to convey by deed without consideration a permanent easement of VDOT right of way adjacent to Holt Street and Park Avenue under Interstate 264 in Norfolk to the Norfolk Southern Railway Company.
- *Adjust Appropriations to Reflect Prior Year Recovery Revenue.* Increases VDOT’s nongeneral fund appropriation by \$215.5 million the first year and \$279.6 million the second year to reflect a revision to federal and dedicated special revenue processing procedures at the request of the Department of Accounts. In addition to

existing federal and bond revenue funded programs, the language is expanded to include Interstate 81 Corridor Improvement Program, Interstate Operations and Enhancement Program, as well as concession funds from the Interstate 95 Express Lanes and Interstate 66 Outside-the-Beltway Project Agreements. This technical “clean-up” does not result in any additional revenues to the department.

- *Special Structures Program.* Proposes to bifurcate the current Special Structures program to construction and maintenance subprograms and allocates \$5.0 million in the second year to the maintenance account.

- **Virginia Port Authority**

- *Waterway Maintenance Fund.* Recommends a technical correction to accurately reflect the accounting of \$1.5 million in annual funding for the Waterway Maintenance Fund as dedicated special revenue.

- **Compensation Supplements**

- *Provide Funding for Employee Bonuses.* Recommends \$97.8 million GF the second year to provide one-time bonus payments to state employees and state-supported local employees, effective September 1, 2021. The appropriation would provide a \$1,500 one-time bonus payment to state employees, a one-time \$750 bonus payment to adjunct faculty at institutions of higher education, and a one-time bonus payment to state-supported local employees equal to 1.5 percent of their base salaries. A separate amendment under Direct Aid to Public Education proposes \$80.1 million GF for the state's share of a 2 percent one-time bonus payment for SOQ funded instructional and support positions.

Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), included language directing the Governor to include in his introduced budget for the 2021 Session, 97.8 million for the bonuses contingent upon FY 2021 year-end revenues meeting or exceeding the forecast. Language also provided that the Governor include a salary incentive in his introduced budget for the 2021 Session for SOQ funded instructional and support positions if there is no downward revision in the

revenue estimate for FY 2022, and there is sufficient revenue to also provide the bonuses for state and state-supported local employees.

- **Adjustments to Employee Benefits**

- *Adjust Funding for Health Insurance Premium Costs.* Proposes reducing by \$955,401 GF the second year the projected increase for the state’s share of employee health plan premiums, based on adjustments to contractually determined rates for the two fully insured health plans, Optima Health and Kaiser Permanente. While the most recent actuarial report projected health insurance costs would increase 6.4 percent, current balances in the health insurance fund and lower member utilization is expected to absorb half of the projected increase. Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), reduced health plan premium funding by \$20.6 million the second year, equivalent to a 3.35 percent increase, due to lower healthcare utilization and sufficient health insurance fund balances.

- **Distributed Agency Support**

- *Adjust Funding for Workers’ Compensation Premiums.* Recommends a reduction of 453,376 GF the second year to reflect the adjustment in workers’ compensation premiums, based on the most recent actuarial report.
- *Adjust Funding for Line of Duty Act (LODA) Premiums.* Proposes a reduction of 413,986 GF each year to reflect a change in the Line of Duty Act (LODA) premiums charged to state agencies based on the most recent enrollment data.

- **Funding Information Technology Applications**

- *Adjust Funding for Agency Information Technology Costs.* Recommends \$6.1 million GF the first year and \$20.7 million GF the second year to reflect the adjustment in the general fund share of information technology costs for agencies based on the latest utilization estimates provided by the Virginia Information Technologies Agency (VITA) and proposed rates for FY 2022.
- *Repay Line of Credit for Agency Virtualization and Cloud-Readiness.* Proposes \$2.2 million GF the first year for additional funding to repay the Virginia Information Technologies Agency (VITA) line of credit for agencies’ expected virtualization and cloud-readiness activities. Chapter 1289 of the 2020 Acts of Assembly (HB 30), provided \$2.5 million GF the first year for this purpose. This proposal would bring the total appropriation to \$4.8 million GF. Chapter 854 of the 2019 Acts of Assembly (HB 1700) authorized agencies to draw from VITA’s line of credit to pay the costs of certain agencies for cloud migration activities, as recommended by the Chief Information Officer, and subject to approval by the Secretaries of Finance and Administration.

- *Adjust Funding for Cardinal Financials Agency Charge.* Recommends \$340,252 GF the first year and \$328,305 GF the second year to make a correction in the agency allocation of costs for the general fund share of internal service fund charges for the Cardinal Financials System.

- **Special and Unanticipated Expenditures**

- *Provide Funding for Expungement Legislation.* Recommends \$5.0 million GF the first year and \$20.0 million GF the second year to support legislation related to the expungement of criminal records, including but not limited to the automatic expungement of misdemeanor marijuana records.
- *Provide Additional Funding for the Cost of Proposed Legislation.* Recommends \$5.0 million GF the second year to cover the cost of potential legislation enacted by the General Assembly not otherwise provided. Chapter 56 of the 2020 Acts of Assembly, Special Session I (HB 5005), provided \$3.0 million GF each year in contingency funding for costs associated with criminal justice reform legislation approved in the Special Session I not otherwise included in the Appropriation Act.
- *Add Funding for Slavery and Freedom Heritage Site.* Proposes \$9.0 million GF the second year for funding to be made available to the City of Richmond (City) for the planning and development of the Slavery and Freedom Heritage Site and improvements to the slave trail. Chapter 3 of the 2014 Acts of Assembly, Special Session I (HB 5010) contained \$2.0 million GF for the City for this purpose, contingent upon the dedication of contiguous land and \$5.0 million in local matching funds. Chapters 1 and 2 of the 2018 Acts of Assembly, Special Session I (HB 5001/HB 5002) provided a total of \$2.0 million in anticipated project expenditures, and language directing the re-appropriation of unexpended general fund balances as of June 30, 2019. Language also required the City Council pass a resolution and commitment to the project and local matching funds of at least \$5.0 million prior to the receipt of state funds, and that the City is eligible for up to \$9.0 million, or 25 percent of the total project costs, when improvement construction has been completed. The funding largely represents a reappropriation of funds that previously required the City to satisfy the local matching requirement.
- *Provide Funding for Inauguration and Transition Offices.* Proposes \$2.7 million GF the second year to fund transition offices and inauguration costs for statewide elected offices associated with the 2021 elections for Governor, Lieutenant Governor and Attorney General.
- *Add Funding for Virginia Emancipation and Freedom Monument.* Recommends \$100,000 GF the first year to cover the cost of soil sampling associated with the construction of the Virginia Emancipation and Freedom Monument.

- *Adjustments for the Distribution of CARES Act Funds.* Proposes adjustments for the total allocation of Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. 116-136) funds for state agencies and localities. Recommendations include language providing the Governor authority to shift and reclassify unspent funds to other qualifying expenses, if federal guidelines allow, for unspent funds after December 30, 2020, but prior to the required return of such funds. If after such shift and reclassification of funds, any unspent funds shall be transferred to the Unemployment Compensation Fund, and the final disposition of such unspent funds shall be reported to the Chairs of House Appropriations and Senate Finance & Appropriations Committees within 30 days of the completion of the transactions.
