# **EXECUTIVE SUMMARY**

#### **CHANGES IN RESOURCES**

- HB 29, or the "Caboose Bill", increases General Fund Resources for FY 2024 by \$1,954.0 million compared to the resources included in Chapter 1. The increase in the resources is driven by an increase in the revenue forecast of \$1,363.4 million and a \$511.2 million increase in additions to balance.
- The increase in the additions to balance is driven by the reversion of discretionary FY 2023 year-end unexpended balances of \$513.0 million.
- The increases in revenues is driven by an adjustment to the base forecast of \$13,28.4 million based on the updated GACRE forecast. The increase in the FY 2024 forecast is the result of higher than projected FY 2023 revenues providing a significantly higher base for FY 2024. Actual FY 2023 revenues were \$1,450.3 million higher then the forecast from December of 2022 for FY 2023.
- Additionally, HB 29 includes \$79.4 million in additional transfers to the General Fund compared to Chapter 1.

## RESOURCES

The proposed amendments to the 2022-24 budget (HB 30) include \$1,954.0 million in general fund resources above those assumed in Chapter 1, 2023 Special Session I. These resources include: (1) \$1,363.4 million upward revision to the general fund revenue forecast; (2) increases in general fund transfers totaling \$79.4 million; and, (3) positive net balance adjustments totaling \$551.2 million. With these adjustments, general fund resources and transfers in FY 2024 total \$32.0 billion, including the assumed FY 2021 carryforward contained in Chapter 1 of \$10.9 billion.

The net balance, or unappropriated balance, in HB 29 as introduced is \$2,353.8 million which is carried forward and used at the starting point for HB 30.

2

| GENERAL FUND RESOURCES<br>(\$ IN     | AVAILABLE F<br>MILLIONS) | OR APPROPR | IATION           |
|--------------------------------------|--------------------------|------------|------------------|
|                                      | Chapter 1                | HB 29      | Difference       |
| Adjustments to Balance Forward       | \$10,930.6               | \$10,930.6 | \$0              |
| Additions to Balance                 | (7,126.1)                | (6,614.9)  | 511.2            |
| Revenue Forecast                     | 26,369.3                 | 27,732.7   | 1,363.4          |
| Transfers                            | (129.8)                  | (50.4)     | 79.4             |
| Total GF Resources                   | \$30,044.0               | \$31,998,0 | \$1,954.0        |
|                                      |                          |            |                  |

| HB 29 GF Resources Available for App | propriation              |            | \$1,961.3        |
| HB 29 Net Spending Amendments        |                          |            | <u>(\$392.5)</u> |
| Beginning Balance for 2024-26 Bienr  | nium                     |            | \$2,353.8        |

#### **CHANGES IN GENERAL FUND REVENUES**

FY 2023 general fund revenue collections exceeded the forecast of FY 2022 from December of 2022 by \$1.45 billion. The FY 2023 surplus was driven by nonwithholding which exceeded its forecast by \$1.54 billion. FY 2023 actual revenue collections were \$27.9 billion and total revenue projections assumed in Chapter 1 for FY 2024 total \$26.4 billion, thus revenues for FY 2024 could decrease by 5.5% and still meet the Chapter 1 assumption.

Through November, year to date revenue collections growth is 9.1% with strong growth in nonwitholding, corporate, and interest income (included in "all other"). The official GACRE forecast does assume a mild recession beginning in the 4<sup>th</sup> quarter of FY 2024, but driven largely by strong year-to-date revenue growth the revised GACRE forecast provides an additional \$1,328.4 million in revenue for FY 2024. In addition, the introduced budget includes an explicit adjustment to recognize \$35.0 million in revenues from the offshore wind agreement. The updated forecast still assumes an overall decrease of 0.6% in FY 2024 revenues compared to FY 2023.

| FY 2024 ES          | TIMATE OF GF R<br>(\$ IN MILL) |                       | OURCE                         |

| Sales               | 4,515.8                        | -4.6%                 | -0.6%                         |
| Insurance           | 425.6                          | -1.2%                 | N/A                           |
| Wills (Recordation) | 446.3                          | -1.0%                 | -20.1%                        |
| All Other           | <u>1,615.4</u>                 | <u>26.3%</u>          | 38.8%                         |
| Total GF Revenues   | \$27,732.7                     | -0.6%                 | 9.1%                          |

#### **CHANGES IN NET BALANCE**

The increase in the additions to balance is driven by the reversion of discretionary FY 2023 year-end unexpended balances of \$513.0 million. Other adjustments to the balance are 1.) a \$6.7 million reduction in the balance due to charges against the Sum Sufficient Appropriation for Natural Disaster Relief and 2.) A \$5.0 million increase from the reversion of unexpended capital funding for small dredging projects under the Port of Virginia.

#### **CHANGES TO TRANSFERS**

Proposed transfer adjustments in HB 29 increase total net transfers to the general fund by \$79.4 million. Proposed adjustments include a \$29.4 million increase in the estimated sales tax transfer for K-12 education based on an overall increase in the sales tax forecast and an additional \$20.5 million in ABC profits. Additionally, the budget reverts excess funding of \$41.8 million included in Chapter 1 for the 2023 individual income tax rebates. Offsetting the net increase is a proposal to eliminate the transfer to the general fund from the Health Department's Emergency Medical Services program.

| PROPOSED CHANGES TO TRANSFERS<br>(\$ IN MILLIONS)       |        |
|---|--------|
| Sales Tax Transfer for K-12                             | \$29.4 |
| ABC Profit Transfers                                    | 20.5   |
| Revert Excess 2023 Tax Rebate Funding                   | 41.8   |
| Eliminate Transfer to the General Fund from VDH for EMS | (12.5) |
| Other Misc. Transfers                                   | 0.2    |
| Total Adjustments to Transfers                          | \$79.4 |

## **ADMINISTRATION**

#### **COMPENSATION BOARD**

- Recognize projected savings from jail inmate per diems. Includes a reduction of \$15.0 million GF the second year in jail inmate per diem payments. Remaining GF appropriation is anticipated to be sufficient based on recent jail population estimates. This is an on-going savings item based in a large reduction in the number of state-responsible inmates being housed in local and regional jails. The savings are repeated in HB 30 in both FY 2025 and FY 2026.
- Recognize savings from jail closures. Proposes a reduction of \$2.2 million GF the second year to reflect the closures of Bristol City Jail in 2023 (\$1.5 million) and Hampton Roads Regional Jail in April 2024 (\$776,393, reflecting two months of savings). The per diem amounts previously covered personnel and operations at the two jails.

# AGRICULTURE AND FORESTRY

#### DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

 Virginia Spirits Promotion Fund. Includes \$1.2 million GF in FY 2024 for deposit in the Virginia Spirits Promotion Fund, reflecting a portion of tax revenues collected by sales of Virginia-produced spirits.

#### **DEPARTMENT OF FORESTRY**

• **Charlotte State Forest Tharpe Tract.** Includes \$740,000 NGF in FY 2024 from federal and nongeneral funds to support the expansion of Charlotte State Forest through the purchase of the 232 acre Tharpe Tract.

# COMMERCE AND TRADE

#### **ECONOMIC DEVELOPMENT INCENTIVE PAYMENTS**

- New Language for Virginia Business Ready Sites Acquisition Fund. Authorizes the Director of Department of Planning and Budget to transfer money from the Virginia Business Ready Sites Acquisition Fund to purchase property on the Eastern Shore.
  - Transactions from the Virginia Business Ready Sites Acquisition Fund require review by the MEI Commission. As of this publication, this purchase has not been reviewed by MEI

#### FORT MONROE

 Additional Funding for First Landing of Africans at Point Comfort Memorial. Adds \$2.5 million in FY 2024 to compete the construction of a permanent monument at Point Comfort in Fort Monroe commemorating the first landing of Africans in Virginia.

#### PART 5

- Creates the Virginia Sports and Entertainment Authority. Includes legislation proposing the creation of the Virginia Sports and Entertainment Authority for the purpose of issuing debt to develop an arena, concert venue, parking facility, and headquarters at Potomac Yards in Alexandria, Virginia for the relocation of the Capitals, and Wizards sports teams to the state.
  - Allows for the Authority to capture state revenues associated with the development to pay for its operating costs and debt associated with the project
  - Proposes allowing the Authority access to state sales, personnel income, and businesses taxes. Historically, Virginia has only authorized the recapture of state sales tax for similar projects

- Requires the team to enter into a long-term lease agreement for the property at least equal to the bond term
- Allows the state to receive excess revenues from the project at the discretion of the Authority

# EARLY CHILDHOOD AND K-12 EDUCATION DIRECT AID TO PUBLIC EDUCATION

Routine technical updates decrease Direct Aid funding by \$193.2 million total. This reflects \$282.7 million GF in savings primarily from lower enrollment projections and a decrease in the sales tax forecast, offset by an \$89.5 million NGF increase in expected lottery proceeds. No policy changes are made in the Caboose bill, the reductions simply reflect the current demographics of fewer school aged children.

- Lottery Proceeds. The Lottery proceeds forecast results in an additional \$89.5 million NGF and general fund savings of the same amount.
- Sales Tax Revenue Forecast. Lowers the K-12 sales tax projection by \$305.3 million, increasing the state's share of basic aid, resulting in a net decrease of \$71.4 million GF.
- Update Student Enrollment & Characteristic Data. Saves \$121.2 million, reflecting lower than anticipated enrollment and actual program participation data.

# **HIGHER EDUCATION**

• State Match of Federal Funds. Increase state appropriation to maximize federal funds as part of the 1890 Land Grant Institution program.

# FINANCE

#### TREASURY BOARD

 Adjust Funding for Debt Service Payment. Includes savings of \$21.4 million GF and \$257,203 NGF the second year for anticipated debt service payments on bonds issued by the Virginia Public Building and College Building Authorities.

# HEALTH AND HUMAN RESOURCES

#### CHILDREN'S SERVICES ACT

 Fund Mandatory Caseload and Cost Increases. Proposes \$36.4 million GF in FY 2024 to fund estimated growth in services provided through the Children's Services Act. Cost increases are expected due to increased caseload and rate increases. Caseload increased by 3.7% in FY 2023 from 14,489 to 15,032, while expenditures increased 9.2 percent from FY 2022 to FY 2023. The expenditure forecast for FY 2024 projects a growth of 7.0 percent. While growth in children placed in private day special education slowed during the COVID-19 pandemic, the caseload and cost per child are rising again. The expenditure forecast also reflects rate increases in foster care maintenance rates and psychiatric residential treatment facility rates.

#### **DEPARTMENT OF HEALTH**

- Exempt Part 3 GF Transfer for Emergency Medical Services. Adds language in Part 3 which exempts a general fund transfer of \$12.5 million in FY 2024 from the additional \$2.00 annual registration fee on motor vehicles imposed during the Great Recession. This funding shall be available for emergency medical services as prescribed by the Code of Virginia and the Appropriation Act. The language for the exemption continues in HB 30 for FY 2025 and the transfer will resume in FY 2026.
- Modify ARPA Appropriation and Language for Administrative Systems. The introduced budget proposes language in Central Appropriations to modify the agency's use of appropriated American Rescue Plan Act (ARPA) funding to provide flexibility for the procurement and deployment of administrative systems and software. Current language restricts the funding for systems and software for use in responding to future emergencies.

#### DEPARTMENT OF MEDICAL ASSISTANCE SERVICES

#### **Expenditure Forecasts**

Medicaid Utilization and Inflation. The introduced budget proposes a decrease \$125.9 million GF and \$226.0 million NGF in FY 2024 to fund the most recent forecasted costs of utilization and inflation in the Medicaid program. Expenditures in the program are expected to decline by 4.0% in FY 2024, primarily due to reduced utilization of services and lower managed care rates.

- Adjust Virginia Health Care Fund Appropriation. The introduced budget adds \$28.5 million GF and decreases \$28.5 million NGF in FY 2024 to reflect the latest revenue estimate for the Virginia Health Care Fund (VHCF). The VHCF revenues are used as a portion of the state's match for the Medicaid program. As revenues decline, more general fund dollars are needed to provide the state match for the Medicaid program. The VHCF revenue is projected to decline in FY 2024 by \$19.4 million in tobacco tax revenues, based on the Department of Taxation's revised forecast, and by \$9.0 million in pharmacy rebates.
- Family Access to Medical Insurance Security (FAMIS) Program Utilization and Inflation. Includes an increase of \$1.1 million GF and \$9.2 million NGF in FY 2024 to fund the revised utilization and inflation costs of the FAMIS program. Expenditures in the program are expected to increase 4.6% in FY 2024. Caseload is expected to grow as some children who may lose coverage for the Medicaid Children's Health Insurance Program (M-CHIP) as their eligibility is redetermined in the post Public Health Emergency period and they become eligible for the FAMIS program. FAMIS covers children ages 0 to 18 living in families with incomes between 133% and 200% of the federal poverty level.
- Medicaid Children's Health Insurance Program (M-CHIP) Utilization and Inflation. Proposes a reduction of \$10.8 million GF and \$15.1 million NGF in FY 2024 to fund the utilization and inflation costs of the Medicaid CHIP program. The Medicaid CHIP program provides services for Medicaid-eligible low-income children, ages 6 to 18, living in families with incomes between 100% and 133% of the federal poverty level. The projected savings is due to a declining number of children in the program, as Medicaid eligibility redetermination is complete. A number of 21-year-old youths were served in the Medicaid CHIP program during the Public Health Emergency and are expected to be moved into other Medicaid eligibility categories, become eligible for the FAMIS Program, or be eligible for health care coverage through the Health Insurance Exchange.
- Medical Services for Involuntary Mental Commitments. Proposes a reduction of \$3.6 million GF in FY 2024 to reflect the estimated cost of hospital and physician services for persons subject to an involuntary mental commitment. The most recent forecast of expenditures projects lower costs than previously estimated.

#### DEPARTMENT OF BEHAVIORAL HEALTH AND DEVELOPMENTAL SERVICES

 Reduce Funding for Permanent Supportive Housing. Removes \$10.0 million GF in fiscal year 2024 for permanent supportive housing that was included in Chapter 1, 2023 Special Session I.

#### **DEPARTMENT OF SOCIAL SERVICES**

- Fund SNAP Overissuance Settlement Agreement. Includes \$2.3 million GF to meet the terms of a settlement agreement with the federal government due to a benefits overissuance in fall of 2021.
- Fund Income Verification for Public Benefits Contract Increase.
   Recommends \$1.5 million GF to fund the increasing costs of the renewal of the income verification for benefits contract.
- Adjust Child Welfare Forecast. Proposes to reduce \$2.1 million GF and \$6.4 million NGF to adjust funding for the cost of providing foster care and adoption subsidy payments based on recent expenditure trends and the impact of child welfare policy changes.
- Adjust Funding for TANF Grant Shortfall. The introduced budget proposes reducing the federal TANF block grant funding by \$500,000 NGF to reflect the removal of funding for the following three organizations that have not responded to requests to enter into contracts to receive TANF grants for several years:
  - Family Restoration Services in Hampton
  - Portsmouth Volunteers for the Homeless
  - Menchville House

# NATURAL AND HISTORIC RESOURCES

#### SECRETARY OF NATURAL AND HISTORIC RESOURCES

 Flood Resilience Strategies. Proposes \$500,000 GF in FY 2024 to support the development of strategies and policies for implementing flood resilience across the Commonwealth. A corresponding amendment transfers this amount from the Secretary of Public Safety and Homeland Security.

#### **DEPARTMENT OF CONSERVATION AND RECREATION**

- SWCD Technical Assistance Funds. Proposes language authorizing the Soil and Water Conservation Board to utilize previous years' unobligated cost-share funds to provide technical assistance funding to Virginia Soil and Water Conservation Districts at a rate no higher than the technical assistance rate percentage funded in the current Appropriation Act.
- **Transfer Dam Rehabilitation Funds.** Proposes the shift of capital appropriation for soil and water conservation district dam repairs to the operating appropriation for soil and water conservation district dam repairs.

#### DEPARTMENT OF ENVIRONMENTAL QUALITY

 Water Quality Funding Flexibility. Proposes language amendment to authorize the use of water quality funding toward municipal separate storm sewer system (MS4) localities.

#### **DEPARTMENT OF HISTORIC RESOURCES**

 Modify BIPOC Fund Language. Includes a technical change to the language included in Chapter 1 (2023 Spec. Sess. 1) to align eligibility to receive grants from the Black, Indigenous, and People of Color (BIPOC) Preservation Fund to language included in the Appropriation Act with the relevant sections of the *Code of Virginia*.

# PUBLIC SAFETY AND HOMELAND SECURITY

#### SECRETARY OF PUBLIC SAFETY AND HOMELAND SECURITY

 Transfer Flood Control Study Appropriation. Proposes the transfer of \$500,000 GF in FY 2024 to the Secretary of Natural and Historic Resources to develop strategies and policies for implementing flood resilience across the Commonwealth.

#### **DEPARTMENT OF CORRECTIONS**

• Lawrenceville Correctional Center. Includes \$5.3 million GF in FY 2024 for the Department to begin transition of Lawrenceville Correctional Center from a contractor operated facility to a state-run prison.

# **VETERANS AND DEFENSE AFFAIRS**

#### **DEPARTMENT OF MILITARY AFFAIRS**

 Offshore Wind Project Legal Costs. Includes \$321,000 GF in FY 2024 for legal fees and costs associated with the Dominion Coastal Virginia Offshore Wind project Deed of Easement and Cable Landing Agreement.

# **CENTRAL APPROPRIATIONS**

#### HIGHER EDUCATION INTERSET EARNINGS AND REBATES

 Adjust Appropriation to Reimburse Higher Education Institutions for Interest Earnings and Credit Card Rebates. Includes \$3.2 million GF and \$8.6 million NGF to reflect the updated estimates of reimbursements to the institutions for interest earnings and credit rebates. The updated estimates for FY 2024 are \$7.9 million GF and \$12.1 million NGF.

#### AMERICAN RESCUE PLAN ACT FUNDS

 Direct ARPA to Early Childhood Education. Reverts \$39.0 million in unused previously appropriated American Rescue Plan Act Funds and invests them in early childhood education efforts.
