SENATE FINANCE &
APPROPRIATIONS COMMITTEE

SENATE OF VIRGINIA

Senate Finance & Appropriations Committee

Report of the General Government Subcommittee

The Honorable Scott A. Surovell, Chair

February 2, 2025

Madam Chair and Members of the Committee,

The General Government Subcommittee has reviewed the provisions of Senate Bill 800 that fall under its purview. The areas contained within the General Government Subcommittee include compensation, retirement, and a variety of agencies across the executive, legislative, and judicial branches.

The Commonwealth's public workforce is vital for providing high-quality and efficient services to Virginians. Recognizing the importance of retaining the state workforce, the Subcommittee recommends \$83.1 million GF to provide a one and one-half percent bonus to state employees, state-supported local employees, and full-time faculty. The bonus will be included in the June 16, 2025, paycheck and is in addition to the three percent salary increase included in the budget adopted last year.

The Subcommittee adopts the \$131.0 million GF for the replacement of the Department of Taxation's core tax processing system. A modern system will improve the taxpayer experience, enhance revenue collections, and minimize system failure and cybersecurity risks. In addition, the new system will allow the Commonwealth to offer an electronic filing option for all Virginians.

Additionally, the Subcommittee is recommending investments in the Commonwealth's judicial system, which is critical for ensuring fairness and due process for our citizens. The Subcommittee report includes \$6.7 million GF to support implementation of criminal record sealing for individuals with lower-level offenses and \$1.0 million GF is included to increase

payment for guardians ad litem, who represent the best interests of children and other vulnerable individuals in court.

As I conclude, I would like to thank the members of the Subcommittee for the time they invested in putting this report together. With that, I hope it will be the pleasure of the Committee to adopt the Subcommittee's amendments.

Respectfully Submitted,

The Honorable Scott A. Surovell, Chair

The Honorable David W. Marsden

The Honorable Adam P. Ebbin

The Honorable Jeremy S. McPike

The Honorable Todd E. Pillion

Localities shall utilize such funding to supplement, not supplant, local funds provided for salaries of Commonwealth's Attorneys and their employees."

Explanation:

(This amendment provides \$1.6 million GF the second year to Commonwealth's Attorneys' offices to support increased workloads. Funding is sufficient to cover 68.0 additional Assistant Commonwealth's Attorneys, prorated for a start date of March 1, 2026, to align with the July 1, 2026, effective date in Senate Bill 1466, as it passed the Senate Finance and Appropriations Committee. Language requires offices to use this funding to supplement, not supplant, local funds provided for Commonwealth's Attorneys and their employees.)

Explanation:

(This amendment reduces \$25.0 million GF the first year and \$47.0 million GF the second year for the Commonwealth Health Reinsurance Program. In addition, \$20.0 million from the FY 2024 GF balance is also reverted to the general fund. The federal

awards for the program have exceeded projections reducing any state funding required in this biennium. This action leaves \$20.0 million GF for any potential future state costs.)
