

Report of the Subcommittee on  
Public Safety

Senate Finance &  
Appropriations Committee  
Virginia General Assembly

February 10, 2021

**Report of the Subcommittee on Public Safety**  
**The Honorable Louise L. Lucas, Chair**  
**February 10, 2021**

Madam Chair and Members of the Committee:

The Public Safety Subcommittee has reviewed the Governor's proposed budget for the agencies of Public Safety and Homeland Security and Veterans and Defense Affairs. Overall, the Subcommittee adopts many of the proposals in the introduced budget and recommends additional amendments that result in a net total of \$15.1 million in general fund support for these agencies over the biennium.

The major focus of the Subcommittee has been reviewing the impact of criminal justice reforms, marijuana legalization, and expungement of police and court records. The long-term impact of the prohibition on recreational marijuana use has had a profound impact on minority communities. High levels of incarceration and criminal record histories have limited options for individuals in the job market and their ability to better themselves and support their families. To that end, \$35.0 million in general fund support has been maintained in Central Appropriations and the Public Safety budget to fund up to \$3.5 million for initial operating costs of legislation to create the Virginia Cannabis Control Authority and the implementation costs of expungement legislation.

While balancing criminal justice reform, the Subcommittee realizes the importance of the State Police and the critical need to attract and retain the best and most well-qualified state troopers. The State Police have nearly 300 vacant trooper positions and many current troopers are eligible to retire this year. To that end, the Subcommittee recommends fully funding a compensation plan for the State Police with the passage of Senate Bill 1211

which increases the motor vehicle registration fee by \$4.00 effective July 1<sup>st</sup>. This is an appropriate funding source considering the role the State Police have in patrolling our highways. The revenue from this increase will provide \$28.5 million to fund the compensation plan for state troopers in fiscal year 2022.

In addition, the Virginia Department of Emergency Management continues to play a major role in the state's response and recovery efforts due to the COVID-19 pandemic. The Subcommittee proposes adopting funding of \$42.0 million in fiscal year 2021 from the federal Coronavirus Relief Fund and \$36.9 million in general fund in fiscal year 2022 to purchase personal protective equipment, to coordinate communication and disaster operations, and to support the health equity workgroup.

Other general fund recommendations include an additional \$14.3 million for inmate medical costs at the Department of Corrections, \$7.2 million to fund State Police vehicle replacements, \$6.4 million for the State Police transition into the state's information technology environment, and \$1.7 million for security enhancements at Bon Air Juvenile Correctional Center.

The Subcommittee also recommends \$2.5 million from the general fund in fiscal year 2022 to continue funding support of local government efforts in upgrading emergency shelters to ensure preparation for future natural disasters.

In closing, I would like to thank the members of the Public Safety Subcommittee for their collaboration and assistance in developing this report.

Madam Chair, this concludes the Public Safety Subcommittee report. I hope it will be the pleasure of the Committee to adopt our amendments.

Respectfully Submitted,
